# Patterns of Evidence - Exodus

The Times of Israel

## EVENT

Around the year 1,500 BCE, a Canaanite group that scholars call “Hyksos” and that ancient Egyptians called “Am” left Egypt in a mass exodus. Scholars call this the “Hyksos Expulsion”. At around the same time, the Bible tells us (in the Hebrew original) that the “Am Israel” (i.e., the Israelites) followed Moses to the promised land. Prof Manfred Bietak has been digging at Tell el-Daba’a in Egypt for over 40 years. He has identified it as “Avaris”, the ancient Hyksos capital. Avaris is smack dab in the middle of the area the Bible calls “Goshen” i.e., the area that the Israelites lived in prior to the Exodus. The word “Avaris” means nothing in Egyptian. But, in the Torah, Joseph is repeatedly called a “Hebrew” or “Ivri” in the Hebrew language. He is also repeatedly and curiously called “Ha Ish”; “The Man” [[11 times in 2 ch](#)]. In other words, the word “Avaris” may very well be related to Joseph, the “Ivri Ish”, or the “Hebrew Man” (Genesis 39:14). All this is lost in translation when Joseph is simply called a “Hebrew”. Put differently, the so-called Hyksos capital seems to be named after Joseph the “[Ivri-ish](#)” i.e., Avaris (in its anglicized form).

## COMMENT

Until recently, there has been nothing, other than an implicit and unwavering trust in the accuracy of Biblical account of history, to verify the Exodus of Israel from Egypt as an historical fact. Now we also have 3rd party verification. For years they were unable to find anything to verify the Exodus, or the conquest of Canaan by Israelites, because they were looking at too late a date (+/-1400 BC – i.e, “Rameses”), The Hyksos (shepherd-kings) Dynasty came to Egypt from Palestine contemporary with the patriarchs, Joseph and Moses. We know Joseph ruled over Egypt - one of the early "Hyksos"? Avaris is located in the layer under Ramses. These findings date the Exodus and conquest of Canaan at +/- 1600 BC – and then all the evidence lines up. The interesting thing is that this lines up with the date that bro Thomas gives in Chronikon Hebraikon for the Exodus (+/- 1600 BC).

## BIBLE QUOTE

And they departed from Rameses in the first month, on the fifteenth day of the first month; on the morrow after the passover the children of Israel went out with an high hand in the sight of all the Egyptians.

# Russia and Iran connect banking systems to avoid western sanctions

The Times, January 31, 2023

## EVENT

Iran and Russia have announced that they have connected their banking systems as they seek to deepen their economic relationship through bypassing western sanctions. The change allows transfers between the two countries without using the Belgian-based Swift payments system that connects banks globally and often uses America as an intermediary country. “Iranian banks no longer need to use Swift with Russian banks, which can be for the opening of letters of credit and transfers or warranties,” Mohsen Karimi, the deputy governor of Iran’s Central Bank, told the Fars news agency. Iran has been banned from Swift since sanctions were reimposed by the US in 2018, after it withdrew from the Iran nuclear deal. Many Russian banks have been banned since the Russian invasion of Ukraine. The two countries have been slowly building a somewhat uneasy partnership as they seek to bypass sanctions and help their economies. According to Karimi about 800 banks, including 106 non-Russian banks, will be connected to the Iranian system.

## COMMENT

One of the impacts of the war in Ukraine is that it has driven Russia and Iran together. It is true they worked together before but the war has accelerated cooperation over the last 6 months. Russia has had to rely on Iranian suicide drones to help it attack with precision Ukraine’s energy infrastructure. This week they have announced how their new connected banking systems can bypass sanctions. Effectively both nations have become pariah states and therefore have to depend on each other much more. Again with Bible in hand we can see how this was foretold in the book of Ezekiel where we read that the first nation on the list of those supporting Russia’s invasion is.... Iran....

## BIBLE QUOTE

Persia [Iran], Ethiopia, and Libya with them; all of them with shield and helmet: Gomer, and all his bands; the house of Togarmah of the north quarters, and all his bands: and many people with thee.

(Ezekiel 38:5-6)

# ***U.S. warns Turkey on exports seen to boost Russia's war effort***

*Rueters, February 4, 2023*

## **EVENT**

The United States warned Turkey in recent days about the export to Russia of chemicals, microchips and other products that can be used in Moscow's war effort in Ukraine, and it could move to punish Turkish companies or banks contravening sanctions. Brian Nelson, the U.S. Treasury Department's top sanctions official, visited Turkish government and private sector officials on Thursday and Friday to urge more cooperation in disrupting the flow of such goods. In a speech to bankers, Nelson said a marked year-long rise in exports to Russia leaves Turkish entities "particularly vulnerable to reputational and sanctions risks", or lost access to G7 markets. "There is no surprise...that Russia is actively looking to leverage the historic economic ties it has in Turkey," the official said. "The question is what is the Turkish response going to be." Reuters reported in December that at least \$2.6 billion of computer and other electronic components flowed into Russia in the seven months to Oct. 31. At least \$777 million of these products were made by Western firms whose chips have been found in Russian weapons systems.

## **COMMENT**

Turkey & the US continue to be on at least a diplomatic collision course if not more. Turkey is superficially a NATO member, but that relationship was formed in the days of the Cold War when Turkey was under more pro-west leadership. This is the latest test to the relationship. Also hovering is the Turkey's resistance to Finland's application to join the NATO alliance. Turkey is the current host nation to Constantinople (aka Istanbul), the home of the 4th Beast Dominion / "little horn of the Goat" - aka the Roman Empire. Bre Thomas & Mansfield believed that at least a partial fulfillment of the Dan 11:40 prophecy was the "push" from the K of S which took place when Britain expelled the Ottoman power in 1920, but there may yet be more of that "push" to come from the US, causing Turkey to be more receptive to the K of N when it comes against it as a "whirlwind".

## **BIBLE QUOTE**

And at the time of the end shall **the king of the south push at him**: and the king of the north shall come against him like a whirlwind, with chariots, and with horsemen, and with many ships; and he shall enter into the countries, and shall overflow and pass over.

*(Daniel 11:40)*

# We've seen true face of Iran, warns Israeli leader Netanyahu

The Times, January 31, 2023

## EVENT

Binyamin Netanyahu said the world had seen the “true face of Iran” and its “barbarism” as he met America’s top diplomat. Antony Blinken, the secretary of state, arrived in Jerusalem after several days of violence between the Israelis and Palestinians. **Iran had accused Israel of using drones to attack a factory in the central city of Isfahan after the violence.** Separate air strikes on convoys in eastern Syria, killing at least seven suspected militants, were also likely to have been launched by Israeli aircraft, analysts said. Israel has not commented on the air strikes, but explosive attacks on Iran have been a hallmark of Netanyahu’s previous terms in office. “They’ve seen the barbarism of this regime against its own people.” Netanyahu said. “They’ve seen how it exports aggression beyond its border and beyond the Middle East.” Blinken expressed his support for the people of Israel as they “confront terrorism”.

## COMMENT

Last Saturday an advanced weapons plant deep inside Iran was attacked with drones. Shortly after Saudi Arabia media claimed that the attack was carried out by the US and an allied force – almost certainly referring to Israel. On Monday, the Russian foreign ministry condemned the attack as a provocation, warning that “this act of **terror** could have unpredictable consequences.” Moscow has never used the term “terror” in relation to Israel’s long offensive against Iranian military targets before. This is taken to mean that Russia is warning Israel to back off from attacking sites in Iran. Russia needs Iran to produce drones for its own war against Ukraine. Israel however wants to stop Iran developing weapons that could one day be used against itself. The Bible says that Iran will be allied with Russia when it one day invades Israel.

## BIBLE QUOTE

And thou shalt come from thy place out of the north parts, thou, **and many people with thee**, all of them riding upon horses, a great company, and a mighty army: And thou shalt come up against my people of Israel, as a cloud to cover the land; it shall be in the latter days, (Ezekiel 38:15-16)

# Russia threatens Israel against arming Ukraine

Israel Unwired, February 2, 2023

## EVENT

Prime Minister Netanyahu is receiving enormous pressure from Western powers – especially the United States – to supply Ukraine with the Iron Dome defense system. This would be an extreme break with Netanyahu’s traditional “neutral” approach to conflicts not directly involving Israel. However, given the fact that Iran is providing advanced drones to Russia to use them against Ukraine – the same drones that are being produced to potentially attack the State of Israel – **Russia’s war against Ukraine is increasingly becoming connected with Iran’s obsession with destroying Israel. This connection does not seem to matter to Putin.** Putin has already warned Israel after the latter supposedly destroyed an advanced drone manufacturing facility near Ifshan, Iran. Now with the latest reports indicating that Israel is mulling sending Ukraine the Iron Dome system – **Russia has begun to threaten serious consequences if the deal goes through.**

## COMMENT

Russia’s invasion of Ukraine IS increasingly becoming connected with the standoff between Iran and Israel. Before Russia invades Israel there is an initial inner war around Israel that Israel wins (but is left weakened.) Iran is almost certainly the power behind the initial inner ring war. Almost every single nearby enemy of Israel is backed and funded by Iran. Also, they tend to only act when their “master” (Iran) tells them to. Psalm 83 details the “tribes” that surround Israel calling for their destruction. We are told that as well as ten tribes there is a nation “joined with them”. That nation is Assur. Usually translated Assyria. The territory of Assur in ancient times covered Syria, Iraq and western Iran. Iran will one day (soon) activate its proxy armies around Israel...

## BIBLE QUOTE

For they have consulted together with one consent: they are confederate against thee [Israel]: The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagarenes; Gebal, and Ammon, and Amalek; the Philistines with the inhabitants of Tyre; **Assur also is joined with them:** they have holpen the children of Lot. Selah.  
(Psalm 83:5-7)

# Israel and Palestinian violence at critical point

BBC, February 3, 2023

**EVENT** The UN envoy in Jerusalem has warned that surging violence in Israel and the occupied Palestinian territories has brought the situation to "the brink". In a BBC interview, Tor Wennesland called for "firm" diplomatic intervention to stem the bloodshed. He also warned of further deterioration due to declining international support for the Palestinian Authority (PA). "The UN cannot take over this responsibility, we cannot govern Palestine," he said. In the last month, more than 35 Palestinians and seven Israelis have been killed, following a year of spiralling violence involving near-nightly Israeli military search and arrest raids and a spate of Palestinian attacks. **It comes with the most radically nationalist government in Israel's history now in power, which has declared the principle of "exclusive" Jewish rights to all the land.**

**COMMENT** Trouble is at hand with Israel. When Antony Blinken landed at Ben Gurion airport on Monday he said he had arrived at a "pivotal moment". The new Israeli government is asserting "exclusive" Jewish rights to all the land (ie ending any idea of a future independent Palestinian state). There is an accelerating rate of bloodshed in the West Bank. There is also the growing threat of Iran. Mr Blinken kept using two phrases, "calling for calm" and "upholding our shared values". We know at some point Jerusalem will be the epicenter of a worldwide conflict. It starts with people "round about" Israel – or nearby or surrounding. But after this it draws in an outer ring of nations – Russia, Iran, Turkey etc. We are now on "the brink". Israel will almost certainly become headline news very soon. But at this time we should look up for our redemption draws nigh....

**BIBLE QUOTE** And then shall they see the Son of man coming in a cloud with power and great glory. And when these things begin to come to pass, then look up, and **lift up your heads; for your redemption draweth nigh.**

(Luke 21:27-28)

# Moscow warns they will 'gain world's attention' for an 'anniversary' attack

Independent, February 2, 2023

## EVENT

The Russian Foreign Minister Sergei Lavrov has sent an ominous message that **Russian diplomats are working on something huge to “gain the world’ attention”** for an “anniversary” attack as 500,000 Russian troops are ready “at the borders.” Lavrov told state TV that Russia will come out from the current situation much stronger and will be better able to defend themselves. Lavrov warned that Moscow will respond to the West sending longer range missiles and said that their support for Kyiv is playing a crucial role in how Russia responds. **Ukrainian intelligence chiefs have confirmed that around 500,000 troops will “try something” to launch a new “anniversary” attack on 24 February** in Ukraine. Oleksiy Danilov, secretary of Ukraine’s national security and defence council, said, “Now they are preparing for maximum activation, and they believe that by the anniversary they should have some achievements. “There is no secret that they are preparing for a new wave by February 24, as they themselves say.”

## COMMENT

There are some who believe that Russia is already defeated in Ukraine but this is far from the truth. Although the war has not gone to plan for Putin he is far from defeated and ready to give up. Many reports say that up to 500,000 troops could be involved in another onslaught later this month. Russia continues to threaten the use of nuclear weapons and this week have said something “huge” is planned soon for Ukraine. The fact is that Putin cannot afford to fail and walk away with nothing. Neither is it likely Russia will take over the entire country of Ukraine. For around 15 years we have identified the eastern part of Ukraine as being part of the original Magog. It is probable that Putin would settle for those annexed parts – thereby fulfilling Ezekiel 38 verse 2.

## BIBLE QUOTE

Son of man, set thy face against Gog, **of the land of Magog**, the chief prince of Meshech and Tubal, and prophesy against him, And say, Thus saith the Lord GOD; Behold, I am against thee, O Gog, the chief prince of Meshech and Tubal:

(Ezekiel 38:2 RSV)

# US to provide long-range missiles in latest aid package

BBC, February 3, 2023

## EVENT

The US says additional military aid to Ukraine worth \$2.2bn (£1.83bn) will include long-range missiles capable of doubling its attack range. It brings the total amount of military aid given to Ukraine to more than \$29.3bn (£24.31bn) since February 2022. The package includes ground-launched small-diameter bombs (GLSDB) which can hit targets 150km (93 miles) away. But officials refused to be drawn on speculation that the munitions could be used to attack parts of annexed Crimea. "When it comes to Ukrainian plans on operations, clearly that is their decision," Pentagon spokesperson Brig Gen Pat Ryder told reporters. "This gives them a longer-range capability, long-range fires capability, that will enable them, again, to conduct operations in defence of their country and take back their sovereign territory, Russian-occupied areas." Previously, Ukraine's longest range weapon was the Himars rocket system, which can hit targets at a range of up to 80km (50 miles). Kyiv used the system to devastating effect during its counter-offensive in the south and east last year.

## COMMENT

At the start of the Ukraine war the equipment sent to them by Britain and America was tame compared to what is being promised and shipped there now. Small anti tank rockets that have a range of a few miles now pales into insignificance to the long range missiles that can fly around 100 miles with precision. This high tech weaponry is goading Russia. The Bible says that that king of the south (US/UK) will "push" at Gog – the king of the north. The word push means to "gore" as with a horn of a bull or goat. A horn is a long sharp spike that is unlikely to kill but very likely to cause pain. Missiles themselves are similar – they cause pain but are unlikely to cause death (total defeat).

## BIBLE QUOTE

And at the time of the end shall **the king of the south push at him**: and the king of the north shall come against him like a whirlwind, with chariots, and with horsemen, and with many ships; and he shall enter into the countries, and shall overflow and pass over.

(Daniel 11:40)
