# Trump & Netanyahu plot next moves on Iran, Gaza, Abraham Accords

Israel News, July 12, 2025

## EVENT

It's true that no major announcements were made during Israeli Prime Minister Benjamin "Bibi" Netanyahu's four days at the White House or on Capitol Hill. Netanyahu and President Donald J. Trump didn't even hold a press conference in the Oval Office or the East Room — even though such events are standard operating procedure for foreign leaders visiting the White House. But don't mistake the lack of big headlines for a lack of high-stakes strategy. Neither Trump nor Bibi scheduled the trip to make news. Rather, they wanted to spend hours sitting together in person — face to face, heart to heart — doing two things that are tough to accomplish over the phone or via Zoom. First, Trump and Netanyahu wanted to carefully assess — with their top military and intelligence advisors — the precise level of damage done to Iran's nuclear sites and ballistic missile arsenal by the massive and historic airstrikes conducted by Israel and the United States last month. **Second, Trump and Netanyahu wanted to map out a series of strategies to shape a new Middle East — one that is peaceful and prosperous, secure for American and Israeli citizens, and that advances the vital national interests of both countries, as well as those of our Sunni Arab allies.**

## COMMENT

This article went on to say **"Are huge Mideast headlines coming soon?"** The US president and the Israeli prime minister spent many hours together this week. Netanyahu as well as meeting Trump met other senior US government officials and heads of the military. They are planning what comes next. What comes next is hugely significant. It is massive push (by Trump especially) to get peace deals done. To sort Gaza out and remove Hamas. To sign up Saudi Arabia into the Abraham Accords. Even to get a deal with Iran. It is a temporary false peace the Bible says precedes WW3....

## BIBLE QUOTE

For yourselves know perfectly that the day of the Lord so cometh as a thief in the night. For when **they shall say, Peace and safety; then sudden destruction cometh upon them**, as travail upon a woman with child; and they shall not escape.

(1 Thessalonians 5:2-3)

# Netanyahu nominates Donald Trump for Nobel Peace Prize

Sky News, July 8, 2025

## EVENT

**Israel's prime minister has nominated Donald Trump for the Nobel Peace Prize.** Benjamin Netanyahu made the announcement at a White House dinner, handing over the letter for the US president to read. "Coming from you in particular, this is very meaningful," Mr Trump said. The Israeli leader said Mr Trump was "forging peace as we speak, and one country and one region after the other". Organisers award the prize to the person who does the most for "fraternity between nations, for the abolition or reduction of standing armies and for the holding and promotion of peace congresses". Mr Trump took credit for stopping Iran and Israel's "12-day war" last month, announcing it with fanfare on Truth Social, and the ceasefire has so far held. The president has claimed US strikes obliterated Iran's purported nuclear weapons programme - and that the country now wants to restart negotiations. Away from Iran, fighting continues in Gaza and Ukraine.

## COMMENT

Trump covets one thing above many others... the Nobel Peace Prize. Barak Obama received one and Trump felt he should have had one last time he was in office when he orchestrated the Abraham Accords. More than anything he wants this award as he believes it will be his greatest legacy. The president who brought (more likely "bought"! ) peace. The areas he can do this are Gaza – getting a deal done there and hostages released & Hamas exiled. Also, Iran and a deal which stops Iran building a bomb. Also, Saudi Arabia and bringing them into the Abraham Accords. Also, Ukraine and pushing Putin into a negotiated standoff. Netanyahu nominated Trump for the Nobel Peace Prize this week. The Bible says a time of over confident peace is coming which leads to war.

## BIBLE QUOTE

A long time from now you [Gog] will be called into action. In the distant future you will swoop down on the land of **Israel, which will be enjoying peace after recovering from war** and after its people have returned from many lands to the mountains of Israel. **Ezekiel 38 says Israel is living at peace after war – the inner ring war – but it is an over confident false peace...** (Ezekiel 38:8 NLT)

# Macron calls for joint UK-France recognition of 'Palestine'

Israel National News, July 11, 2025

## EVENT

French President Emmanuel Macron on Thursday publicly called upon the United Kingdom to join France in recognizing a Palestinian state, asserting it as the sole path to enduring peace and security in the region. His remarks were made during a joint press conference in London at the conclusion of his three-day state visit. "I believe in the future of the two-state solution... which will allow Israel to live in peace and security with its neighbours," Macron stated. He advocated for a unified front between Paris and London, emphasizing, "We must unite our voices in Paris, London, and everywhere else to recognise a State of Palestine and initiate this political dynamic, which is the only one consistent with a perspective of peace." British Prime Minister Keir Starmer reaffirmed his government's support for Palestinian recognition "as part of a process," but underscored the immediate priority of securing a ceasefire in Gaza.

## COMMENT

In April, Macron announced that France intends to formally recognize a Palestinian state. While several countries have recognized "Palestine" in recent years, those moves were symbolic ones that have little, if any, actual diplomatic effect. Spain, Ireland and Norway formally recognized a Palestinian state in May of 2024. It may seem unlikely with Israel defeating its nearby enemies that any Palestinian State could ever be declared. However, with Bible in hand it is very possible this will happen. To bring about the temporary peace that Trump craves Israel may well be forced to accept a 2 state solution. It is this "parting" or "dividing" of the land that Joel 3 speaks about. The point is that Israel must do something that causes God to bring Gog against them – a partial division of the land would be breaking the covenant...See Deuteronomy 31:20

## BIBLE QUOTE

I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will plead with them there for my people and for my heritage Israel, whom they have scattered among the nations, and **parted my land**.

(Joel 3:2)

# Trump says US will send more weapons to Ukraine

Reuters, July 8, 2025

WILL SEND MORE WEAPONS  
TO UKRAINE: DONALD TRUMP

## EVENT

**U.S. President Donald Trump said on Monday the United States would send more weapons to Ukraine**, primarily defensive ones, to help the war-torn country defend itself against intensifying Russian advances. Washington's decision to halt some weapons shipments to Kyiv prompted it to warn the move would crimp its ability to fend off Russia's air strikes and battlefield advances, while drawing criticism from Democrats and some of Trump's fellow Republicans. "We're going to send some more weapons. We have to. They have to be able to defend themselves," Trump told reporters at the White House at the start of a dinner with Israeli Prime Minister Benjamin Netanyahu. "They're getting hit very hard now," he added. "We're going to have to send more weapons, defensive weapons, primarily." In a statement the U.S. Defense Department later said it would send additional defensive weapons to Ukraine at Trump's direction, to ensure the Ukrainians can defend themselves while efforts continue to secure a lasting peace.

## COMMENT

Trump seems to have reached a pivot point. He's shifted from unfathomably blaming the victim of the war, Ukraine, to accusing the aggressor, Russia, of needlessly prolonging it. Trump's patience with Putin has worn extremely thin. For this reason Trump is now sending more military equipment to Ukraine to support their war against Russia. Trump's declaration that he was fed up with "Putin's lies" this week shows the new direction of travel. Again, with Bible in hand we can work out that the Russian war against Ukraine (one might even say The West) has come to some sort of conclusion by the time Russia invades Israel. There is no way the Russian military could fight 2 wars at the same time.

## BIBLE QUOTE

He [Gog] will destroy those who are mighty, the holy people. He will cause deceit to prosper, and he will consider himself superior. **When they feel secure, he will destroy many** and take his stand against the Prince of princes. Yet he will be destroyed, but not by human power. **Notice it is when people are feeling secure that the destruction comes..** (Daniel 8:24- 25 NLT)

# US joins Ukraine peacekeeping coalition talks with force now 'ready to go'

MSN, July 5, 2025

## EVENT

The USA has for the first time joined talks on a **European-led peacekeeping force to aid Ukraine once the war ends, after Sir Keir Starmer said the mission is now fully prepared for deployment.** Emmanuel Macron described the so-called coalition of the willing as “ready to go” once a ceasefire is agreed, as he and the Prime Minister spoke with allies on the last day of the French president’s state visit to the UK. Planning for the coalition began in March following a summit at Lancaster House in central London, with the aim of policing a future end to the war in Ukraine. That summit saw European allies rally to the Ukrainian cause, following Volodymyr Zelensky’s tumultuous visit to the White House at the end of February. Under the coalition plans, troops from France and the UK would be placed in Ukraine, while other countries would provide logistical support, all with the aim of deterring further Russian aggression.

## COMMENT

This is almost certainly what will come at some point in Ukraine. A coalition of the willing send in troops from a European led peacekeeping force into Ukraine. This may be beyond comprehension right now but some third party force will have to patrol the new de facto line drawn in Ukraine to keep the negotiated standoff in place. These peacekeepers would effectively stop Putin’s advance. This is very similar to the ancient king of the north Antiochus Epiphanes. He tried to annex land but was prevented from doing so by the might and power of the Roman Empire. When Antiochus was stopped in his tracks and prevented from taking over land he went into a great rage. His rage, his anger and his ire was taken out on a certain people – the Jews. He slaughtered thousands in Israel. Putin will do them same. His evil thought will be to invade Israel...

## BIBLE QUOTE

Ships of the western coastlands will oppose him, and he will lose heart. **Then he will turn back and vent his fury against the holy covenant.** He will return and show favor to those who forsake the holy covenant. “His armed forces will rise up to desecrate the temple fortress and will abolish the daily sacrifice. **These are the exploits of Antiochus Epiphanes** (Daniel 11:30-31 NLT)

# Britain 'must prepare for war with Russia in next five years'

*The Telegraph, July 11, 2025*

## EVENT

**Britain must prepare for war with Russia within five years** by building bunkers and investing in air defences, the former Army head has warned. Gen Sir Patrick Sanders, who stood down as Chief of the General Staff last summer, said the UK needed to accept that war with Putin by 2030 was a “realistic possibility”. In his most stark comments yet on the threat Britain faces from Moscow, Sir Patrick said he did not know how many more “signals” the British Government needed for it to realise that it must act to increase the nation’s resilience. “If Russia stops fighting in Ukraine, you get to a position where within a matter of months they will have the capability to conduct a limited attack on a Nato member that we will be responsible for supporting, and that happens by 2030,” Gen Sir Patrick said in an interview with The Telegraph. Gen Sir Patrick said as the former head of the British Army, there had been unsuccessful “conversations” with the Government about building bomb shelters for civilians and underground command centres for the military in preparation for an attack.

## COMMENT

Gen Sir Patrick continued: “I don’t know what more signals we need for us to realise that if we don’t act now and we don’t act in the next five years to increase our resilience ... I don’t know what more is needed. This army general can see that Russia is now on a long term war footing. The war in Ukraine is not the last military campaign that Putin will fight. The Bible says that Britain is part of the alliance called “the king of the south”. Which comprises of Saudi Arabia, Gulf Arab States, UK and US. Russia and its allies (Iran, Turkey, Ethiopia, Sudan) are all part of the “king of the north.” Israel will be the nation at the centre of these two forces. This war over Israel is called... Armageddon..

## BIBLE QUOTE

**Sheba, and Dedan, and the merchants of Tarshish, with all the young lions** thereof, shall say unto thee, Art thou come to take a spoil? hast thou gathered thy company to take a prey? to carry away silver and gold, to take away cattle and goods, to take a great spoil?

# Trump and Netanyahu's 2-state vision: Gaza war's end, Abraham Accords expansion

Israel Hayom, June 26, 2025

## EVENT

A four-way telephone conversation between United States President Donald Trump, Secretary of State Marco Rubio, Prime Minister Benjamin Netanyahu, and Minister of Strategic Affairs Ron Dermer occurred directly after the American assault on Iran's nuclear installations. They reached consensus on these fundamental principles in general terms. They plan rapid implementation, beginning with Gaza warfare termination.

1. Gaza hostilities will conclude within two weeks, ending conditions will encompass four Arab nations (including Egypt and the United Arab Emirates) to administer the Gaza Strip, replacing the Hamas terrorist organization. The remaining Hamas leadership will face exile to other countries, while the hostages gain freedom.
2. Multiple nations globally will accept numerous Gaza inhabitants seeking emigration.
3. Abraham Accords expansion will bring Syria, Saudi Arabia, and additional Arab and Muslim countries to recognize Israel and establish official relationships.
4. Israel will declare its willingness for future Palestinian conflict resolution under the "two states" concept, contingent upon the Palestinian Authority reforms.
5. The United States will acknowledge limited Israeli sovereignty implementation in Judea and Samaria.

**COMMENT** This article was in Israel Hayom (Israel Today) and is Israel's most read newspaper. This report claims to have sources that confirm what is "planned" to come next after the US attack on Iran. According to this paper the US and Israel have reached consensus on these fundamental principles: Gaza hostilities to conclude within two weeks, Abraham Accords expansion to include Syria and Saudi Arabia, a two-state solution with limited Israeli sovereignty in Judea and Samaria. Next slide comments on these 5 points

## BIBLE QUOTE

Thus saith the LORD; For three transgressions of Gaza, and for four, **I will not turn away the punishment thereof; because they carried away captive the whole captivity**, to deliver them up to Edom: But I will send a fire on the wall of Gaza, which shall devour the palaces thereof:

(Amos 1:6-7)

# ***Trump and Netanyahu's 2-state vision: Gaza war's end, Abraham Accords expansion***

*Israel Hayom, June 26, 2025*

## **COMMENT**

### **1. Gaza hostilities to cease – Hamas exiled – hostages released**

We expect the pricking briars that surround Israel to be removed in this initial inner ring war. Therefore, Hamas being exiled can be expected with Bible in hand. We also expect the hostages will be released and an agreement made as this follows the allegory of Genesis 14 where hostages were rescued and a peace deal was made on Abraham's terms with the surrounding enemies that had been a thorn in his side.

### **2. Some nations to accept Gazan exiles**

Joel 3 says that those living in the area of the Gaza Strip (Philistia) will be “sold” and removed to a land “far off” called Sabea. We expect therefore for some Gazans to be exiled. See Joel 3:8

### **3. Abraham Accords expanded to include Saudi Arabia**

Saudi Arabia is part of the king of the south and so are the other Gulf Arab States so we do expect agreements along the lines of the Abraham Accords as Saudi Arabia is “onside” with Israel at the time of the end. See Ezekiel 38:13

### **4. Israel agrees to 2 state solution subject to Palestinian reforms**

Joel 3:2 talks about “the land” being “divided”. It is the division of the land that brings Armageddon. It is “breaking of the covenant” when Israel agrees to this. It is why God brings Russia against Israel. Russia's invasion is in fact God's hand against Israel.

### **5. US acknowledges limited sovereignty over West Bank**

We know from Ezekiel 38 that Israel dwells on the West Bank “the mountains of Israel”

## **BIBLE QUOTE**

And when Abram heard that his brother was **taken captive**, he armed his trained servants and he divided himself against them, he and his servants, by night, and smote them, and pursued them unto Hobah, which is on the left hand of Damascus. And **he brought back all the goods, and also brought again his brother Lot, and his goods, and the women also, and the people.** (Gen14:14-16)

# A ceasefire in Gaza appears to be close. Here's why it could happen now

Express News, June 22, 2025

## EVENT

After nearly 21 months of bloody war, it now appears a question of when rather than if a new ceasefire brings a pause to the fighting that has devastated Gaza, destabilised the region and horrified onlookers across the world. On Friday, Donald Trump said he expected Hamas to agree within 24 hours to a deal that Israel has already accepted. Analysts predict a formal announcement after Benjamin Netanyahu, Israel's prime minister, arrives in Washington on Monday on his third visit to the White House since Trump began his current term. One factor that has brought a new ceasefire closer is the brief conflict last month between Israel and Iran, which ended in a US-brokered ceasefire. That capped a series of military and political developments that had seriously weakened Tehran and the various militant groups it had supported around the region, which include Hamas. Israeli media have been briefed by "sources close to Netanyahu" that if Hamas cannot be disarmed in Gaza and its leaders exiled from the devastated territory through negotiations then Israel will resume military operations.

## COMMENT

The inner ring war we long looked for has been raging continually since October 7<sup>th</sup> 2023. This conflict has left Hamas, Hezbollah, Syria and Iran massively degraded and weakened. They have suffered major blow after major blow as Israel systematically and almost miraculously removed all the senior leadership of the terror groups that surrounded them. There could still be more to come but we can see Psalm 83 and Zechariah 12 playing out before us. Israel will never allow Hamas to continue to rule in Gaza again. We know that there is a brief time of peace for Israel that comes before Russia descends. We might be on the verge of that time. Destruction comes afterwards.

## BIBLE QUOTE

A **For when they shall say, Peace and safety; then sudden destruction cometh upon them**, as travail upon a woman with child; and they shall not escape. But ye, brethren, are not in darkness, that that day should overtake you as a thief. Ye are all the children of light, and the children of the day: we are not of the night, nor of darkness.

(1 Thessalonians 5:3-5)

# We have killed Hamas' Oct 7 mastermind, IDF claims

*The Times, June 28, 2025*

Senior Hamas Leaders Who Were Eliminated

## EVENT

The Hamas chief who is believed to be the mastermind of the Oct 7 attacks is reported to have been killed by an Israeli air strike, according to the Israel Defense Forces (IDF). In a statement on X, the IDF said it had “eliminated” Hakham Muhammad Issa Al-Issa – “one of the founders of Hamas’ military wing” in a targeted air strike on the Sabra neighbourhood of Gaza. “Issa led Hamas’ force build-up, training, and planned the October 7 massacre,” the post said. “As Head of Combat Support, he advanced aerial & naval attacks against Israelis.” A total of 1,320 Israelis were killed and more than 251 hostages seized in the Oct 7 attacks in 2023. The IDF claims Al-Issa “played a significant role in the planning and execution of the attack as well as serving as Head of the Training Headquarters”. They added he was “one of the last remaining senior Hamas terrorists in the Gaza Strip”. “The IDF & ISA will continue to locate and eliminate all terrorists involved in the October 7 massacre,” they said.

## COMMENT

Psalm 83 speaks of a confederacy of tribal peoples that come together to try and destroy Israel. These tribes are backed by a nation called Assur. In ancient times this also included Iran. The fate of these pricking briars that surround Israel is also detailed out in that Psalm. Asaph the prophet lists out 6 military commanders who lived at the time of the Judges. All 6 of the military leaders / rulers are mentioned in Judges 4-8. All 6 of them were killed. Gideon defeated 4 of these enemies. But he did so with God’s help and support. It is God that has delivered Israel from these same enemies today. But something happens in Israel after this for God then to bring Russia against his people....

## BIBLE QUOTE

Do unto them as unto the Midianites; **as to Sisera, as to Jabin**, at the brook of Kison: Which perished at Endor: they became as dung for the earth. Make their nobles **like Oreb, and like Zeeb**: yea, all their princes as **Zebah, and as Zalmunna**: **All these military leaders were killed. History is repeating itself in the inner ring war....**  
(Psalm 83:9-10)

# Trump Says He's 'Very Unhappy' With Putin Call, Hints at New Sanctions

*Moscow Times, July 3, 2025*

## EVENT

U.S. President Donald Trump said Friday that he was "very unhappy" about his telephone call with Vladimir Putin on the war in Ukraine, saying the Russian leader just wanted to "keep killing people." "It's a very tough situation. I told you I was very unhappy with my call with President Putin. He wants to go all the way, just keep killing people, it's no good," Trump told reporters aboard Air Force One. Trump also hinted that he may finally be ready to toughen sanctions against Russia, having held off for the past six months while he tried to persuade Putin to end the war. "We talk about sanctions a lot," Trump said. "He understands that it may be coming." Trump added that he and Ukrainian President Volodymyr Zelensky, meanwhile, had a "very strategic call" on Friday, as concerns mounted in Kyiv over U.S. military aid deliveries. Zelensky said earlier that the two leaders had agreed to work to "strengthen" Ukraine's air defenses, following Russia's largest drone and missile barrage of the invasion so far.

## COMMENT

Vladimir Putin ordered the largest-ever bombardment of Ukraine hours after coming off the phone to Donald Trump. More than 550 drones and missiles were launched at Ukraine overnight, with Kyiv bearing the brunt of the seven-hour barrage. It left one dead, 23 injured and the capital choked by explosions, smoke and fires. Mr Trump described his phone call with the Russian leader as "disappointing" and said he was "not happy" Trump said he had also discussed sending Patriot interceptor missiles to Ukraine in a separate call with German Chancellor Friedrich Merz on Friday. At some point something will happen that will bring the Ukraine war to a stalemate. Russia is highly unlikely to invade Israel while it is fighting a full scale war with Ukraine....

## BIBLE QUOTE

And through his policy also he shall cause craft to prosper in his hand; and he shall magnify himself in his heart, **and by [through] peace shall destroy many**; he shall also stand up against the Prince of princes; but he shall be broken without hand. **After peace destruction comes**

# Europe's hottest on record as heatwave brings new temperature highs

Euronews, July 2, 2025

## EVENT

Last month is likely to be one of Europe's hottest Junes on record as extreme heat driven by climate change affects millions across the continent. As Europe bakes in its first major heatwave of the year, temperature records are being broken across the continent. During June, countries experienced temperatures more typical of July and August, with records broken from the Arctic Circle to the Mediterranean. The Portuguese weather service (IPMA) reported 46.6° C in Mora on 29 June - the hottest ever recorded in mainland Portugal during June. Norway's Banak station reached 32.5° C, the highest temperature ever recorded within the European Arctic for the month. The extreme heat has brought health warnings, school closures and restrictions on outdoor work. "June 2025 has become the second hottest June since records began in 1900, behind June 2003," French Ecology Minister Agnes Pannier-Runacher said on Wednesday morning. Later, Pannier-Runacher added that more than 300 people have been taken into emergency care, and two had died as a result of heat-related illnesses.

## COMMENT

Climate change modifies extreme weather events. In other words, it increases the intensity and likelihood of heatwaves and other extreme weather events. It doesn't cause them; extreme weather events have always happened. But it does make heatwaves much worse and more harmful. Some countries are able to cope better than others as the extremes increase. Climate change fuelled heat is already making life far more difficult in Africa. In February 2025 in South Sudan, schools had to be shut for two weeks because children were collapsing from heatstroke. We see the physical world itself groaning and suffering as it waits for Christ to return and heal all things...

## BIBLE QUOTE

For we know that the whole creation groaneth and travaileth in pain together until now. And not only they, but ourselves also, which have the firstfruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to wit, the redemption of our body.

(Romans 8:22-23)

# Operation Midnight Hammer: how the US strikes Iran unfolded

*The Times, June 23, 2025*

## EVENT

Shortly after midnight on Saturday, a large “strike package” of American B-2 Spirit stealth bombers set off from the Whiteman Air Force Base, Missouri, under a mission codenamed Operation Midnight Hammer. The task for many of the pilots was to fly some 7,000 miles, into Iranian airspace undetected and destroy Tehran’s nuclear programme. Their mission was like no other that had gone before. “The scope and scale of what occurred last night would take the breath away of almost any American if you had an opportunity to watch it in real time,” said Pete Hegseth, the US defence secretary, describing the operation as “bold and brilliant” in a press conference at the Pentagon on Sunday. It would be the longest journey by the B-2s since 2001 in the days after 9/11 and the first ever operational use of a huge “bunker-buster” bomb, the Massive Ordnance Penetrator (MOP). More than 145 US aircraft, including 4th and 5th generation fighters, air-to-air refueling tankers, spy planes and a guided-missile submarine were involved.

## COMMENT

Trump said the attack had “completely and totally obliterated” the three nuclear sites. According to the Pentagon, all three sites sustained “extremely severe damage and destruction”. Israel’s president, Isaac Herzog, was more cautious in his assessment, warning the BBC that the full details are yet to emerge. “But it’s quite clear to me that the Iranian nuclear programme has been hit substantially,” Herzog added. Trump is claiming complete victory and mission accomplished but as we know (with Bible in hand) Iran survives the initial inner ring war to one day join forces with Russia and invade Israel. It is highly possible therefore that the regime not only survives but also has kept the ability to develop nuclear weapons to use in the future – at Armageddon...

## BIBLE QUOTE

**Persia, Ethiopia, and Libya with them;** all of them with shield and helmet: Gomer, and all his bands; the house of Togarmah of the north quarters, and all his bands: and many people with thee. Be thou prepared, and prepare for thyself, thou, and all thy company that are assembled unto thee, and be thou a guard unto them.

# Iran's foreign minister to meet Putin after 'red line' crossed

*The Telegraph June 22, 2025*

## EVENT

Abbas Araghchi, Iran's foreign minister, is headed to Moscow where he will meet Vladimir Putin on Monday. Russian President Vladimir Putin told Iran's foreign minister on Monday there was no justification for the U.S. bombing of his country and that Moscow was trying to help the Iranian people. Putin hosted Iranian Foreign Minister Abbas Araqchi in Moscow two days after U.S. President Donald Trump sent U.S. bomber planes to strike Iran's three main nuclear sites. "The absolutely unprovoked aggression against Iran has no basis and no justification," Putin told Araqchi in televised comments. "For our part, we are making efforts to assist the Iranian people," he added. "I am very glad that you are in Moscow today, this will give us the opportunity to discuss all these pressing issues and think together about how we could get out of today's situation." Araqchi told Putin that Iran was conducting legitimate self-defence, and thanked Russia for condemning the U.S. actions. He conveyed best wishes to Putin from Iran's supreme leader and president.

## COMMENT

Before Saturday's U.S. strikes, Moscow had warned that U.S. military intervention could destabilise the entire region and plunge it into the "abyss". Asked what Russia was ready to do to help Tehran, Kremlin spokesman Dmitry Peskov said: "It all depends on what Iran needs". It is very interesting to see Iran rush straight off to Russia to ask for Putin's support and assistance. There is an intriguing verse in Ezekiel 38. Verse 7 says that Gog (Russian leader / Putin) acts as a guard (protector) of Persia (Iran). But the next verse says "thou (Gog / Putin) will be visited." This word means to be visited but it also means sought after, needed. Putin is indeed being sought after....

## BIBLE QUOTE

**After many days thou shalt be visited:** in the latter years thou shalt come into the land that is brought back from the sword, and is gathered out of many people, against the mountains of Israel, which have been always waste: but it is brought forth out of the nations, and they shall dwell safely all of them.  
(Ezekiel 38:8)

# Iran's parliament votes to close the Strait of Hormuz

Express News, June 22, 2025

## EVENT

The Iranian parliament has approved the closure of the Strait of Hormuz after the US launched attacks on the country's nuclear facilities. The strait is a key passage through which 20 percent of global oil and gas demand flows. Major oil producers, including Saudi Arabia and the United Arab Emirates, rely on the waterway for access to the open sea. The closure of the shipping corridor is expected to disrupt global oil supplies, causing a significant increase in prices, and could temporarily limit the ability of US warships to exit the Persian Gulf. State television reported this afternoon that Iran's top security body will now make the final decision on whether to close the maritime transport corridor. Esmail Kosari, a commander of the Revolutionary Guard, said that this is on the agenda and "will be done whenever necessary," it reported. Telegraph, reports Gazeta Express. The US military has caused "extreme damage and destruction" at three of Iran's most critical nuclear sites, America's top general said.

## COMMENT

Lawmakers in Tehran voted to respond to the US strikes by cutting off vital shipping lanes through the important shipping route following Trump's decision to join the war between Israel and Iran. The Iranian parliament's decision is not binding, and state television said a final decision would rest with top Iranian security officials. In the end the Strait was not closed and both sides have accepted a truce. But the Bible says at some point the Strait of Hormuz will be "besieged". It comes when the world is in travail as a woman in labour pains. It is possible that the shutting down of the Strait of Hormuz happens when Russia comes to take a spoil. Isaiah 21 says the siege happens when the spoiler spoileth. Russia comes to take a spoil from Israel and therefore is the spoiler.

## BIBLE QUOTE

A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and **the spoiler spoileth**. Go up, O Elam: besiege, O Media; all the sighing thereof have I made to cease. The "besiege" by Elam is of the sea it borders – the Persian Gulf which passes through the Strait of Hormuz Ezekiel 38 tells us that Russia is the spoiler....Elam is Iran. (Isaiah 21:2)

# Ali Khamenei's logic, he did beat the US — by surviving

The Times, June 26, 2025

## EVENT

The US invasion of Iraq, initially so successful, turned into a much longer and grimmer “asymmetric” war. It was Khamenei’s lieutenants who funded and organised many of the Iraqi militias that wreaked such devastating harm on US and British troops with their roadside bombs and ambushes over the coming years. In his first public appearance since the strikes, Ali Khamenei claimed victory, despite the undoubted destruction of at least large parts of his nuclear programme. “The Islamic Republic won, and in retaliation dealt a severe slap to the face of America,” he said. The victory Khamenei really seeks is the survival of his regime and its ideology of “resistance” against Israel. Neither the US nor Israel has carried out their threats to kill him, while on Thursday his defence minister was consulting his Russian and Chinese counterparts on his next steps, and he clearly feels there is still fight in his 86-year-old body. That, for him, may be victory enough.

## COMMENT

It may seem perverse for the Iranian leader to claim victory when Israel (and the US) have caused so much destruction on Iran’s leadership and also military equipment. Many key military commanders were killed as were leading nuclear scientists in Iran. There is an allegory being played out in these events. Genesis 14 says that an Elamite king (Iranian king) called Chedorlaomer took Abraham’s relatives hostage. The Elamite (Iranian) king had a number of local proxy armies that also helped in the war. But Abraham rescued the hostages and defeated the Elamite king and his armies. Abraham then orchestrated (dictated) peace terms. Then Abraham met Melchizedek (type of Christ). Israel is defeating the local armies headed up by Iran – leading to Christ’s return

## BIBLE QUOTE

And the king of Sodom went out to meet him [Abraham] **after his return from the slaughter of Chedorlaomer, and of the kings that were with him**, at the valley of Shaveh, which is the king’s dale. And Melchizedek king of Salem brought forth bread and wine: and he was the priest of the most high God. **Abraham meeting Melchizedek is a type of Israel meeting Christ** (Genesis 14:17-18)

# Netanyahu: Victory opens door to dramatic expansion of the peace agreements

Israel National News, June 26, 2025

## EVENT

Prime Minister Benjamin Netanyahu said in a video message on Thursday that Israel obtained a significant victory over Iran and stressed that there is now a strategic opportunity to advance more peace agreements. In his remarks, Netanyahu quoted the Psalm: "The Lord gives strength to His people; the Lord blesses His people with peace." He added: "We fought with strength against Iran and achieved a great victory. This victory opens the door to a dramatic expansion of the peace agreements. We are working on this vigorously." Netanyahu noted that "alongside the release of our hostages and the defeat of Hamas, there is a window of opportunity here that must not be missed. Not a single day should be wasted." Minister of Finance Bezalel Smotrich responded to Netanyahu: "Expanding the Abraham Accords is a wonderful thing. Peace treaties from a position of strength, with security potential and economic development for the entire region.

## COMMENT

One of the key things that potentially comes next is a peace agreement between Israel and other gulf Arab nations. There may also be some agreement that ends the war in Gaza with remaining hostages returned and some in Gaza relocated elsewhere. Trump is pushing hard for an extension to the Abraham accords and as he desperately wants a Nobel Peace Prize will push for a peace agreement as soon as possible. We do expect a temporary "peace" before Russia invades. Ezekiel 38 speaks of Israel dwelling without walls or bars or gates and prospering economically. This is NOT true peace - more of an over confidence all is sorted. It is possible Israel ends up agreeing to divide the land for the sake of peace. It is this division that Joel 3 speaks about. Then Russia invades.

## BIBLE QUOTE

I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will plead with them there for my people and for my heritage Israel, whom they have scattered among the nations, **and parted [divided] my land.**

(Joel 3:2)

# A New Middle East Is Unfolding Before Our Eyes

Time Magazine, June 25, 2025

## EVENT

It might be difficult to discern through the black clouds billowing from bomb craters in Tehran, but Iran has spent most of the 21st century as the region's rising power. Until recently, things had really been going its way. In Iraq, the U.S. toppled Saddam Hussein, then departed, having turned Iran's largest and most dangerous neighbor from an enemy to a vassal even before Tehran's militias rescued Baghdad from ISIS, and then stayed. The forces Iran sent to Syria did double duty, rescuing the Assad regime while opening an arms pipeline to Hezbollah, the Iran-backed militia fighting beside them. Based in Lebanon, Hezbollah was the crown jewel of the "Axis of Resistance" that Iran had arrayed against Israel. And for more than 80 years, opposition to Israel had defined the Middle East. For the Islamic Republic of Iran, it still does. Removal of the Jewish state from "Islamic lands" is core to the ideology of the 1979 Islamic Revolution, which cast Iran in the unlikely role of leader of the Muslim world. America was the Great Satan, but for Iran's proxies in Baghdad, Lebanon, and Yemen, Israel was the nearer target. So on the eve of Oct. 7, 2023, the leaders of Hamas, the only prominent Palestinian node in the axis, had reason to assume that after breaching Israeli defenses on the Gaza Strip and pouring into Israel by the thousands, they would not be fighting alone for long. But the axis of resistance barely resisted at all.

## COMMENT

Trump believes his decision to attack Iran will bring a permanent peace to the Middle East. It will bring a temporary peace and some more agreements, however, it will end in disaster and total world war centred on Jerusalem. Iran has turned to Russia and we know Putin will listen and begin his evil plans to invade Israel. Autocratic leaders like Putin react badly when they see other autocratic nations attacked. Putin will respond...

## BIBLE QUOTE

For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape. But ye, brethren, are not in darkness, that that day should overtake you as a thief. Ye are all the children of light, and the children of the day: we are not of the night, nor of darkness.

(1 Thessalonians 5:3-5)

# The Real Reason Iran Wants to Destroy Israel

Dr. Tim Orr's Blog, Dec 10, 2024

## EVENT

For Iran's leadership, Israel's destruction isn't just a goal; it's seen as a divine requirement—a step toward bringing about the return of the Mahdi, the Twelfth Imam. This isn't something that can be fixed with diplomacy or appeasement, and it's a reality that far too many in the West fail to grasp. Iran's war against Israel is not a political struggle but a religious war rooted in Twelver Shia [eschatology](#)—a theology that exalts death, martyrdom, and the creation of chaos as a path to ushering in the end of the world. Iran's aggression springs from a belief system that glorifies destruction as a necessary precursor to divine intervention & views bloodshed as sacred and sees Israel's existence as a spiritual affront that must be wiped out to fulfill apocalyptic prophecy. At the center of this eschatological vision is the Shia belief in the Twelfth Imam, also known as the Mahdi. According to Twelver Shia theology, the Mahdi is the final and ultimate savior who will emerge to restore divine justice and lead the world into an era of global Islamic dominance. Iranian clerics preach that their role accelerates the Mahdi's return by creating the conditions foretold in prophecy. In this narrative, Israel is the "obstacle" that delays the Mahdi's reappearance. Iranian [Shiite] leaders claim that the Mahdi will not emerge until the "last drop of Jewish blood" is spilled.

## COMMENT

To understand Iran's motivations, one must move beyond secular frameworks and acknowledge that this is not about politics or borders or even hatred. Iran's leaders are driven by the fundamentalist conviction that they are carrying out a divine mission — one that demands Israel's destruction as the gateway to a global Islamic order. The Mohammedan hordes that emerged from the "pit" (Arabah) in 700 AD will, with the King of the North, form the eastern leg of the image that will, with the Papal Western leg coalition, meet its Armageddon destruction after descending on the land of Israel and destroying 2/3 of the Israeli population. The Arab people, however, will be among the first converts of the Christ-body. It is noteworthy that in almost all aspects the Shiites and true Christians are currently at diametric cross-purposes & convictions..

## BIBLE QUOTE

And he opened the bottomless pit (**Dead Sea area - lowest point on earth**); and there came out ...locusts (**Heb arab Jdg\_7:12**) upon the earth: and unto them was given power, as the scorpions of the earth have power. And they had a king (**Caliph - Mohammed**) over them, which is the angel (**messenger**) of the bottomless pit (**delivering the Quran**)

# Russia warns US against 'military intervention' Iran

France24, June 19, 2025

## EVENT

Moscow issued its warning after **Russian President Vladimir Putin and his Chinese counterpart Xi Jinping in a phone call condemned Israeli attacks on Iran** and urged a diplomatic solution to the conflict. Israel launched an unprecedented wave of strikes at Iran last week, to which Tehran responded with missile and drone attacks. US President Donald Trump announced on Wednesday he was considering whether to join Israel's strikes. "I may do it, I may not do it," he said. Russian foreign ministry's spokeswoman Maria Zakharova told reporters: "We would like to particularly warn Washington against military intervention in the situation." Any US military action "would be an extremely dangerous step with truly unpredictable negative consequences", she added. **Earlier on Thursday, following the leaders' call, the Kremlin said Putin and Xi "strongly condemn Israel's actions". Xi told Putin that a ceasefire was the "top priority" and urged Israel to halt its attacks, Chinese state media reported.**

## COMMENT

Russia is close to Iran, having boosted military ties amid its offensive on Ukraine. Putin does not want Iran to be weakened as he would lose a key ally in the region. China is also allied with Iran and has joined Russia in condemning the Israeli strikes against the regime. Putin sees himself as a possible mediator in this conflict and has offered to do this. But president Trump sees things differently and has pushed back against this idea. "He actually offered to help mediate, I said: 'do me a favour, mediate your own'," Trump told reporters on Wednesday about Putin's efforts. "Let's mediate Russia first, okay? I said, Vladimir, let's mediate Russia first, you can worry about this later." The Bible says that Russia will be led by a ruler who decides to invade Israel. Putin could be that man.

## BIBLE QUOTE

Therefore, thou son of man, prophesy against Gog [Russian leader / Putin?], and say, Thus saith the Lord GOD; Behold, I am against thee, O Gog, the chief prince of Meshech and Tubal: And I will turn thee back, and leave but the sixth part of thee, and will cause thee to come up from the north parts, and will bring thee upon the mountains of Israel:

# Israeli strikes kill some of Iran's most powerful men, including military and nuclear leaders

The Guardian, June 13, 2025

## EVENT

Iran's highest-ranking military officer, the head of its elite Revolutionary Guards Corps and its air force and a former national security chief have all been killed in Israel's unprecedented Operation Rising Lion. Their deaths will send shockwaves through the nation's military establishment and could seriously hamper the Islamic Republic's ability to respond to Israel's attacks. Here's what you need to know about them. As the head of the secretive Islamic Revolutionary Guard Corps (IRGC) Major General Hossein Salami, was one of the most powerful men in Iran, overseeing its most potent military arm and reporting directly to its Supreme Leader Ayatollah Ali Khamenei. Since 2016 Mohammad Bagheri had served as the chief of staff of Iran's armed forces. The General Staff is "the most senior military body in Iran, which implements policy and monitors and coordinates activities within the armed forces", according to a US Treasury document laying out sanctions against Bagheri in 2019. Ali Shamkhani was a close aide to Iran's Supreme Leader Ayatollah Ali Khamenei and represented Tehran at talks which sealed a landmark agreement to restore diplomatic ties with foe Saudi Arabia.

## COMMENT

Psalm 83 describes an inner ring war of tribes that surround Israel who decide to destroy those living in the land. All of those listed are tribes that live round about Israel. But these tribes we are told also have a nation supporting them. Psalm 83 says that nation is Assur. Assur is Assyria and when the Psalm was written Assur covered Syria, Iraq and Iran. Iran clearly is the power with proxy forces in Syria and Iraq. But we are told that all these enemies will suffer as Sisera suffered. Sisera was a military commander who was killed. Israel today is killing the commanders of Assur....

## BIBLE QUOTE

Assur also is joined with them: they have holpen the children of Lot. Selah. Do unto them as unto the Midianites; as to Sisera, as to Jabin, at the brook of Kison: Which perished at Endor: they became as dung for the earth. **Sisera was a military commander of the Canaanite army who was killed with a tent peg through his head.**  
(Psalm 83:8-10)

# Russia fears another loss in Middle East from Iran's conflict with Israel

BBC, June 17, 2025

## EVENT

When Israel launched Operation Rising Lion, officials in Russia described the current escalation in the Middle East as "alarming" and "dangerous." However, **the longer Israel's military operation goes on, the greater the realisation that Russia has much to lose from current events. "The escalation of the conflict carries serious risks and potential costs for Moscow,"** wrote Russian political scientist Andrei Kortunov in business daily Kommersant on Monday. "The fact remains that Russia was unable to prevent a mass strike by Israel on a country with which five months ago [Russia] signed a comprehensive strategic partnership. "Clearly Moscow is not prepared to go beyond political statements condemning Israel, it's not ready to provide Iran with military assistance." In the last six months Moscow has already lost one key ally in the Middle East, Bashar al-Assad. The prospect of regime change in Iran, the thought of losing another strategic partner in the region, will be of major concern to Moscow.

## COMMENT

Russia does have much to lose in the war between Israel and Iran. In the last six months Moscow has already lost one key ally in the Middle East, Bashar al-Assad – who fled to Russia in fear of his life. And now the Iranian leadership is under threat as never before. Since October 7<sup>th</sup> 2023 Israel is slowly but surely destroying all of Iran's proxy armies. Hamas, Hezbollah, Houthis and now Iran's leadership as well. All of this weakens Putin's plans of becoming a dominant power in the Middle East through these enemies of Israel. The Bible says that Gog (Russian ruler) acts as a "guard" to protect Iran. Putin is warning the West and Israel about this war. He is trying to ward off those who want to see the regime fall. All this makes Putin even more dangerous.....

## BIBLE QUOTE

Persia, Ethiopia, and Libya with them; all of them with shield and helmet: Gomer, and all his bands; the house of Togarmah of the north quarters, and all his bands: and many people with thee. Be thou prepared, and prepare for thyself, thou, and all thy company that are assembled unto thee, and be thou a guard unto them.

# Prepare for a Middle Eastern energy storm

*The Telegraph, June 17, 2025*

## EVENT

Oil, currency and equity markets are treating all-out war between Israel and the Iranian regime almost as if it were a routine and contained Middle East spat, likely to blow over as so often before. It is nothing of the sort. Israel's Benjamin Netanyahu aims to overthrow Iran's clerical-military regime and talks openly of liquidating the supreme leader, Ayatollah Ali Khamenei. This is a fight to the death. **There is a very high risk that the US, Britain, and France will be drawn directly into the conflict – pitting the democracies against the coalescing confederacy of Iran, China, Russia and North Korea,** and its disturbingly large tail of semi-aligned states. The hybrid struggle between two rival blocs resembles the treacherous landscape before the Thirty Years War in 1618, and the First World War in 1914. All it takes is hubris and a few more errors to set off this slow-burning fuse. "Energy is now clearly in the crosshairs," said commodity chief at RBC Capital.

## COMMENT

Iran could shut the Strait of Hormuz as a way of hitting back against its enemies, a senior Iranian lawmaker said on Thursday, with a second member of parliament indicating Tehran would seal off the vital waterway if the US joined Israel's military strikes against the Islamic Republic. About 20 percent of the world's daily oil consumption — around 18 million barrels — passes through the Strait of Hormuz, which is only about 33 kilometers (21 miles) wide at its narrowest point. This impact globally on oil, currency and stock markets would be huge. The Bible says that Iran will in fact do this. Isaiah 21 specifically calls this event "The burden of the desert of the sea". We are told that Iran (Elam) will rise up and besiege. The sea that borders Elam is the Strait of Hormuz....

## BIBLE QUOTE

The burden of the desert of the sea. As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and the spoiler spoileth. Go up, O Elam: besiege, O Media; all the sighing thereof have I made to cease.

*(Isaiah 21:1-2)*

# Trump might be about to plunge the whole Middle East into war

*The Telegraph, June 19, 2025*

## EVENT

Reports that US president Donald Trump has authorised military action against Iran represents a significant escalation in the deepening crisis over the latest war to engulf the Middle East. According to reports circulating in the US media, the US leader gave private instructions to military chiefs in the situation room inside the White House on Wednesday. At the same time, Trump is insisting in public that he has made no final decision on whether or not to strike Iran, telling reporters: "I have ideas on what to do but I haven't made a final – I like to make the final decision one second before it's due." Nevertheless, the fact that Trump is giving serious consideration to launching military strikes against Iran with the aim of neutralising its nuclear programme marks a serious escalation in the deepening conflict over Iran's nuclear ambitions. The recent report by the International Atomic Energy Agency (IAEA), concluded Tehran has acquired sufficient stockpiles of enriched uranium to produce at least 10 nuclear warheads. This was what prompted Israel to launch its devastating assault on Iran.

## COMMENT

US President Donald Trump will decide whether or not the US gets directly involved in the Iran-Israel conflict within the next two weeks, the White House has said. Until then Israel continues to attack Iran on a daily basis and Iran continues to respond with missiles aimed at mainly civilian targets. There are two things to bear in mind with regard to Iran's future. Firstly something will happen that causes Iran to rise up and besiege the Persian Gulf and the Strait of Hormuz. That could be a Trump led attack on Iran's nuclear facilities. However, we also know that whatever happens Iran survives as an ally of Russia and will join forces with Russia when it invades Israel in the future....

## BIBLE QUOTE

Therefore all they that devour thee shall be devoured; and all thine adversaries, every one of them, shall go into captivity; and they that spoil thee shall be a spoil, and all that prey upon thee will I give for a prey. **This is the ultimate end for all those who try to devour Israel and try to take a spoil from her.... They themselves will be devoured.** (Jeremiah 30:16)

# Iran rules out new nuclear talks until attacks stop

BBC, June 20, 2025

## EVENT

Iran has said it will not resume talks over its nuclear programme while under attack, hours after Israel's defence minister warned of a "prolonged" conflict with the Islamic Republic. Foreign Minister Abbas Araghchi on Friday met European diplomats in Geneva who urged him to revive diplomatic efforts with the US over his country's nuclear programme. The Israeli army's chief of staff Eyal Zamir said in a video address that his country should be ready for a "prolonged campaign". Fighting has raged into the night with the Israeli military announcing a new wave of attacks against Iranian missile storage and launch sites after Iran launched missiles towards central Israel. Explosions were heard close to Tel Aviv, with missile interceptions visible over Israel's second-largest city. Reports say a building was set on fire in central Israel by falling shrapnel. US President Donald Trump said Iran had a "maximum" of two weeks to avoid possible American air strikes, suggesting that he could take a decision before the 14-day deadline he set on Thursday.

## COMMENT

Iran's desire to destroy Israel is an ideological one. It is the reason for the regime's existence. To bring an end to the "Zionist state". Which is why it has invested so much in the terror groups that surround Israel. Which is why ultimately any deal Iran makes is (as the Bible says) a "treacherous deal". If Iran possessed a nuclear weapon it would do anything it could to use it directly against Israel. This is why Israel has decided to try to end Iran's nuclear program. The Bible says Iran is obsessed with missiles and uses them without any pity, killing women and children. There are reports of many "miracles" where Iranian missiles (potentially killing 1000's) have only caused 24 deaths so far.

## BIBLE QUOTE

Behold, I will stir up the Medes against them, which shall not regard silver; and as for gold, they shall not delight in it. Their bows also shall dash the young men to pieces; and they shall have no pity on the fruit of the womb; their eye shall not spare children.
