# A Timeline of Rising Antisemitism in Australia Since the Gaza War

Time Magazine, December 20, 2025

## EVENT

Two gunmen shot at a crowd of beachgoers in Sydney, Australia, killing at least 16 people and wounding at least 40 during a Jewish holiday event at Bondi Beach on Sunday, in what Australian authorities are calling a terrorist attack. The attack, which targeted an event marking the first day of Hanukkah at the popular tourist destination, is the latest and most deadly in a string of antisemitic incidents that have blighted Australia since the onset of the war in Gaza in October 2023. Australia, a country of 28 million people, is home to about 117,000 Jews. Figures from the Executive Council of Australian Jewry (ECAJ) show that antisemitic incidents in Australia have reached historically high levels, at “almost five times the average annual number before October 7, 2023.” The group documented 1,654 anti-Jewish incidents across Australia between Oct. 1, 2024, and Sept. 30, 2025, in addition to 2,062 incidents nationwide the year before.

## COMMENT

At least 16 people have been killed and dozens injured after two gunmen opened fire on a Jewish holiday event at Sydney's Bondi Beach on Sunday, in what officials have described as the deadliest mass shooting to hit Australia in 30 years. The shooting, which Australian authorities have declared a terror attack, targeted hundreds of people celebrating Hanukkah at the beach. One witness said people who were not part of the Hanukkah event were ushered aside by the shooters. The victims were aged between 10 and 87. It is one of a growing number of horrific news items that we read in relation to Antisemitism that has exploded around the whole world- even in nations that were once “allied” to Israel. As we head towards Armageddon and all nations being gathered to Jerusalem to battle it surely goes without saying that anti Israel sentiment will be rife.

Behold, the day of the LORD cometh, and thy spoil shall be divided in the midst of thee. For I will gather all nations against Jerusalem to battle; and the city shall be taken, and the houses rifled, and the women ravished; and half of the city shall go forth into captivity, and the residue of the people shall not be cut off from the city.

# US launches airstrikes against dozens of Islamic State targets in Syria

The Guardian, December 17, 2015

US LAUNCHES STRIKES  
AGAINST ISIS IN SYRIA

NOW  
WORLD

## EVENT

**The US military launched airstrikes against dozens of Islamic State targets in Syria on Friday in retaliation for an attack on US personnel, two US officials have said.** The attacks came after Donald Trump vowed to hit back after an attack last weekend in Syria by a suspected Islamic State member. A US official, speaking on the condition of anonymity on Friday, described the strikes as a large-scale response that included targets across central Syria. Trump said on social media that the Syrian government fully supported the strikes and that the US was inflicting "very serious retaliation". **US Central Command said the strikes hit more than 70 targets across central Syria**, adding that Jordanian fighter jets supported the operation. Videos of explosions across parts of the eastern province of Deir el-Zour and the central Syrian desert circulated on social media afterwards.

## COMMENT

Two U.S. Army soldiers and a civilian interpreter were killed in Syria last Saturday by a suspected Islamic State attacker who targeted a convoy of American and Syrian forces before being shot dead, the U.S. military said. The attack was barely a month after Syria announced it had signed a political cooperation agreement with the U.S.-led coalition against Islamic State, which coincided with Syrian President Ahmed al-Sharaa's visit to the White House. President Trump vowed revenge for these deaths and yesterday huge airstrikes have taken place across Syria. Syria is a hot bed of terror groups and even the current government was once part of ISIS itself. Regional tension continues to increase and Syria is ever more in the crosshairs. We know from Isaiah 17 that great destruction is coming on Damascus – to the extent it will forever cease to be a city...

## BIBLE QUOTE

The burden of Damascus. **Behold, Damascus is taken away from being a city, and it shall be a ruinous heap.** The cities of Aroer are forsaken: they shall be for flocks, which shall lie down, and none shall make them afraid. The fortress also shall cease from Ephraim, and the kingdom from Damascus, and the remnant of Syria: *(Isaiah 17:1-3)*

# 'Historic moment': Netanyahu announces record natural gas deal with Egypt

Israel National News, December 9, 2025

## EVENT

Prime Minister Benjamin Netanyahu announces that he has approved the largest energy deal in Israel's history. In a video statement alongside Energy Minister Eli Cohen, he says that the natural gas deal with Egypt is worth NIS 112 billion (\$34.7 billion), of which NIS 58 billion (\$18 billion) will go into public coffers. In the first four years, he says, around NIS 500 million (\$155 million) will go to the state, and will climb to NIS 6 billion (\$1.9 billion) by 2033. "This money will strengthen education, health, infrastructure, security, the future of the coming generations," says Netanyahu. He says he only approved the deal, which was held up in October, after he ensured that it met Israel's vital needs, including security. "The deal greatly strengthens Israel's position as a regional energy superpower, and contributes to regional stability," argues Netanyahu, adding that it will encourage other countries to search for gas in Israel's waters. He stresses that the companies are required to sell natural gas to Israelis "at a good price."

## COMMENT

The gas deal between Israel and Egypt is the largest in Israel's history. It has been called an "historic moment" for Israel by leading government officials. As Netanyahu says this will help Israel to prosper further – providing funds for security, education, infrastructure etc. What is amazing about this deal is that we can piece it together with Bible in hand from Ezekiel 38 and Daniel 11. Ezekiel 38 speaks of Gog (Russian leader) wanting to come and take a spoil from Israel. There is no greater spoil for Russia than seizing gas supplies. Daniel 11 says that the king of the north (Russia) will not only invade Israel but carry on into Egypt. We are told that Russia will take hold and have power over the treasures of Egypt. God links Israel and Egypt and wealth Russia wants!

## BIBLE QUOTE

He shall stretch forth his hand also upon the countries: and the land of Egypt shall not escape. But he shall have power over the treasures of gold and of silver, and over all the precious things of Egypt: and the Libyans and the Ethiopians shall be at his steps.

(Daniel 11:42-43)

# Hamas confirms death of senior commander in Gaza after Israeli strike

The Independent, December 14, 2025

**SENIOR HAMAS LEADER  
KILLED IN ISRAELI STRIKE**

## EVENT

Hamas has confirmed the death of a senior commander in Gaza, Raed Saad, on Sunday, a day after Israel announced it had killed him in a strike near Gaza City. In a statement, Hamas identified Saad as the commander of its military manufacturing unit. However, Israel had previously described him as a **key architect behind the 7 October 2023 attack** that ignited the ongoing conflict in Gaza. Israeli authorities further asserted that Saad had been "engaged in rebuilding the terrorist organization," a move they claimed violated the ceasefire agreement established two months prior. Israel stated that Saad was killed following the detonation of an explosive device in the territory's south, which resulted in injuries to two of its soldiers. Israel and Hamas have repeatedly accused each other of truce violations. Israeli airstrikes and shootings in Gaza have killed at least 391 Palestinians since the ceasefire took hold, according to Palestinian health officials.

## COMMENT

As one report this week put it – *"The war has not ended; it has shifted. And while the world grows distracted, Israel is quietly preparing for the inevitable confrontation brewing against Iran and on their northern border."* Another says *"The quiet before the storm – Israel is still at war"*. The inner ring war which has clearly begun with Israel removing the pricking biers – the surrounding enemies – is not over yet. There is more to come. There must come a point when Israel is able to live in a false sense of peace and security - when the walls can come down. Will Hamas / Hezbollah make peace with Israel or will they have to be removed. The Bible says the latter. The inner ring war is still underway...

## BIBLE QUOTE

For Gaza shall be forsaken, and Ashkelon a desolation: they shall drive out Ashdod at the noon day, and Ekron shall be rooted up. Woe unto the inhabitants of the sea coast, the nation of the Cherethites! the word of the LORD is against you; O Canaan, the land of the Philistines, I will even destroy thee, that there shall be no inhabitant. (Zephaniah 2:4-5)

# What we learned from Putin's annual news conference

The New Statesman, December 19, 2025

## EVENT

If there was a single message to take from Vladimir Putin's marathon news conference on 19 December, it was this: do not expect an imminent end to the war in Ukraine. Despite Donald Trump's ongoing push for a peace deal by Christmas and his insistence that "we're closer now than we've ever been" to a halt to the fighting, Putin made clear that he believes Russia is winning the war and that he has no intention of abandoning his assault until his latest demands are met. These include Ukraine ceding the four regions he claims to have annexed in 2022, along with Crimea, which Russia has occupied since 2014, and go far beyond the proposed compromises hammered out by Ukrainian, European, and American negotiators in recent weeks. While claiming that Russia was "ready to end the conflict peacefully", Putin insisted that Russian forces were "advancing across the entire frontline. Far from preparing to usher in a new era of peace, Putin appeared to be girding the country for a longer war.

## COMMENT

What comes next with the Ukraine war? Russian President Vladimir Putin said there will be no more wars after Ukraine, if Russia is treated with respect - and dismissed claims that Moscow is planning to attack European countries as "nonsense". He also repeated his belief that Russia will achieve its demands – taking the entire Donbass region of Ukraine. With Bible in hand we can see that both these things are likely to happen. Russia will not launch a war on the whole of Europe – that would mean fighting against the huge bloc of nations that make up NATO. And Russia has struggled to even take a small area of land from Ukraine against a far weaker army than NATO. At some point a peace deal will be made and then Russia will turn its attention to Israel

## BIBLE QUOTE

Open thy doors, O Lebanon, that the fire may devour thy cedars. Howl, fir tree; for the cedar is fallen; because the mighty are spoiled: howl, O ye oaks of Bashan; for the forest of the vintage is come down. There is a voice of the howling of the shepherds; for their glory is spoiled: a voice of the roaring of young lions; for the pride of Jordan is spoiled. (Zechariah 11:1-3)

# Israel Prepares for a ‘Mass Immigration Event’

Jewish Times, December 17, 2025

## EVENT

No recent news story better encapsulates the febrile nature of these times than the November exercise in which representatives of Israeli government ministries, welfare agencies and core service providers gamed out various responses to what they termed a “mass immigration event.” Israel has, as is well known, a wealth of experience in dealing with such events. The state was barely a year old when it airlifted nearly 50,000 Yemeni Jews to a new life in the Jewish state. It more than doubled that number shortly afterward, flying more than 120,000 Iraqi Jews to Israel. Similar operations were executed decades later in Ethiopia, with three airlifts transporting the African nation’s beleaguered Jews in the mid-1980s and early 1990s. And it absorbed more than 1 million Jews from the Soviet Union following the collapse of the communist bloc. Throughout its existence, Israel has made good on its historic pledge to provide a haven to any Jew seeking one. Yet that experience may be of limited value in the present context, as **Israeli officials prepare for a not-inevitable-but-distinctly-possible mass influx of Jews fleeing a major upsurge of antisemitism.**

## COMMENT

Jews all around the world are recognising the fact that the safest place for them is in Israel. We know October the 7th happened in Israel so it might seem counter intuitive to return. But in Israel they would live with a government that is trying to protect Jews. Many governments around the world don't do this and actively promote anti Jewish ideas - allowing protests that call for the destruction of Israel etc. The Jews in Israel are calling upon their brethren around the world to return to the land. We can expect more Jews to return to the land in these last days. Ezekiel 37 is being fulfilled as we watch...

## BIBLE QUOTE

And say unto them, Thus saith the Lord God; Behold, I will take the children of Israel from among the heathen, **whither they be gone, and will gather them on every side, and bring them into their own land:** And I will make them one nation in the land upon the mountains of Israel

# Nato Chief: We must prepare for war with Russia within five years

The Times, December 11, 2025

Prepare for war with ruthless Russia, Nato chief tells Europe

## EVENT

Russia could attack a Nato country within the next five years, the Western military alliance's chief has said in a stark new warning. "**Russia is already escalating its covert campaign against our societies**," Mark Rutte said in a speech in Germany. "We must be prepared for the scale of war our grandparents or great-grandparents endured." He echoed similar statements about Russia's intentions made by Western intelligence agencies, which Moscow dismisses as hysteria. Rutte's warning comes as US President Donald Trump tries to bring an end to Russia's full-scale invasion of Ukraine, launched in February 2022. Earlier this month, **Russia's President Vladimir Putin said his country was not planning to go to war with Europe, but it was ready "right now" if Europe wanted to - or started a war.** But similar reassurances were given by Moscow in 2022, just before 200,000 Russian troops crossed the border and invaded Ukraine.

## COMMENT

The Russian bear has been prodded and poked by the continual expansion eastwards by the EU and NATO. Lands that were once part of the empire of the USSR have gradually been absorbed into the West. For Putin the final straw was Ukraine. A country where the Donbass region in particular speak Russian as their first language. There are many historical links between this area of Ukraine and the Scythians / Magog. So the bear has risen up and is not backing down on its territorial claims. At some point Russia will undoubtedly walk away with this area of Ukraine in its pocket. We wait to see what events bring this about. But will Russia then take on the whole of NATO? Unlikely. With Bible in hand we know Russia will launch a massive invasion into Israel and beyond into Egypt. This invasion comes after the agreement / stalemate comes in Ukraine....

Therefore, thou son of man, prophesy against Gog, and say, Thus saith the Lord GOD; Behold, I am against thee, O Gog, the chief prince of Meshech and Tubal: And I will turn thee back, and leave but the sixth part of thee, and **will cause thee to come up from the north parts, and will bring thee upon the mountains of Israel:**

(Ezekiel 39:1-2)

# Trump's Gaza peace plan struggles to progress

BBC, December 12, 2025

## EVENT

Two months into an American-imposed ceasefire, Gaza is stuck in the first phase of Donald Trump's peace plan - its territory divided between the warring parties, its people still displaced and surrounded by rubble. Plans for new homes - and new government - lie frozen in the next stage of US President Donald Trump's peace deal, as the search continues for Israel's last missing hostage, Ran Gvili. Israel's Prime Minister, Benjamin Netanyahu, has insisted Hamas must return all Israel's hostages – living and dead – before the two sides move on to the next, more difficult, stage of the peace deal. Many in Israel believe it would be politically difficult for Netanyahu to carry out the next steps in the deal, including withdrawing Israeli forces further back towards Gaza's perimeter, if even one hostage is still missing in Gaza.

## COMMENT

Stage 1 of the Gaza peace plan was for Hamas to hand over ALL hostages both dead and alive. Israel was to let in aid and withdraw to a line inside Gaza. Only one hostage remains in Gaza. He has died but Israel wants him back. When that happens both Israel and Hamas face difficult concessions in the next stage of the deal. For Hamas, it means handing over weapons and power. For Israel, handing over security to an international stabilisation force. In the WWW and several WWW video's we have pointed out that in Genesis 14 we have an allegory playing out right now. We read that Abraham's relatives are taken captive by an Iranian king and his allies. Abraham defeats the Iranian forces and brings back ALL the captives. A peace deal is made between Abraham and local kings. Then he meets Melchizedek who is a type of Christ. This is all playing out right now in these last days. A WWW talk on Damascus covers this. [CLICK HERE](#) to watch.

## BIBLE QUOTE

when Abram heard that his brother was taken captive, he armed his trained servants, born in his own house, three hundred and eighteen, and pursued them unto Dan. And he divided himself against them, ..... And he brought back all the goods, and also brought again his brother Lot, and his goods, and the women also, and the people. (Genesis 14:14-16)

# **Jordan: Israel has no right to sovereignty in Judea and Samaria**

Israel National News, December 9, 2025

## **EVENT**

The Jordanian Ministry of Foreign Affairs on Tuesday issued a sharply worded condemnation of statements by Israeli Finance Minister Bezalel Smotrich rejecting the establishment of a Palestinian state, alongside the announcement of an Israeli government plan to expand and build new communities in Judea and Samaria. In its statement, the ministry described the settlement plans as a blatant violation of international law and international humanitarian law, saying the moves undermine what it called the Palestinian people's right to self-determination and the establishment of an independent, sovereign state on the lines of June 4, 1967, with eastern Jerusalem as its capital. The ministry asserted that Israel holds no sovereignty over the territories captured in 1967. Ministry spokesman Ambassador Fouad al-Majali said Jordan rejects and strongly condemns the Israeli government's continued settlement policies in Judea and Samaria, as well as remarks by Israeli officials that Amman views as entrenching what it called "occupation and settlement expansion."

## **COMMENT**

When the Israeli government talks about "Judea and Samaria", it is referring to the same territory found in the international term "West Bank". Israel exercises military control across the entire West Bank. It is called the West Bank because the land lies to the West of the Jordan river. Jordan hosts about 2.4 million registered Palestinian refugees. Polls indicate that Palestinians are seen as a top regional issue by large majorities of Jordanians. The government also maintains the 1994 peace treaty with Israel, despite strong pro-Palestinian public sentiment. However, the Bible says that during the inner ring war Jordan will side with those who want to destroy Israel....

## **BIBLE QUOTE**

They have said, Come, and let us cut them off from being a nation; that the name of Israel may be no more in remembrance. For they have consulted together with one consent: they are confederate against thee: The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagarenes; **Edom and Moab are areas of modern day Jordan** (Psalm 83:4-6)

# Israel warns of major strikes if Hezbollah refuses disarm

World Israel News, December 11, 2025

## EVENT

The specter of a wider war resurfaced Thursday after the Hezbollah-aligned daily Al-Akhbar reported that American envoy Morgan Ortagus had conveyed a stark message to Lebanese officials: Israel is prepared to launch major strikes in Beirut and the Bekaa Valley unless Hezbollah surrenders its precision-guided missiles and armed drones by the start of 2026. European diplomatic sources in Beirut were cited as saying Ortagus relayed the message during her recent regional meetings. Jerusalem has not publicly commented on the report, but the warning reflects long-standing Israeli concerns about Hezbollah's expanding arsenal and Tehran's continuing efforts to upgrade the group's missile capabilities. According to the same report, Iraqi Prime Minister Mohammed Shia al-Sudani urged U.S. envoy Tom Barrack earlier this month to pressure Israel to halt its operations in Lebanon, claiming that any major strike against Shiite areas "would have consequences for the region, including Iraq.

## COMMENT

Hezbollah, meaning "Party of God", is a Lebanese Shi'a Islamist political movement and armed group. It is one of the most powerful non-state actors in the Middle East. Hezbollah has an operational presence in and around the city and region of Tyre in southern Lebanon. This area is widely reported by multiple sources as a key part of Hezbollah's southern military infrastructure. This is interesting with Bible in hand as Tyre is mentioned in relation to the inner ring war in several places. Joel 3:3 God says "what have you got to do with me Tyre and Zidon?" Amos 1:10 speaks of Tyre being burned up. Psalm 83 talks of the inhabitants of Tyre coming to an end like Sisera (peg through head)

## BIBLE QUOTE

Gebal, and Ammon, and Amalek; the Philistines with the inhabitants of Tyre; Assur also is joined with them: they have holpen the children of Lot. Selah. Do unto them as unto the Midianites; as to Sisera, as to Jabin, at the brook of Kison:

(Psalm 83:7-9)

# Lebanon received warnings Israel preparing wide-scale attack

Associated Press, December 12, 2025

## EVENT

Lebanon has received warnings from unnamed Arab and international parties indicating that Israel is preparing to launch a wide-scale military operation against the country, Lebanese Foreign Minister Youssef Raggi said Friday. Beirut is intensifying its diplomatic contacts “to protect Lebanon and its facilities from any potential strike,” Raggi said in statements carried by Lebanon’s National News Agency NNA. On Thursday evening, Israel’s public broadcaster KAN reported that the Israeli army has “completed preparations in recent weeks for a wide attack on Hezbollah-linked sites if the Lebanese government and army fail to meet their commitment to dismantle the group’s weapons by the end of 2025.” Israel “has informed the US that it will act on its own to disarm Hezbollah if this is not done effectively, even if it leads to days of fighting or a renewal of clashes on the northern front,” the broadcaster quoted a senior, unnamed security official.

## COMMENT

Not only does the Bible speak of the “inhabitants of Tyre” (Hezbollah) coming to an end it also say that Lebanon as a country will be drawn into the conflict. In Zechariah 11 (the chapter before the hugely significant prophecy chapters of 12-14) we read of fire coming on Lebanon. We read that the mighty cedar is fallen. The cedar tree is the symbol of Lebanon and so when we read that the cedar is fallen we are reading of the collapse of a nation. The next verse says that when Lebanon falls it causes the “young lions” to roar. The “young lions” are mentioned in Ezekiel 38 as being the opposing force to the king of the north. Clearly the fall of Lebanon causes distress for these nations. But the fall of Lebanon “opens the doors” to let in Gog/Putin into Israel itself.

## BIBLE QUOTE

Open thy doors, O Lebanon, that the fire may devour thy cedars. Howl, fir tree; for the cedar is fallen; because the mighty are spoiled: howl, O ye oaks of Bashan; for the forest of the vintage is come down. There is a voice of the howling of the shepherds; for their glory is spoiled: a voice of the roaring of young lions; for the pride of Jordan is spoiled. (Zechariah 11:1-3)

# Has a wise man at Nasa solved the Star of Bethlehem mystery?

The Times, December 8, 2025

## EVENT

Astronomers have debated the truth behind the Star of Bethlehem for centuries. Now, a Nasa scientist (Mark Matney) claims to have presented the first scientifically grounded theory capable of explaining its strange movement in the sky, as described in the Bible. The answer, he suggests, may involve a comet that very nearly ploughed into the Earth a little over 2,000 years ago. In the Gospel of Matthew, the star that leads the wise men to the infant Jesus first appears "in the east". It then "goes before" them on their short journey from Jerusalem to Bethlehem, before "standing over" the place where Jesus was born. Matney's contribution is to use a novel technique to look at how a bright comet (visible in 5BC) might have moved in the sky when viewed from the ground. After modelling a range of possible orbits consistent with ancient Chinese observations, he identified a set of trajectories that would have brought it close enough to Earth that, for a few hours, its eastward motion would nearly cancel out the effect of Earth's rotation.

## COMMENT

Ancient Chinese court records, kept for astrological reasons, noted a bright comet visible for more than 70 days beginning in the spring of the year 5BC. Historians typically place Jesus's birth somewhere between 6BC and 5BC, because Herod the Great, who was still alive during the visit of the Magi, died no later than 5BC. The comet path has been reconstructed by satellite engineers at NASA and they found that it would have appeared to pause in the sky on a June morning in 5BC. Seen from Judea, the comet's position would have been aligned with the road from Jerusalem to Bethlehem while climbing higher in the sky. The Bible says a star appeared and so we know something did happen. Maybe in these last days astronomers have worked it out.

## BIBLE QUOTE

Now when Jesus was born in Bethlehem of Judaea in the days of Herod the king, behold, there came wise men from the east to Jerusalem, Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him. **and, lo, the star, which they saw in the east, went before them, till it came and stood over where the young child was** (Matthew 2:9-10)

# Pope Leo makes stance clear on 'only solution' to Israeli-Palestinian conflict

The Independent, November 30, 2025

HIS HOLINESS POPE LEO  
XIV: PALESTINIAN STATE  
"ONLY SOLUTION"

## EVENT

Pope Leo XIV has unequivocally endorsed a two-state solution as the "only solution" to guarantee justice for both sides in the Israeli-Palestinian conflict, making his stance clear during his inaugural airborne news conference. The pontiff's comments came as he travelled from Istanbul to Beirut, marking his first formal engagement with the media during his maiden voyage. Addressing questions from Turkish journalists, the American Pope confirmed discussions with Turkish President Recep Tayyip Erdogan regarding the conflicts in Gaza and Ukraine. He noted Turkey's "important role to play" in both, acknowledging Ankara's previous efforts to facilitate negotiations between Russia and Ukraine. "Unfortunately we still haven't seen a solution. But today there are new, concrete proposals for peace," he stated, expressing the Holy See's hope that Mr Erdogan would continue dialogue with Ukraine, Russia, and the United States to achieve a ceasefire.

## COMMENT

This week Pope Leo reiterated the Holy See's long-standing support for a two-state solution, a position reinforced by its recognition of a Palestinian state in 2015. He emphasised the Holy See's mediating role: "We are also friends with Israel and we try with both sides to be a mediating voice that can help bring them closer to a solution with justice for all." The Bible has a lot to say about the Pope - as head of the Babylonian / Babel religion that masquerades as Christianity. The false religion of Rome is the "little horn" power of Daniel 7 and the "harlot" riding the beast in Revelation. The Papacy is anti Israel and has worked tirelessly at undermining Israel. The Bible indicates that the Pope himself will be involved in the partitioning of the land of Israel and could well be part of the future agreement that is concoted. Hence this article being very significant...

Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God.

(2 Thessalonians 2:3-4)

# **The Middle East's moment of opportunity is slipping away**

Washington Post, December 3, 2025

THE MIDDLE  
EAST CRISIS

## EVENT

The past two years of war brought death and destruction to the Middle East, but they also created remarkable openings for change in Gaza, Lebanon, Syria and Iran. **Sadly, those opportunities might be squandered because of mishandling and delay by the United States, Israel and the Arab states.** “Everything is stuck,” a senior Israeli defense official told me this week. Because diplomats have failed to capitalize on the disarray of Iran and its allies, “all the fronts in the Middle East are still open,” he warned. Most of Gaza’s population is still controlled by Hamas, Lebanon hasn’t fully regained its sovereignty from Hezbollah, and Iran is rebuilding its battered military. Other than the release of all living Israeli hostages from Gaza, **most of the goals of Trump’s 20-point peace plan appear stillborn.**

## COMMENT

We know that a time of **false** peace is going to come for Israel – which will involve the partitioning of the land. It will be at a time when the pricking briers have been removed – when Israel’s nearby and surrounding enemies have been destroyed and burned up. The nearby enemies are detailed in Psalm 83 and include “the inhabitants of Tyre”- Hezbollah. “The philistines” – Palestinians especially in Gaza area. “The ‘tabernacles (tents) of Edom – Palestinian refugees in Jordan who still live in tents. ”Moab and Ammon” both areas of Jordan. Assur we are told help these tribes – Assur is reference to Assyria which back when Psalm 83 was written covered Syria through Iraq to Iran. We are told that these enemies of Israel will end up destroyed as when Israel destroyed the Midianites. Six examples are given of leaders of Israel’s enemies back at the time of the Judges- all who were killed. The removal of Israel’s nearby enemies is still to come.

## BIBLE QUOTE

For they have consulted together with one consent: they are confederate against thee: The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagarenes; Gebal, and Ammon, and Amalek; the Philistines with the inhabitants of Tyre; Assur also is joined with them: they have holpen the children of Lot. Selah.

# **Lebanon's failure to disarm Hezbollah could reignite war with Israel**

*The Telegraph, December 1, 2025*

## **EVENT**

**Lebanon will not disarm Hezbollah by the US-imposed deadline, risking a major escalation in the Middle East**, current and former Israeli military officials have warned. The Lebanese Armed Forces (LAF) have been tasked with seizing and destroying all of the Iran-backed terror group's weapons by Dec 31. In May, Nawaf Salam, Lebanon's prime minister, said that they had achieved 80 per cent of their goal in demilitarising southern Lebanon. But despite optimism earlier in 2025 regarding the LAF's efforts, Israel has grown increasingly doubtful they will succeed. Speaking on condition of anonymity, an Israeli military official told The Telegraph that despite the LAF "acting in ways it hasn't in decades" it is still not doing enough to fully disarm Hezbollah. Responding to Mr Salam's claim that 80 per cent of Hezbollah had been disarmed in southern Lebanon, the official added: "That's a difficult number to accept." **Lebanon's failure to root out Hezbollah could have major repercussions in the region.**

## **COMMENT**

Israel could soon respond with even more force to Hezbollah's build-up. Benjamin Netanyahu, Israel's prime minister, has ordered regular strikes on Lebanon following a ceasefire agreement, but he could ramp up his operations in an attempt to wipe out the group. Israel says it has detected increased efforts by Hezbollah to smuggle weapons into Lebanon from Syria. The Israeli military has significantly escalated its attacks on the group, launching daily strikes across Lebanon, which has been met with fury in Beirut. There is great trouble coming to Lebanon because of the terror group (Hezbollah) that is embedded into the population. Joel 3 speaks of Tyre and Zidon (Hezbollah strongholds). God says he will bring a recompense upon them because of what they have done....

## **BIBLE QUOTE**

Yea, and what have ye to do with me, O Tyre, and Zidon, and all the coasts of Palestine? will ye render me a recompence? and if ye recompense me, swiftly and speedily will I return your recompence upon your own head;

# Russia 'ready' for war with Europe, Putin says

*The Times, December 2, 2025*

## EVENT

President Putin has said Russia is “ready” if Europe wants war and accused the continent’s leaders of trying to sabotage a Ukraine peace deal before talks with the US envoy Steve Witkoff. The talks between the Kremlin leader and an American delegation that also included Jared Kushner, President Trump’s son-in-law, lasted more than five hours before ending late on Tuesday night in Moscow. The meeting began around 7pm local time with the Kremlin confirming the talks had ended around midnight. The Kremlin aide Yuri Ushakov called the meeting “useful, constructive and meaningful”. But he said: “We are no closer to resolving the crisis in Ukraine, and there is much work to do.” In hawkish remarks on Tuesday just before he was due to meet Witkoff, Putin claimed European powers were hindering Trump’s efforts to end the war by putting forward proposals they knew would be “absolutely unacceptable” to Moscow.

## COMMENT

“We are not planning to go to war with Europe, but if Europe wants to and starts we are ready right now,” Putin told reporters. A video published on Monday showed Putin dressed in military fatigues, growing visibly angry after being told that Ukrainian soldiers were dying by the hundreds. Putin is preparing for war but the question is which war? Will he take on the whole of Europe and NATO? Russia has struggled to take a very small section of Ukraine despite Russia being far more powerful. It is highly unlikely Russia would then try to take on other nations in NATO. NATO’s doctrine says if one nation is attacked it is as if all are attacked and they would all come to that country’s aid. Russia is not going to take on all of Europe in war – they will descend south to Israel...

## BIBLE QUOTE

After many days thou shalt be visited: in the latter years thou shalt come into the land that is brought back from the sword, and is gathered out of many people, against the mountains of Israel, which have been always waste: but it is brought forth out of the nations, and they shall dwell safely all of them.

# Putin vows Russia will seize Donbas region by any means

CNN, December 4, 2025

## EVENT

Russian President Vladimir Putin said Moscow would seize Ukraine's Donbas region "by military or other means," digging in on one of his key demands as Ukrainian officials prepare for more peace talks that have yet to yield a deal. Putin arrived in New Delhi on Thursday where he will be hosted by Indian Prime Minister Narendra Modi, two days after a meeting at the Kremlin with a US delegation led by special envoy Steve Witkoff. Ahead of the Modi summit, Putin gave an interview with India Today, in which he said Russia would "liberate Donbas and Novorossiya in any case – by military or other means," according to Russian state media TASS. Asked what would constitute a victory for Russia in the war, Putin said: "We will finish it when we achieve the goals set at the beginning of the special military operation, when we free these territories. That's all." One of the Kremlin's biggest demands is for Ukraine to surrender territory in the Donbas region, which Russia has illegally annexed but not yet fully conquered.

## COMMENT

Putin has doubled down on territorial demands, which Ukrainian officials continue to reject. The path towards any compromise seems increasingly unclear. Despite Putin's bullish claims, Russian forces would only seize the entire Donetsk region in August 2027 at the current rate of their advance, an analysis by the Institute for the Study of War, a US-based conflict monitor, found. It is clear that Putin will by hook or by crook take the Donbass region of Ukraine. Amazingly ancient Magog covered southern Russia AND the Donbass region. The Donbass region predominately speak Russian and there are deep historical links of this area to the Scythians (Magog). The Bible says that Gog is of the land of Magog- which indicates Putin will indeed take the Donbass.

## BIBLE QUOTE

And the word of the LORD came unto me, saying, Son of man, set thy face against Gog, of the land of Magog, the chief prince of Meshech and Tubal, and prophesy against him, And say, Thus saith the Lord GOD; Behold, I am against thee, O Gog, the chief prince of Meshech and Tubal: (Ezekiel 38:1-3 RSV)

# All the ways Israel is being cancelled

*The Telegraph, December 6, 2025*

## EVENT

Spain, Ireland and the Netherlands boycotting the Eurovision Song Contest due to Israel's inclusion in the competition is only **the latest attempt to "cancel" the Jewish state over its war against Hamas**. Indeed, only this week, it emerged that Guinness World Records had informed the Matnat Chaim charity that its plans to bring together 2,000 people to donate kidneys couldn't become an official record because it is an Israeli organisation. The London-based organisation claimed this was fair, as it was also banning submissions from the Palestinian territories unless they were done in co-operation with the UN (an organisation with which Israel now refuses to work due to perceived bias). Academic groups are also turning on Israel. In June, the UN-founded International Sociological Association suspended the membership of Israeli public institutions. In September, Israeli archaeologists were told by the European Association of Archaeologists that they would be allowed to attend the organisation's annual meeting only if they hid their affiliations with Israeli universities

## COMMENT

Israel is mainly friendless and isolated in the world. In January this year, a collection of 12 countries coordinated legal, diplomatic and economic measures against Israel, including a comprehensive arms embargo. The 12 countries which have signed up to these measures are: Bolivia, Colombia, Cuba, Indonesia, Iraq, Libya, Malaysia, Namibia, Nicaragua, Oman, Saint Vincent and the Grenadines and South Africa. Several Western countries, including the UK, have imposed partial arms embargoes. Others to have imposed partial bans include Canada, Germany, Italy, Japan, the Netherlands and, under Biden, the US. Israel's isolation is leading to Armageddon...

## BIBLE QUOTE

In all history there has never been such a time of terror. It will be a time of trouble for my people Israel. Yet in the end they will be saved! For in that day," says the Lord of Heaven's Armies, "I will break the yoke from their necks and snap their chains .

# Israel prepares for renewed conflict as 3 ceasefires appear to show signs of strain

All Israel News, November 23, 2025

## EVENT

Although Israel technically has three concurrent ceasefires with enemies it has fought over the past two years, recent developments have raised concerns that these agreements may not hold much longer. The ceasefire with Hamas, the most recent of the three, appears to be under the greatest strain. Armed militants have been crossing the Yellow Line – which separates the Hamas-controlled and Israel-controlled parts of the Gaza Strip – on an almost daily basis. Israel has responded firmly to these violations, signaling its intent to prevent the terror group from rebuilding its capabilities. Over the weekend, Israel eliminated approximately 20 Hamas terrorists and terror commanders. At the same time, the Israeli military has continued to strike Hezbollah targets in Lebanon in response to the Shia terror group's efforts to re-establish itself in the south, including a rocket launch site in the Bekaa Valley on Saturday. However, the front that is causing the most concern for Israel's leadership is Iran. According to a report, Iran is preparing for a larger confrontation with Israel than the 12-day war in June.

## COMMENT

There are 3 shaky ceasefires in place between Israel and Hamas, Hezbollah and Iran. But there are multiple signs conflict may soon erupt again. Iran is rearming Hezbollah which led Israel to assassinate Hezbollah's chief of staff in Lebanon this week. Iran is still grappling with the economic consequences of international sanctions, a severe water shortage, and ongoing political unrest. Some analysts warn the regime may feel compelled to take action that diverts attention from its domestic shortcomings. Recent Israeli intelligence assessments indicate that Iran has been rebuilding ballistic missile sites. The inner ring war is not over yet and Iran may still have a part to play in it....

And there shall be no more a pricking brier unto the house of Israel, nor any grieving thorn of all that are round about them, that despised them; and they shall know that I am the Lord GOD.

# Israeli forces kill at least 10 in southern Syria raid

Associated Press, November 28, 2025

## EVENT

Israeli forces in southern Syria raided a village and opened fire when they were confronted by residents on Friday, killing at least 10, Syrian officials said, as Israel fights on a number of fronts while the shaky ceasefire in Gaza moves forward. Syria's foreign ministry said in a statement Friday that the attack was "a horrific massacre" and said women and children were among those killed. Israel said Friday it conducted an operation following intelligence information to apprehend suspects from Jamaa Islamiya, or Islamic Group, operating in Beit Jin to attack Israeli civilians. During the raid, several militants fired at Israeli troops, injuring half a dozen soldiers who were evacuated to a hospital, the military said. Syrian officials have condemned the Israeli incursions as a violation of Syria's sovereignty. On Friday the government called for the international community to take "urgent action" to halt Israeli incursions.

## COMMENT

The Israeli military is considering an expanded operation in southern Syria if it finds that Syrian government forces were involved in gunfire at soldiers during an arrest operation in Syria's south early Friday morning, Channel 13 (Israel TV news program) reported. The IDF said troops came under fire early Friday morning in the Syrian village of Beit Jinn. Six Israeli soldiers were wounded, three of them seriously. According to Syrian media, at least 13 people were killed by retaliatory Israeli strikes - the largest number since the fall of Assad. Syria condemned the operation as a "war crime." Israel is reportedly preparing for the possibility of attacks from Syria, either from Syrian troops or terror operatives. Isaiah 17 speaks of conflict between Israel and Syria. It will end in the total destruction of Damascus which will cease to be a city. That time is coming....

## BIBLE QUOTE

The burden of Damascus. Behold, **Damascus is taken away from being a city**, and it shall be a ruinous heap. The cities of Aroer are forsaken: they shall be for flocks, which shall lie down, and none shall make them afraid. **The very fact Damascus still exists is proof that this verse is not fulfilled. Damascus will cease to be a city.** [CLICK HERE](#) to watch a video on this. (Isaiah 17:1-2)

# Israel threatens to 'finish the job' in Gaza after Hamas attacks

The Telegraph, November 23, 2025

## EVENT

**Israel is threatening to "finish the job" in Gaza after a series of new ceasefire violations by Hamas.** Two Israeli officials told The Telegraph that the combination of daily violations and an unwillingness by foreign countries to send troops to disarm Hamas could leave them with no choice. "We see Hamas increasing their attacks on us in Gaza and constantly pushing the boundary," one official said. "It's unacceptable for us to continue like this. If Hamas doesn't stop violating the ceasefire on a daily basis, **Israel will have to go in and finish the job. It's looking increasingly like that.**" The comments come a week after the United Nations Security Council backed Donald Trump's peace plan for Gaza, which envisages an international stabilisation force tasked with disarming the Palestinian terror group. Turkey and Indonesia are the only countries to publicly commit to sending troops to Gaza.

## COMMENT

A very fragile peace process is in place in Gaza but there are violations on a daily basis. One senior Israel official said, "Things are going very slow and Israel doesn't have the luxury to wait around and watch Hamas grow stronger and increase attacks on Israeli soldiers. It's a matter of time before we have to go in and disarm Hamas, once and for all." Israel ramped up attacks against Hamas over the weekend in response to several incidents when Israeli troops came under fire. Trump also said this week "If Hamas does not behave, they will be terminated." Again with Bible in hand we know that the pricking briers will be removed BEFORE Russia invades. They have not totally been removed yet. The pricking briers are the surrounding peoples. They are detailed out in Psalm 83 and are clearly mentioned in Zechariah 12. After the inner ring war comes a false peace!

## BIBLE QUOTE

# **'With or without Netanyahu, Trump will lead us to two-state solution'**

*The Times, November 24, 2025*

## **EVENT**

Sitting in his office in Tel Aviv, Olmert, 80, a former prime minister, said that there was only one person with the power to deliver the historic changes required to end conflict in Gaza for good and bring about a two-state solution. And that person is not Binyamin Netanyahu. Outlined in President Trump's 20-point Gaza peace plan, a pathway towards Palestinian statehood was ratified by the United Nations security council last week. Now, Olmert told *The Times*, Trump finds himself in a unique position to engineer a settlement that has eluded American presidents for decades. Asked whether Netanyahu could lead Israel to a two-state solution, Olmert said: "Not Netanyahu. Trump is going to lead Israel into a two-state solution, and Netanyahu — at some point, Netanyahu will collapse." Trump, Olmert said, was therefore in a unique position. "No other world leader has the power, the means, the influence and the status," he said. "But I don't know for how long they can do this."

## **COMMENT**

Olmert was prime minister of Israel between 2006 and 2009. He is a left leaning politician who wants to make peace and give up land if that is required. It is very interesting to read his comments about how president Trump "is going to lead Israel into a two state solution". This is exactly what we have said in the WWW and in a YouTube video a few months ago. Trump's Gaza peace plan concludes with the establishment of a Palestinian State – the partitioning of Israel. We also showed how Israel actually accept this. Which in turn led us to believe that Netanyahu may not be in power at that point. This is also exactly what Olmert predicts. So after the inner ring war there is huge pressure put on Israel to divide the land. It is this division that is actually God's catalyst to bring down Gog

## **BIBLE QUOTE**

I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will plead with them there for my people and for my heritage Israel, whom they have scattered among the nations, **and parted my land**. The land of Israel will one day be partitioned. [CLICK HERE](#) to watch a video that explains how this will come about and also how it leads to Armageddon. (Joel 3:2)

# Trump 'to hand occupied Ukrainian land to Putin return for peace deal'

The Independent, November 29, 2025

## EVENT

Donald Trump could recognise Russia's illegal annexation of Crimea and other occupied territories in an **appeasement of the Kremlin's key demands for a peace deal, according to a report**. The US president is said to have sent special envoy Steve Witkoff and son-in-law Jared Kushner to Moscow with the expressed intention of offering Vladimir Putin US recognition of the occupied territories in return for a peace deal. A source told The Telegraph: "It's increasingly clear the Americans don't care about the European position. They say the Europeans can do whatever they want." Russia has refused to budge on its maximalist demands for a deal to end their war in Ukraine. On Thursday, Putin said his forces would fight on "until the last Ukrainian dies", in chilling comments that underlined Moscow's reluctance to engage with the peace process. Meanwhile, Europe has been making the case to Washington that Kyiv must have territorial sovereignty and security guarantees in any agreement.

## COMMENT

And here is yet another peace plan struggling to come over the line. A US delegation including special envoy Steve Witkoff is expected in Moscow in the first half of next week. Trump has put forward this peace plan as well and this also involves giving up land for peace – the very thing that essentially Israel will be asked to do. Putin said this week that new draft plan has now been shown to Russia, and that it could become the "basis" for a future agreement to end the war. We don't know what might happen yet to bring some negotiated peace between Ukraine and Russia but with Bible in hand we can be sure there will be. Why? Because Russia cannot fight two major wars at once. And God says that Russia will fight a huge war involving Israel – which is Armageddon.

## BIBLE QUOTE

He will cause deceit to prosper, and he will consider himself superior. **When they feel secure, he will destroy many** and take his stand against the Prince of princes. Yet he will be destroyed, but not by human power. **The time when people feel secure is when Gog (latter day Antiochus Epiphanes) will descend and invade Israel.**  
(Daniel 8:25)

# Pope Leo XIV calls for unity of the Christian world during Nicaea ceremony

EuroNews, November 28, 2025

## EVENT

Pope Leo XIV, the head of the Catholic Church, met with the leaders of the Eastern and Western churches in Iznik on Friday, one of the most important places in the history of Christianity, and prayed for unity among Christians. At noon, Pope Leo XIV, Patriarch Bartholomew I, the head of the Greek Patriarchate of Constantinople, and other religious leaders met in the area where the first council was held on the shore of Lake Nicaea. The meeting in 325 AD is also known for its "Nicene Creed", which is accepted by millions of Christians and still read in churches today. The leaders read this statement of faith together on the excavation site. "This declaration of faith is of fundamental importance for Christians moving towards full unity," Pope Leo said, calling for the overcoming of centuries of divisions in the Christian world. The Council of Nicaea is seen as a critical historical moment because it took place when the Eastern and Western churches were still under one roof.

## COMMENT

The 1700th anniversary of the Nicene Creed is being commemorated throughout 2025, following the First Council of Nicaea in AD 325. Celebrations include ecumenical gatherings and statements from leaders like the Presidents and heads of Christian churches. The Pope led prayers that Christians might be reunited once again. But what is the significance of the Council of Nicaea 1700 years ago and the Nicene Creed? The Nicene Creed was a statement of belief affirming that Jesus is "of one being with the Father" and "true God". In other words – God is Jesus and Jesus is God. Christadelphians totally reject this. God is NOT Jesus and Jesus is NOT God. Jesus is the son of God and totally separate as a person to God. The Trinity is a false doctrine...

## BIBLE QUOTE

Hereby know ye the Spirit of God: Every spirit that confesseth that Jesus Christ is come in the flesh is of God: And **every spirit that confesseth not that Jesus Christ is come in the flesh is not of God:** already is it in the world. Anyone who says Jesus is not flesh (i.e. is God) is not of God.
