The Strait of Hormuz crisis keeps getting worse

The New York Times, March 13, 2026

EVENT

Multiple commercial ships were attacked in the Persian Gulf this week, including two oil tankers that were set ablaze off the Iraqi coast early Thursday. A total of at least 16 commercial ships, including 10 oil tankers, have been attacked in the Persian Gulf since the Iran War began. Despite efforts by the U.S. and others to address the crisis, **the vital Strait of Hormuz, through which 20 percent of the world's oil supply is moved, remains effectively closed.** The war continues to have a dramatic impact on the shipping and oil industry, as well as on the global oil market. Iran's new supreme leader has announced that the strait will remain closed, and the regime has not only repeatedly targeted ships in the Persian Gulf, including with seaborne drones, but is also reportedly mining the strait as well. The Pentagon is reportedly sending the amphibious assault ship USS Tripoli and 2500 Marines from the 31st Marine Expeditionary Unit to join the war

COMMENT

The war in the Middle East is creating the largest disruption to crude supplies **in the history of the global oil market**, the International Energy Agency said this week. The closure of the Strait of Hormuz by Iran threatening to attack tankers as they pass through has pushed oil prices up to over \$100 a barrel. America has promised to escort ships through, but so far they haven't done so as the "circumstances aren't yet right"! The impact of this isn't just felt by those who use the oil directly from this area like China and India – the impact is felt worldwide as everyone suddenly has to pay more for energy. It is like a blocked artery in your body – every part of your body is impacted. The Bible speaks of this exact scenario happening. Isaiah 21 says that Iran will BESIEGE – "block militarily" the Persian Gulf which then brings about a terrible time of trouble....

BIBLE QUOTE

The burden of the desert of the sea. As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and the spoiler spoileth. **Go up, O Elam [Iran] : besiege, O Media [Iran];** all the sighing thereof have I made to cease. **Go up and besiege means to blockade militarily.** (Isaiah 21:1-2)

As Ayatollah's son takes power, what does this mean for peace?

The Times, March 8, 2026

EVENT

The appointment of Mojtaba Khamenei as Iran's next supreme leader signals that the Islamic Revolutionary Guard Corps maintains its iron grip over the country, dashing hopes of accommodation with the West. The elevation of Khamenei, 56, points to the promotion of securitarianism over clerical authority, making the regime's acceptance of President Trump's demands ever more unlikely. The second son of the late Ayatollah Ali Khamenei is well versed in the business of internal repression, having taken control of the Basij, the Revolutionary Guard's volunteer militia, during the 2009 anti-government protests, which ended the reformist Green Movement and what existed of mainstream opposition within Iran. Critically, **his ascension would solidify Iran's intentions not to bow to western demands, signaling the grip the Guards enjoy and heralding an increasingly militarised future for the regime.**

COMMENT

Two weeks ago in the WWW we said that if the leadership were removed by America during this war then we would expect another regime to arise exactly the same as the one in place now... why? Because we know that ultimately Iran will join forces with Russia to invade Israel in the (not too distant?) future. Which means it is highly unlikely this war will rid Iran of the terrorist, anti Israel, pro Russian regime. And then... after the killing of the Ayatollah a new Ayatollah is installed. His son! And this time it might be more difficult to track him down. He is apparently injured during the initial bombing but alive. He latest statement confirmed that he will seek revenge on America and Israel and also continue blocking the Strait of Hormuz. Trump may think this war is nearly over – and may even declare it to be so. Iran on the other hand may want to keep it going...

BIBLE QUOTE

I will turn thee back, and put hooks into thy jaws, and I will bring thee forth, and all thine army, horses and horsemen, all of them clothed with all sorts of armour, even a great company with bucklers and shields, all of them handling swords: **Persia [Iran]**, Ethiopia, and Libya with them; all of them with shield and helmet:

(Ezekiel 38:4-5)

Iran's plot to turn Trump's glory war into his worst nightmare

iPaper, March 8, 2026

EVENT

Iran wants to turn Donald Trump's war into a global and domestic nightmare by inflicting such huge military, political and economic pain that it forces the President to abandon his campaign. The conflict, now in its second week, is becoming a battle of wills and pain thresholds as missiles and drones rain down across the Middle East and beyond. The Islamic Republic, facing an existential threat, is focused on endurance and survival – banking on Trump's fear of a forever war and a rising backlash from his own supporters. Iran knows it cannot defeat the combined military might of the US and Israel. However, **the regime is using every lever at its disposal to expand and extend the conflict in the hope of making the cost too high for its enemies.** Israel has said the war is entering a more intense “next phase”, and the bellicose US Defence Secretary Pete Hegseth promised “firepower over Iran and over Tehran is about to surge dramatically”. Trump has demanded “unconditional surrender”.

COMMENT

Iran is incredibly weak compared to America – a fraction of the size militarily. But military might isn't actually enough nowadays. Iran is not under the same public pressure as a democracy. The Iranian regime doesn't care if some of its population is killed –in fact it is willing to kill them if they resist. America on the other hand has to account for every single lost soldier. This increases massively the pressure on the US. Iran can launch drones that cost \$30,000 which actually cause little damage but spreads fear. To shoot each one down costs \$4,000,000 for each interceptor missile. This is called Asymmetric Warfare. The weaker force exploits the superior force's vulnerabilities. The Bible says at the time of the end that the “weak” nation will say the it is “strong” We see it happening..

BIBLE QUOTE

Proclaim ye this among the Gentiles; Prepare war, wake up the mighty men, let all the men of war draw near; let them come up: Beat your plowshares into swords, and your pruninghooks into spears: **let the weak say, I am strong.**

(Joel 3:9-10)

Putin's 'hidden hand directing' Iranian drone attacks

The Times, March 12, 2026

EVENT

Britain has accused Russia of having a “hidden hand” in Iranian strikes across the Gulf after British troops came under attack for the third time since the conflict began. A swarm of 20 missiles and kamikaze drones were fired at a joint base in Erbil, in the Kurdish region of Iraq, where UK and US troops are stationed, as well as at a separate Italian military training base, the local Kurdish commander said. Specialist UK soldiers used surface-to-air missiles to destroy two of the Iranian Shahed suicide drones, the British side said, and others were intercepted by the Americans. An unknown number made it through their air defences, striking the base and injuring US personnel. There were no British casualties. John Healey, the defence secretary, said that analysis of Iranian strikes showed that tactics developed by the Russians in the war in Ukraine were being deployed to target allied military bases in the region.

COMMENT

Russia and Iran have cooperated on military issues since Putin launched the invasion of Ukraine in 2022, with Iran supplying and then passing on the design for Shahed 136 delta wing drones. US sources say that in return Moscow has passed Tehran military intelligence in the past fortnight. Putin needs Iran. Russia now relies on Iranian support for drone attacks against Ukraine. So Putin is now aiding Iran to fight back – he wants the anti US regime to survive. He is now protecting Iran with targeting and tactical information. The Bible says in Ezekiel 38 that prior to Russia's invasion of Israel, they act as a “guard” to the alliance of nations it supports. First on the list of the nations it guards (protects) is Iran. Russia's protection of Iran is one reason the regime survives.

BIBLE QUOTE

Be thou prepared, and prepare for thyself, thou, and all thy company that are assembled unto thee, and **be thou a guard [protector] unto them.** After many days thou shalt be visited: in the latter years thou shalt come into the land that is brought back from the sword, and is gathered out of many people, against the mountains of Israel,

Israel seizes moment to finish fight against Hezbollah, Iran's proxy in Lebanon

CNN, March 13, 2026

EVENT

Since the 2024 ceasefire, Israel has conducted near-daily strikes against Hezbollah personnel and infrastructure throughout southern Lebanon, accusing them of attempting to rearm and rebuild. In recent months, Israel's leadership has concluded that Hezbollah's military rehabilitation is progressing faster than the IDF's disruption efforts, according to two Israeli sources. IDF chief of staff Lt. Gen. Eyal Zamir has framed the Lebanon campaign as an "opportunity." "Israel wants to finish the job in Lebanon," a senior Israeli official told CNN. Israel believes Hezbollah is at one of its weakest points ever, with its Iranian money and arms pipeline significantly disrupted and many Lebanese no longer viewing it as their defender. "Faced with the window of opportunity created when Hezbollah chose to open a war, we have to use this moment to finish what we did not complete back then," an Israeli military official said. For the moment, Iran remains Israel's top priority. But when conflict on that front concludes Israel is likely to fully shift its attention to Lebanon.

COMMENT

Israel is planning to significantly expand its ground operation in Lebanon, aiming to seize the entire area south of the Litani River and dismantle Hezbollah's military infrastructure, Israeli and U.S. officials say. "We are going to do what we did in Gaza," a senior Israeli official said, referring to the flattening of buildings Israel says Hezbollah uses to store weapons and launch attacks. Although the Iranian regime is going to survive to fight a future war with Israel, the immediate surrounding enemies (the proxy armies of Iran) will be destroyed. It will lead to the time of false and temporary peace that Israel (and the world) declares. Into that void will come Russia, Iran, Turkey etc...

BIBLE QUOTE

Therefore, son of man, prophesy and say unto Gog, Thus saith the Lord GOD; In that day **when my people of Israel dwelleth safely, shalt thou not know it? And thou shalt come from thy place out of the north** parts, thou, and many people with thee, all of them riding upon horses, a great company, and a mighty army:

As war rages, Dubai faces an almighty reckoning

The Telegraph, March 12, 2026

EVENT

Life in Dubai under the onslaught of Iranian missiles is subdued, but the streets are not deserted. People are milling around the city's shopping centres, eating in restaurants and lazing on the beaches. But beneath this semblance of normal life, cracks in the city's economic dream are beginning to spread. In a city on the UAE's border with Oman, which has been the main evacuation route by air, an animal shelter has been overwhelmed by requests to look after pets as their expat owners fled the country. Since the US and Israel launched strikes on Iran on Feb 28, the UAE has come under attack from more than 1,700 drones and missiles, a tally making it Iran's biggest target in the Middle East by an order of magnitude. More than 90pc have been intercepted and destroyed by the country's air defences. But as the sky booms and residents receive wailing phone alerts each day, the emirate's high-growth oasis of safety is being severely rattled. Holiday bookings have evaporated, Iran's blockade of the Strait of Hormuz has curbed oil exports and growth forecasts are being cut. All of which explains how Dubai – the UAE's most prosperous and populous city – faces an almighty reckoning.

COMMENT

Dubai has become a symbol of wealth and prosperity and a magnet for those seeking the very best from a worldly pleasure perspective. But almost overnight that dream has turned into a growing nightmare. No one wants to live with mobile phones screaming to take cover and for the threat of drones hitting residential buildings and hotels. Isaiah 21 (speaking of the burden of the Persian Gulf where Dubai sits) describes pleasure turning to fear. It is precisely what is happening. But ultimately what we are seeing is what will happen to the entire world. The time of pleasure will turn to fear– Armageddon

BIBLE QUOTE

Therefore are my loins filled with pain: pangs have taken hold upon me, as the pangs of a woman that travaileth: I was bowed down at the hearing of it; I was dismayed at the seeing of it. My heart panted, fearfulness affrighted me: **the night of my pleasure hath he turned into fear** unto me. **This** **Isaiah's reaction seeing the burden of the Persian Gulf...**

Global antisemitism up 34% after Iran war outbreak

JNL, March 9, 2026

EVENT

The global surge in antisemitic incidents has reached alarming levels, with a 34% increase recorded following the direct confrontation between Israel and Iran, totaling 154 documented incidents in a... week. This wave of hostility underscores how regional Middle East conflicts are weaponized to target Jewish communities worldwide, with a deadly shooting in Dallas and a vehicle ramming attempt in Michigan. Across Europe and North America, a synagogue in Brussels was firebombed and Jewish schools in Toronto were targeted by gunfire. CAM CEO Sacha Roytman stated, "We are witnessing a dangerous export of Middle Eastern violence into Western streets, fueled by extremist ideologies and state-sponsored incitement". The report highlights that nearly half of these incidents are directly linked ...to signaling a shift toward premeditated, violent acts rather than just online harassment. Governments are urged to implement immediate, robust security measures to protect Jewish institutions from this unprecedented rise in domestic terrorism.

COMMENT

Global antisemitic incidents **have surged 34%** since the outbreak of conflict involving Iran, with 154 incidents recorded in the first week. Incidents of synagogue attacks and violent outbursts reflect a trend where regional conflicts are utilized to incite hatred against Jewish communities. From a prophetic perspective, this surge in antisemitism acts as a significant "sign of the times", highlighting the continued regathering of Israel in unbelief, as foretold in Ezekiel 37. This rising hatred aligns with prophetic expectations of a "time of Jacob's trouble" (Zech 12:2-3), where Israel faces increasing isolation. Such developments, characterized by global instability or the "distress of nations," we view as direct precursors to the imminent return of Jesus Christ, who will establish the Kingdom of God and bring ultimate security to Israel.

BIBLE QUOTE

I will make Jerusalem like an intoxicating drink that makes the nearby nations stagger ... I will make Jerusalem an immovable rock. All the nations will gather against it to try to move it, but they will only hurt themselves.

(Zec 12:2-3)

Iran's Supreme Leader Khamenei found dead rubble

The Telegraph, March 1, 2026

EVENT

Iran's Supreme Leader Ali Khamenei has been killed in a major assault on Iran launched by Israel and the United States. The Ayatollah's body, riddled with shrapnel wounds, was recovered from the rubble after a daylight bombing raid aimed at toppling the regime destroyed his Tehran compound. Iranian state TV confirmed Khamenei's death in the early hours of Sunday morning, hours after it was initially reported by Israeli media and declared on social media by Donald Trump. Israel and the US conducted 900 strikes in 12 hours on military bases, nuclear sites and government buildings across Iran using F-35s, F-22s and – for the first time – one-way attack drones. Along with Khamenei, at least 40 Iranian officials are dead, according to CBS. Khamenei's death represents the gravest blow to the Iranian regime since the 1979 revolution, when the Ayatollahs swept into power. Iran on Saturday night responded by firing missiles and drones at US bases and civilian targets in five neighbouring Gulf states.

COMMENT

Ayatollah Ali Khamenei was the primary target, and an Israeli strike on the opening day of the war destroyed his Tehran compound, killing him along with several members of his family. Around 40 senior military commanders were also reportedly killed in the initial airstrikes. Among those said to have died are armed forces chief of staff General Abdolrahim Mousavi and defence minister General Aziz Nasirzadeh. The head of the Islamic Revolutionary Guard Corps, General Mohammad Pakpour, was also killed. Those responsible for the Oct 7th terror attack on Israel are now dead. Psalm 83 describes Assur as the power supporting Israel's regional enemies. Assur includes Iran. Though they sought Israel's destruction, they themselves were destroyed - like Sisera.

BIBLE QUOTE

Assur also is joined with them: they have holpen the children of Lot. Selah. Do unto them as unto the Midianites; as to **Sisera**, as to Jabin, at the brook of Kison: Which perished at Endor: they became as dung for the earth. Make their nobles like **Oreb**, and like **Zeeb**: yea, all their princes as **Zebah**, and as **Zalmunna**: All these were enemy military leaders who were killed (Psalm 83:8-11)

Iran Just Closed the Strait of Hormuz.

What Happens Next?

The New York Times, March 6, 2026

EVENT

The Strait of Hormuz is one of the most important maritime lanes in the world because of the vast quantity of oil and liquefied natural gas that passes through it every day. The strait snakes between the north Omani and southern Iranian coasts. Approximately 20 million barrels of oil—about 20 percent of the global oil supply—sail through the strait every day. The oil tanker standstill in the Middle East shows that Iran has been able to project enough of a threat that it has essentially shut down one of the world's most important trade waterways, shipping analysts say. By stopping the movement of tankers, Iran has exploited one of its strategic advantages even as it comes under heavy attack by the United States and Israel. Ships that would normally be transporting millions of barrels of oil out of the Persian Gulf to the rest of the world are not sailing because their operators fear attacks by Iran. Instead, the tankers are hunkered down on either side of the Strait of Hormuz through which one-fifth of the world's oil and natural gas pass.

COMMENT On Wednesday, Iran's elite Revolutionary Guard claimed it had "complete control" over the Gulf strait, through which around 20% of the world's oil and gas shipments pass, and warned it would "set on fire" any vessels attempting to cross it. The move reflects a desperate yet calculated strategy to create regional disruption and pressure the West. For many years in the WWW we have suggested that the Strait of Hormuz is specifically referenced in Isaiah 21 and that Iran would one day besiege this area. A [YouTube talk](#) expands on this. Remarkably, we may now be seeing these developments unfold. Yet the prophecy also suggests that more troubling events lie ahead. Isaiah records that when he saw the vision of this region under siege, he was deeply troubled and fearful.

BIBLE QUOTE

O Elam [Iran]: **besiege**, O Media; all the sighing thereof have I made to cease. Therefore are my loins filled with pain: pangs have taken hold upon me, as the pangs of a woman that travaileth: I was bowed down at the hearing of it; **I was dismayed** at the seeing of it. My heart panted, fearfulness affrighted me: the night of my **pleasure hath he turned into fear** (Isaiah 21:2-4)

Trump demands Iran's 'unconditional surrender' as oil fears mount

The Times, March 6, 2026

EVENT

President Trump has called for Iran's "unconditional surrender" as he brushed off warnings about surging energy prices. Trump posted on Truth Social: "There will be no deal with Iran except UNCONDITIONAL SURRENDER! After that, and the selection of a GREAT & ACCEPTABLE Leader(s), we, and many of our wonderful and very brave allies and partners, will work tirelessly to bring Iran back from the brink of destruction, making it economically bigger, better, and stronger than ever before ... MAKE IRAN GREAT AGAIN (MIGA!)." He met defence firm chiefs after reports of looming munitions shortages, although Karoline Leavitt, the White House press secretary, said the US had sufficient stockpiles of weapons. Trump returned to the example of Venezuela, where the captured leader Nicolás Maduro was simply replaced by his US-friendly deputy Delcy Rodríguez, as a model for Iran. "It's gonna work very easily. It's going to work like it did in Venezuela," he told CNN. "We have a wonderful leader there."

COMMENT

Iranian President Masoud Pezeshkian has said that Iran will never capitulate after US President Donald Trump demanded "unconditional surrender." He dismissed the demand, saying it is a "dream that they should take to their grave." Isaiah 13 speaks of the Medes rising up and using their bows in battle, showing no regard even for young children. It also says they are not motivated by wealth but are driven by ideology. We know from the biblical record that Iran ultimately survives to take part in the Gogian invasion of Israel, suggesting that its leadership at that time bears similarities to the leadership we see now. It is also possible that Iran could inflict significant damage on the United States, with scenarios including attacks on and destruction of US warships.

BIBLE QUOTE

Break their teeth, O God, in their mouth: **break out the great teeth of the young lions**, O LORD. Let them melt away as waters which run continually: when he bendeth his bow to shoot his arrows, let them be as cut in pieces. **Young lions = US/UK See Psalm 48:7 US/UK ships broken** (Psalm 58:5-6)

Putin helps Iran attack the US

The Telegraph, March 6, 2026

EVENT Russia is providing Iran with intelligence to strike American military targets in the Middle East. The information led to “sophisticated” attacks by Iranian missiles and drones against United States’ radar facilities, warships and aircraft. The intelligence also made it possible to target temporary structures that Iran’s satellites could not spot, including a strike on a makeshift operations centre in Kuwait that killed six US soldiers. Moscow began to pass information to the Islamic Republic on the positions of US forces as soon as the war began on Saturday, US officials said. It is the first sign of Russia’s active participation in the expanding conflict. One official told the Washington Post: “It does seem like it’s a fairly comprehensive effort.” Donald Trump’s spokeswoman did not deny the reports. Karoline Leavitt said Russian intelligence “clearly is not making a difference with respect to the military operations in Iran because we are completely decimating them ...”

COMMENT Russia has strengthened its relationship with Iran as it sought drones to use in its four-year war against Ukraine. Russia has become reliant on these drones from Iran to sustain its campaign in Ukraine. Putin will not be pleased to see yet another Russian ally collapse. Syrian president Assad fled from power last year, and now Russia’s last major regional ally appears close to falling. This may explain reports that Russia is providing intelligence to Iran regarding US warships. Ezekiel 38 says that Russia acts as a guard (a protector) of Iran. In Isaiah 21, speaking of Iran rising up and besieging the Persian Gulf, it also says “the spoiler spoileth.” We know Russia eventually comes to take spoil from Israel. The spoiler could possibly refer to Russian involvement in this Iranian conflict

BIBLE QUOTE **The burden of the desert of the sea. [Persian Gulf / Strait of Hormuz]** As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and **the spoiler (Russia?) spoileth. Go up, O Elam (Iran): besiege, O Media (Iran)** ; all the sighing thereof have I made to cease. (Isaiah 21:1-2)

Israel aims to devastate Hezbollah as war spreads

The Times, March 6, 2026

EVENT

Almost a week after Israel and the United States launched devastating missile strikes on Iran, the Israeli military, buoyed by President Trump's support, is now aiming to deal a crippling blow to Hezbollah, another arch-foe. The move has added an additional deadly dimension to a war that has already spread across the Middle East and beyond as the embattled Iranian regime lashes out at American and Israeli allies. Lebanon was dragged into the war on Monday, when Hezbollah, a Lebanese Shia Muslim group founded in 1982 by Iran's Revolutionary Guard Corps, carried out drone and rocket attacks on northern Israel in revenge for the killing of the Ayatollah Ali Khamenei, Iran's supreme leader. Naim Qassem, Hezbollah's leader, said on Wednesday that it would resist Israel's plans for "occupation and expansion". He spoke as Hezbollah deployed elite fighters to the border region with Israel.

COMMENT

Israeli tanks are assembling near the Lebanese border, preparing for could be a large-scale invasion. Roads across northern Israel have shaken from the movement of armoured vehicles heading north toward Lebanon and Hezbollah positions. This points to the possibility of a significant Israeli advance deep into southern Lebanon and the start of a full ground war, even as the Jewish state has been seeking to weaken the Iranian regime through air strikes. Israel dealt heavy blows to Hezbollah in 2024. The exploding pager operation and intelligence-led air strikes in Beirut eliminated much of the Shia terror group's leadership. Under the later US-brokered ceasefire, the Lebanese army were meant to disarm Hezbollah. That has not happened. But we know the inner ring war (now underway again!) will remove Israel's nearby enemies.

BIBLE QUOTE

They have said, Come, and let us cut them off from being a nation; that the name of Israel may be no more in remembrance. For they have consulted together with one consent: they are confederate against thee: The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagarenes; Gebal, and Ammon, and Amalek; the Philistines with **the inhabitants of Tyre [Hezbollah]**; (Psalm 83:4-7)

Trump's war on Iran has spread to 14 countries and plunged region into crisis

The Independent, March 6, 2026

EVENT

The burgeoning conflict in the Middle East has dragged into its seventh day, as Israel ramps up its offensive on Lebanon and orders thousands to leave their homes. The widening conflict has seen air defences in Azerbaijan and near Turkey spring into action, as Sri Lankan naval authorities look to prevent another attack in their waters after a US submarine sank an Iranian frigate, killing at least 87. On Friday, Israel launched fresh airstrikes on the southern suburbs of Beirut, pounding a Hezbollah stronghold with 26 strikes as part of a “broad-scale” operation, the military said. Iran has lashed out at nations in the region in retaliation. Hundreds of missiles and drones have been launched at targets in the UAE, Saudi Arabia, Oman, Bahrain, Kuwait and Qatar, damaging stability and leaving thousands stranded abroad. Civilian targets in the Gulf, including hotels and airports, have also been hit. Europe has been forced to respond, with Britain sending a destroyer to Cyprus after a drone hit the airbase at Akrotiri. France said it would send the Charles de Gaulle aircraft carrier to the Mediterranean in response to the “unstable situation”.

COMMENT

This Iran war is destabilising the entire Middle East and bringing together the nations as the Bible said. The Gulf Arab nations are allied to America and all are being attacked by Iran. Meanwhile Russia is allied to Iran - the first nation on the list in Ezekiel 38. But how does this conflict line up with Ezekiel 38? The answer is that this war is part of the initial inner ring war. It will lead to Israel removing all the pricking briers around her. This will lead to a short time of peace as described in Ezekiel 38. Into that void will come - rushing in - the outer circle of nations – Russia, Iran, Turkey, Libya, Sudan etc.

BIBLE QUOTE

Woe to the multitude of many people, which make a noise like the noise of the seas; and to **the rushing of nations, that make a rushing like the rushing of mighty waters! The nations shall rush like the rushing of many waters:** but God shall rebuke them, and they shall flee far off, and shall be chased as the chaff of the mountains before the wind,

US and Israel launch strikes on Iran, as Trump says 'massive' campaign underway

CNN, February 28, 2026

EVENT

The United States and Israel launched attacks on Iran Saturday – marking a major escalation following weeks of negotiations between US and Iranian officials over the country’s nuclear program. President Donald Trump confirmed in a video posted to social media that the United States had begun a “massive and ongoing” military campaign in Iran, “to prevent this very wicked, radical dictatorship from threatening America and our core national security interests.” “We are going to destroy their missiles and raze their missile industry to the ground,” Trump said. Iran has long maintained that its nuclear program is for civilian purposes only. Iran’s state media said the country is preparing for a “a crushing response” to the attacks. The US military is planning for several days of attacks, two sources told CNN Saturday, with one official describing them as “not a small strike.” Earlier, Israeli Defense Minister Israel Katz called the attack a “preemptive strike” against Iran, as a state of emergency was declared across Israel.

COMMENT

The largest US military buildup in the Middle East since the Iraq War has now erupted into direct war with Iran. The “deal” that was being negotiated between the US and Iran has failed, and President Trump, as Commander-in-Chief, has launched a new conflict with the Iranian regime. However, this war is different from the conflict that took place last year. Trump has made it clear that this is about the regime itself, openly calling on the Iranian people to rise up and remove it. Rather than a calibrated response, Iran’s military is likely to shift into a form of suicidal aggression. Actions that would previously have been unthinkable because of the risk of escalation may now be on the table. The Medes are rising up, and using their missiles just as prophesied in Isaiah...

BIBLE QUOTE

Behold, I will stir up the Medes [Iranian] against them, which shall not regard silver; and as for gold, they shall not delight in it. Their bows also shall dash the young men to pieces; and they shall have no pity on the fruit of the womb; their eye shall not spare children. Isaiah 13 is NOT just ancient history – in fact when the ancient Medes took over Babylon it was without conflict! (Isaiah 13:17-18)

Trump's declaration of 'major combat operations against Iran

The Times of Israel, February 28, 2026

EVENT

Text of US President Donald Trump's speech following the start of US and Israeli strikes against Iran, February 28, 2026. *A short time ago, the United States military began major combat operations in Iran. Our objective is to defend the American people by eliminating imminent threats from the Iranian regime. And it was Iran's proxy Hamas that launched the monstrous October 7 attacks on Israel, slaughtering more than 1,000 innocent people, including 46 Americans, while taking 12 of our citizens hostage. It was brutal, something like the world has never seen before. We are going to destroy their missiles and raze their missile industry to the ground. It will be totally again obliterated. We are going to annihilate their navy. **We are going to ensure that the region's terrorist proxies can no longer destabilize the region or the world.** The lives of courageous American heroes may be lost and we may have casualties. That often happens in war. But we're doing this not for now we're doing this for the future, and it is a noble mission.*

COMMENT

Trump's speech explains the objectives of the attacks on Iran. It is no longer solely about nuclear weapons; it is about removing the broader threat posed by the Iranian regime. This includes ensuring that the terror proxy groups surrounding Israel and backed by Iran are also eliminated. This therefore becomes a war with far wider objectives than simply defeating the Iranian regime itself. The "terrorist proxies" referred to by Trump include Hamas, Hezbollah, the Houthis, and other militant groups operating in Syria. All of these are sponsored, funded, and directed by Iran, and all are committed to the destruction of Israel. The inner-ring war that began after October 7, 2023, could soon reach the conclusion prophesied — the removal of Israel's surrounding enemies.

BIBLE QUOTE

In that day will I make the governors of Judah like an hearth of fire among the wood, and like a torch of fire in a sheaf; and **they shall devour all the people round about**, on the right hand and on the left: and Jerusalem shall be inhabited again in her own place, even in Jerusalem.

(Zechariah 12:6)

Iran launches "barrage of missiles" after attack

The Hill, February 17, 2026

EVENT

Explosions rocked northern Israel as the country worked to intercept incoming Iranian missiles shortly after it launched the attack on Iran. The blasts echoed just after the Israeli military said it would be using its air defence systems to bring down the Iranian fire. There was no immediate word on any damage or casualties from the ongoing attack. **Blasts also occurred across numerous Gulf Arab states that host US military assets, including Qatar, Kuwait, the United Arab Emirates and Bahrain.** Iran's Fars news confirmed the country had carried out attacks targeting military bases in each of the states, including Al Udeid Air Base in Qatar and the headquarters of the US Navy's 5th Fleet in Bahrain. Explosions were also heard in Saudi Arabia's capital, Riyadh, according to the AFP news agency. The UAE's state news agency reported one person was killed in Abu Dhabi after Iranian missiles were intercepted.

COMMENT

America has huge military bases across the Gulf region, with facilities in Bahrain, Qatar, Kuwait, the UAE, and Saudi Arabia. These bases are home to tens of thousands of US troops. The reason the United States maintains such a strong military presence in this region is simple — oil. These bases exist to ensure that energy continues to flow to the world. With Iran believing that there is an existential threat to the regime's survival, it is likely that these bases will be targeted. Ezekiel 38 speaks of Sheba and Dedan, and the merchants of Tarshish, as an allied power opposing Russia. We can see this alignment forming in the region today. However, before the Gogian invasion, there is an initial inner-ring war. Isaiah 21 speaks of this conflict, not only describing Elam and the Medes rising up, but also stating that Arabia (the Gulf region) flees from bows /missiles.

BIBLE QUOTE

The burden upon Arabia. In the forest in Arabia shall ye lodge, O ye travelling companies of Dedanim. For they fled from the swords, from the drawn sword, and from the bent bow, and from the grievousness of war. [WATCH Iran Prophecy Video on this.](#)

If Trump strikes, Iran's ready to unleash hell on Hormuz

The Times, February 27, 2026

EVENT

From the Bandar Abbas docks where they once built a replica US aircraft carrier only to destroy it, the Iranian regime's military planners can cast their eyes over the Strait of Hormuz this week with some measure of satisfaction. **In a demonstration of military strength that could prove both key to the regime's survival and its ultimate suicide, the navy briefly closed the 24-mile strait through which a quarter of the world's oil and a third of its liquefied natural gas travels.** After a handful of drills, tankers slowly chugged through the strait again, but the message to President Trump was clear: bomb Iran at your economic peril. The Islamic Republic has invested heavily in drones and ballistic missiles and has a formidable arsenal, even accounting for those destroyed in the June war. It could extend its reach to Saudi Arabian oil depots, as well as putting oil tankers at great risk with its drones and mines in the straits.

COMMENT

Iran has vowed a crushing response to this war. Whereas Iran has previously adopted a calibrated response to Israeli and US attacks, this time there is no calibration. The regime actively wants to inflict US casualties so that there is a price for Trump to pay. Iran possesses a large missile arsenal and is obsessed with it, driven ideologically to use these weapons. The Bible is clear that the Medes have bows (modern-day missiles) and that they do use them. But Iran also has another powerful weapon: the ability to besiege the Strait of Hormuz. This narrow waterway is critical to the world's energy needs, and the Bible specifically states that this exact sea lane will be besieged. Such an action heralds a time of terrible trouble for the world. Christ's return is at the door...

BIBLE QUOTE

The burden of the desert of the sea. [Persian Gulf / Strait of Hormuz] As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and the spoiler spoileth. **Go up, O Elam (iran): besiege, O Media (Iran)**; all the sighing thereof have I made to cease. (Isaiah 21:1-2)

Netanyahu says Israel, US launched strikes to 'remove the existential threat' posed by Iran

The Times of Israel, February 28, 2026

EVENT

Prime Minister Benjamin Netanyahu issues a video message in Hebrew after Israel and the US launched a **wave of strikes against Iran, saying the operation was launched “to remove the existential threat”** posed by the Islamic Republic, and “create the conditions” for Iranians to change their destiny. “My brothers and sisters, citizens of Israel, a short while ago Israel and the United States launched an operation to remove the existential threat posed by the terror regime in Iran,” he says. “This murderous terror regime must not be allowed to arm itself with nuclear weapons that would enable it to threaten all of humanity,” he says, adding: “Our joint action will create the conditions for the brave Iranian people to take their destiny into their own hands.” “I call upon you, citizens of Israel, to follow the instructions of the Home Front Command. In the coming days, during Operation ‘Lion’s Roar,’ we will all be required to show patience and inner strength,” he says. “Together we will stand, together we will fight, and together we will ensure the future of Israel,” he adds.

COMMENT

The question is what comes next for Iran? There are a number of things we can say with the Bible in hand. First, there is an initial inner-ring war in which Israel’s immediate surrounding enemies are removed, allowing Israel to dwell in a false sense of peace. This current conflict could be the mechanism that brings that about. Second, we know that Persia (Iran) joins Russia when the invasion occurs. This means that whatever the outcome of this war with Iran, there must be an anti-Israel, pro-Russia government in place in Iran at the time of that invasion. It is therefore likely that the current regime survives this war - or even if it falls, another anti-Israel government rises in its place.

BIBLE QUOTE

And I will turn thee back, and put hooks into thy jaws, and I will bring thee forth, and all thine army, horses and horsemen, all of them clothed with all sorts of armour, even a great company with bucklers and shields, all of them handling swords: **Persia**, Ethiopia, and Libya with them; all of them with shield and helmet: **Persian (Iran) is FIRST on the list of Russian allies** (Ezekiel 38:4-5)

Zelensky: Putin has started WW3 and must be stopped

BBC, February 22, 2026

EVENT

Volodymyr Zelensky has said Vladimir Putin has already started World War Three. The Ukrainian president resisted demands for Ukraine to cede land in the Donbas that Russia has been unable to gain on the battlefield and insisted his country would eventually regain all occupied territories. He also said he has not decided whether he will run for another term when Ukraine next holds a general election. He told the BBC: “I believe that Putin has already started it. The question is how much territory he will be able to seize and how to stop him... Russia wants to impose on the world a different way of life and change the lives people have chosen for themselves.” He said ceding territory would divide Ukrainian society without putting in place a credible deterrent to prevent Putin from restarting the war once Russia has rebuilt its military capacity. **Donald Trump has repeatedly piled pressure on Ukraine to cede land to Russia as part of any deal to end the war.**

COMMENT

Is President Zelensky correct? Has Putin already started World War 3? The answer to that is almost certainly yes. If Putin is Gog, then the invasion of Ukraine represents the first step in a wider Russian ambition to rebuild an empire. The conflict in Ukraine may pause at some point, but it is likely to lead quickly to Russia descending into Israel, and beyond into Egypt. If future historians were able to look back on these events, it would likely appear that the war in Ukraine was the first major step taken by Gog in seizing territory and extending control beyond its borders. The Ukraine war is a significant catalyst for this descent. It has also had a major impact on Russia's oil supply, and Scripture indicates that one of the reasons Gog descends is to take a spoil from Israel.

BIBLE QUOTE

Sheba, and Dedan, and the merchants of Tarshish, with all the young lions thereof, shall say unto thee, Art thou come to take a spoil? hast thou gathered thy company to take a prey? to carry away silver and gold, to take away cattle and goods, **to take a great spoil?**

Iran closes Strait of Hormuz for first time since 1980s

The Telegraph, February 17, 2026

EVENT

Iran announced the temporary closure of the Strait of Hormuz for the first time since the 1980s on Tuesday, amid a US military build-up in the Arabian Sea. The Islamic Revolutionary Guard Corps (IRGC) announced on Tuesday that sections of the strategic waterway would be closed for several hours for live-fire naval drills. Iran's supreme leader also threatened to send US aircraft carriers to the "bottom of the sea", despite diplomatic efforts continuing in Geneva. On Monday, the IRGC launched naval drills in the Strait of Hormuz, north-west of the USS Abraham Lincoln strike group, while the USS Gerald R Ford powers towards the Middle East. Iranian state television broadcast footage showing cruise missiles being fired toward targets during the exercises. Iran has never fully closed the strait, through which 21% of the world's oil is shipped, though it has repeatedly threatened to do so and has taken actions short of complete closure that have disrupted shipping.

COMMENT

Looking back at Weekly World Watch slides it was back in 2010 when we first highlighted the significance of the Strait of Hormuz and later in 2016 when we linked this specific area and a terrible conflict at the time of the end to Isaiah 21. In May 2024 we published a video ([CLICK HERE](#) to watch) that showed in detail how the Strait of Hormuz is the single most important geographical area in the entire world for dependence on energy. Iran is able to close this incredibly narrow strip of ocean through which 20% of the world's energy passes through in oil tankers. This week they showed their intent by temporarily closing it for the first time in over 4 decades. Isaiah 21 may be very close to happening – and when it does it will usher in a terrible time of trouble...

BIBLE QUOTE

The burden of the desert of the sea. As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; **the treacherous dealer dealeth treacherously,** and the spoiler spoileth. Go up, O Elam: besiege, O Media; all the sighing thereof have I made to cease.**I was dismayed at the seeing of it.**

Israel on Iran: 'If the US asks, we will answer'

The Times, February 21, 2026

EVENT

When the United States and Israel attacked Iran last June, preliminary intelligence reports claimed that they failed to fully destroy the country's nuclear facilities. This time around, the Israeli prime minister, Binyamin Netanyahu, warned that "if the ayatollahs make a mistake and attack us, they will receive a response they cannot even imagine". Israel now has a lot more to offer in any American attack on Iran, a strike that looks increasingly likely, according to experts. The heavy build-up of US military assets in the region is set to be completed as soon as this weekend with the arrival from the Caribbean of the USS Gerald R Ford warship, which officials say is likely to be deployed near the coast of Israel to defend Tel Aviv. **Israeli forces have been on high alert for weeks since Iran listed the country as fair game for retaliation on American regional assets and allies.** Netanyahu brought up the issue with Trump during a White House meeting this week.

COMMENT

If America does attack Iran it could be very different this time than when they attacked last year. Unlike during the 12-day war in 2025, Tehran now wants Hezbollah, the Shiite terrorist group to take part in any future confrontation with Israel. Israeli officials have warned Hezbollah that if it intervenes the blow will be very painful. Israel is also preparing for possible involvement by the Houthis and other Iranian proxies to join in. The Israeli army is preparing to carry out "massive and unprecedented" strikes against groups backed by Iran, including the Houthis in Yemen, Hezbollah in Lebanon and armed factions in Iraq, should they join a potential war in the region. The inner ring war could soon resume culminating in the removal of the pricking briers around Israel...

BIBLE QUOTE

And there shall be no more a pricking brier unto the house of Israel, **nor any grieving thorn of all that are round about them,** that despised them; and they shall know that I am the Lord GOD.

Iran's supreme leader threatens to sink US warships

The Hill, February 17, 2026

EVENT

Iranian Supreme Leader Ayatollah Ali Khamenei threatened on Tuesday to sink U.S. warships amid continuing nuclear talks between the Middle Eastern nation and the U.S. “The Americans constantly say that they’ve sent a warship toward Iran,” Khamenei posted on the social platform X. “Of course, a warship is a dangerous piece of military hardware.” **“However, more dangerous than that warship is the weapon that can send that warship to the bottom of the sea,”** he added. This stark warning comes as officials from both the U.S. and Iran met for a second round of discussions about Iran’s nuclear program in Geneva on Tuesday. In another X post on Tuesday, the Iranian leader pushed back against Trump’s claims of U.S. military supremacy. “The US President keeps saying that they have the strongest military force in the world,” Khamenei said. **“The strongest military force in the world may at times be struck so hard that it cannot get up again.”**

COMMENT

It is interesting with Bible in hand that the Iranian leader speaks of sinking US warships. It may seem a weak threat from Iran— for surely they would never be able to do such a thing. But back in October 2000, two suicide terrorists in a dinghy almost sunk the US warship USS Cole. The dinghy was not picked up on radar and the explosion killed 17 US navy sailors and very nearly sunk the ship. Warships could be more vulnerable than their creators imagine. The Bible talks about disaster coming on “the ships of Tarshish”. Tarshish is Britain but clearly the US is a powerful offspring of the UK. Therefore, these ships could include US warships. Psalm 48:3 says the ships of Tarshish will be broken. Isaiah 2:16 says judgement is going to come in the end - on all the ships of Tarshish.

BIBLE QUOTE

For the day of the LORD of hosts shall be upon every one that is proud and lofty, and upon every one that is lifted up; and he shall be brought low: . . . **And upon all the ships of Tarshish, and upon all pleasant pictures.** “Pleasant pictures” is better translated “desirable ships”.

Why Tehran may choose confrontation over 'surrender'

BBC, February 19, 2026

EVENT The continued build-up of US military in the Gulf region now points less to signaling and more to preparation. The arrival of the USS Abraham Lincoln carrier strike group near Iranian waters is already a significant move. Another aircraft carrier, the USS Gerald R Ford, was last seen near the Strait of Gibraltar and has been heading east to support potential operations. Other assets have also been moved to the region, reinforcing the impression that Washington is assembling layered military options. This raises a fundamental question: why do Iranian leaders, at least publicly, remain defiant in the face of the world's most powerful military and its strongest regional ally in the Middle East? The answer lies in Washington's stated conditions for talks. From Tehran's perspective, these demands amount not to negotiation but to capitulation. From the perspective of Iran's Supreme Leader, Ali Khamenei, accepting such terms could appear more dangerous than risking a limited war with the United States under President Donald Trump. A military confrontation, however costly, may be seen as survivable. Total strategic rollback may not.

COMMENT If president Trump decides to attack Iran the Iranian leadership may see this as an existential threat to their own survival. They have said they will attack US bases in Saudi Arabia, shut down the Strait of Hormuz, attack Israel and more. Isaiah 21 speaks of the Elam (Iran) rising up and besieging the sea. The sea next to Elam is the Strait of Hormuz. Also in Isaiah 21 we read of a burden at that time coming on Arabia (Saudi Arabia). It speaks of them running from the bent bow and the heat of battle. Isaiah 22 is about the burden of Jerusalem. In verse 6 we read that Elam bears the quiver (missiles).

BIBLE QUOTE For it is a day of trouble, and of treading down, and of perplexity by the Lord GOD of hosts in the valley of vision, [Jerusalem] breaking down the walls, and of crying to the mountains. **And Elam bare the quiver** with chariots of men and horsemen, and Kir uncovered the shield.

US to withdraw troops from Syria as tensions mount with Iran

BBC, February 19, 2026

EVENT

The US is preparing to largely withdraw its remaining troops from Syria over the next few months, a senior White House official has told the BBC. The official said the Syrian government had agreed to take the lead combatting terrorism within its borders and US military presence "at scale" was no longer required. American troops have been in Syria since 2015, as part of an anti-terrorism campaign to counter the influence of the Islamic State group (IS). The decision came as US President Donald Trump ramps up military presence in the Middle East while tensions mount with Iran. The official noted that the decision to remove the roughly 1,000 remaining troops from Syria is part of a conditions-based transition, and that the US remains ready to respond to any threats in the region. The news comes amid an increased presence of US troops in the region, specifically near Iran. In Syria, US troops had already departed two bases earlier this year, the al-Tanf garrison in southern Syria and the al-Shaddadi base in the north-east.

COMMENT

The Trump administration is withdrawing forces from Syria. This is part of a strategic shift following the fall of Assad in 2024. According to a senior US official president Trump believes that the government of President al-Sharaa is taking control of the fight against terror groups. Therefore an America military presence is no longer required in Syria. This is interesting because Syria was the original home of the original king of the NORTH - the Seleucid empire. We know that at the time of the end there is a new king of the north v king of the south. The latter day king of the south is US/UK. So we would envisage the power of the south NOT being in the territory of the king of the north. The latter day king of the north is Russia which has a continued base & presence in Syria.

BIBLE QUOTE

And at the time of the end shall the king of the south push at him: and the king of the north shall come against him like a whirlwind, with chariots, and with horsemen, and with many ships; and he shall enter into the countries, and shall overflow and pass over.

Trump's Board of Peace members pledge \$7bn in Gaza relief

BBC, February 19, 2026

EVENT

Several countries which have signed up to **Donald Trump's Board of Peace** have **contributed more than \$7bn (£5.2bn) towards a Gaza "relief package"**, the **US president has said**. **Trump made the announcement during the first meeting of the organisation** that many of US's Western allies have refused to join, fearing the body originally meant to help end the war between Israel and Hamas may be intended to replace the UN. The second phase of a US-brokered Gaza ceasefire plan includes the disarmament of Hamas and the reconstruction of Gaza. It "looks like" Hamas would disarm, Trump told participants. However, there are few signs of the Palestinian group disarming. Gazans say it is extending its control over the Strip. Speaking as the Board of Peace convened **on Thursday, Israeli Prime Minister Benjamin Netanyahu said Israel had "agreed with our ally the US there will be no reconstruction of Gaza before the demilitarisation of Gaza"**.

COMMENT

The Board of Peace is an international organisation with the stated purpose of promoting peacekeeping around the world. It was established by Donald Trump and he is designated as chairman for life. According to the charter, as the chairman, he is exclusively authorised to invite countries to join the BoP. In that capacity, he also has the exclusive authority to create, modify, or dissolve subsidiary entities of the board. Its focus is on creating peace in Gaza and reconstructing that area. Israel says no reconstruction can start until Gaza is demilitarised. But Hamas refuses to disarm. In Trump's peace plan it concludes with a Palestinian State. We watch this new organisation carefully as we know there will be a false peace that leads to Armageddon

BIBLE QUOTE

For yourselves know perfectly that the day of the Lord so cometh as a thief in the night. For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape.
