# UN security council votes to endorse Donald Trump's Gaza plan

*The Guardian, November 18, 2025*

## EVENT

The UN security council has endorsed proposals put forward by Donald Trump for a lasting peace in Gaza, including the deployment of an international stabilisation force and a possible path to a sovereign Palestinian state. The resolution, passed by a vote of 13-0 with abstentions by China and Russia, charted “a new course in the Middle East for Israelis and Palestinians and all the people of the region alike”, the US envoy to the UN, Mike Waltz, told the council chamber. The inclusion of references to an independent Palestine was the price the US paid for backing from the Arab and Islamic world, who are expected to provide peacekeepers for an international stabilisation force (ISF). After the vote Hamas reiterated that it would not disarm, potentially pitting the militant group against the international force authorised by the resolution. “The resolution imposes an international guardianship mechanism on the Gaza Strip, which our people and their factions reject,” Hamas said in its statement.

**COMMENT** Hamas completely rejected the Security Council peace plan vote which says they must disarm. “Assigning the international force with tasks and roles inside the Gaza Strip, including disarming the resistance, strips it of its neutrality, and turns it into a party to the conflict in favour of the occupation [Israel],” the terror group said. Israeli Prime Minister Benjamin Netanyahu called for Hamas to be expelled from the region the day after the vote. Clearly there is going to be more trouble and conflict in Gaza to defang and remove the pricking brier that is Hamas. And it will be removed as the Bible says. The other element baked into this plan though is the creation of a Palestinian State. The removal of Hamas AND the portioning ultimately of Israel are both going to happen....

## BIBLE QUOTE

And there shall be no more a pricking brier unto the house of Israel, nor any grieving thorn of all that are round about them, that despised them; and they shall know that I am the Lord GOD.

# Netanyahu insists on no Palestinian state ahead of UN vote

*Independent, November 16, 2025*

## EVENT

Prime Minister Benjamin Netanyahu on Sunday vowed to oppose any attempts to establish a Palestinian state, a day before the U.N. Security Council is to vote on an American resolution that leaves the door open to Palestinian independence. Netanyahu has long ruled out Palestinian independence. But as the U.S. attempts to push forward with its Gaza ceasefire proposal, the Israeli leader faces heavy international pressure to show flexibility. The U.N. Security Council is expected to vote on Monday on a U.S. proposal for a U.N. mandate for an international stabilization force in Gaza despite opposition from Russia, China and some Arab countries. Netanyahu's hard-line governing partners have urged him to take a tough stand about the calls for Palestinian independence. Speaking to his Cabinet, Netanyahu said Sunday that Israel's opposition to a Palestinian state has "not changed one bit."

**COMMENT** Prime Minister Benjamin Netanyahu said Thursday that he will not accept the creation of a Palestinian state under any circumstances. Speaking in an interview with the Abu Ali Express Telegram channel, Netanyahu said the idea of Palestinian statehood remains off the table regardless of diplomatic incentives from Saudi Arabia. "There will not be a Palestinian state. It's very simple: it will not be established," he said. This puts Netanyahu on a collision course with Trump and Trump is starting to bring a Palestinian State into his Gaza plan. The Bible says Israel will be partitioned. Therefore either Netanyahu is pressured to change his mind – OR – there is a change of government. A more "left" leaning government – possibly after the inner ring war is over. Israel wins the battle but loses the war and is persuaded to give up land for peace.

## BIBLE QUOTE

10 Because, even because they have seduced my people, saying, Peace; and there was no peace; and one built up a wall, and, lo, others daubed it with untempered mortar:

The Hebrew word for "wall" here is "partition! Israel will be "partitioned – divided. See Joel 3:2 (Ezekiel 13:10)

# Saudi Arabia's MBS Demands Palestinian State Path Before Israel Normalization Deal

World News, November 18, 2025

MBS: CLEAR 2 STATE SOLUTION NEEDED FOR ABRAHAM ACCORDS

## EVENT

Saudi Crown Prince Mohammed bin Salman told US President Donald Trump on Tuesday that the kingdom wants to join the Abraham Accords but requires “a clear path” to Palestinian statehood before normalizing relations with Israel. Speaking alongside Trump in the Oval Office, MBS stated: “We want to be part of the Abraham Accords. But we also want to be sure that we secure a clear path to a two-state solution.” The crown prince added that Saudi Arabia seeks peace for both Israelis and Palestinians, who should “coexist peacefully in the region.” The Saudi position represents a towering obstacle to Trump’s normalization goals. MBS has consistently maintained that any deal with Israel must include concrete progress toward Palestinian statehood, a demand that has grown stronger since Israel’s ongoing genocidal campaign in Gaza. Saudi Arabia’s stance reflects broader Arab and Muslim world sentiment regarding Palestinian rights.

## COMMENT

President Trump welcomed the Saudi leader with promises of advanced F-35 fighter jets and a potential \$1 trillion investment package. But there is one major obstacle for Saudi Arabia – they insist on a Palestinian State being established before they enter the Abraham Accords. From Trump’s perspective there is a trillion dollar deal on the one hand and a Palestinian State on the other. The fact that the Trump administration is adding a Palestinians State into the Gaza plan shows that in principle he would grant this. And with a trillion dollar deal at stake and his “peace legacy” we can surely see how Israel one day will be pressured into partitioning the land. The Bible also says that Saudi Arabia (Sheba and Dedan) is allied to the UK and US (Tarshish and the young lions) at the time of the end and is an opposing force to Russia. Recorded in Ezekiel 38...

## BIBLE QUOTE

Sheba, and Dedan, and the merchants of Tarshish, with all the young lions thereof, shall say unto thee, Art thou come to take a spoil? hast thou gathered thy company to take a prey? to carry away silver and gold, to take away cattle and goods, to take a great spoil?

(Ezekiel 38:13)

# Syria condemns Netanyahu's visit to its Israeli-occupied south

Reuters, November 20, 2025

## EVENT

Israel's Prime Minister Benjamin Netanyahu visited Israeli troops deployed in southern Syria, drawing strong condemnation from the government in Damascus, which denounced the trip as a violation of sovereignty. Israel expanded its military presence in southern Syria after the ousting of Bashar al-Assad last December, seizing positions east of a U.N.-patrolled buffer zone that separates the Israeli-occupied Golan Heights from Syrian territory. Wearing a flak jacket and helmet, Netanyahu on Wednesday visited troops on Syrian territory, according to photographs published by his office. He reiterated Israel's commitment to protect Syria's Druze minority, whose community straddles the border into northern Israel. "We attach immense importance to our capability here, both defensive and offensive, safeguarding our Druze allies, and especially safeguarding the State of Israel and its northern border opposite the Golan Heights," Netanyahu told the troops, according to a statement from his office.

## COMMENT

The Islamist-led government in Damascus said Netanyahu's visit was "a dangerous violation of Syrian sovereignty and unity," and called it an attempt to "impose a fait accompli." The two countries have technically been at war since the creation of Israel in 1948, despite periodic armistices. Syria does not recognise the state of Israel. A Syrian military official said the visit showed Israel was not willing to relinquish any territory. "Netanyahu's visit sends a message: we won't withdraw from the areas we entered after December 8... Regardless of the security deal." The Bible says that there is conflict between Israel and Syria in the last days . Isaiah 17 says Damascus will be destroyed...

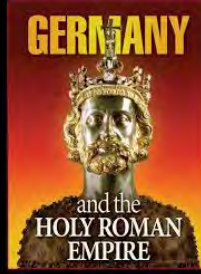

## BIBLE QUOTE

The burden of Damascus. Behold, Damascus is taken away from being a city, and it shall be a ruinous heap. The cities of Aroer are forsaken: they shall be for flocks, which shall lie down, and none shall make them afraid.

(Isaiah 17:1-2)

# Trump 'wants Germany to take command of Nato in Europe'

*The Times, November 19, 2025*

## EVENT

**The United States would like Germany to take over the command of Nato forces in Europe,** President Trump's envoy to the alliance has said. In remarks that elicited shock from a German Nato general seated next to him, Matthew Whitaker said it was Washington's long-term "aspirational goal" that Berlin should appoint the supreme allied commander Europe (Saceur) as Europe assumes more responsibility for its own defence. The Saceur has invariably been a four-star US general throughout the history of the alliance, ever since Dwight Eisenhower was the first commander to take the role in 1951. The role has been held by Alexis Grynkewich, a US Air Force general, since July. The White House first considered transferring the Saceur role to a European general in the spring, shortly after Trump returned to power. Trump is understood to have been talked out of the idea by senior Republicans in Congress after European diplomats asked them to intervene.

## COMMENT

The US ambassador to Nato said Trump fully understood the importance of the alliance and Washington's support for its central Article 5 mutual defence clause remained "ironclad". He then heaped praise on Germany for helping to broker the new Nato target for allies to spend 3.5 per cent of their GDP on the armed forces. Germany is highly significant with Bible in hand. It is the seat of the Western beast system that Revelation tracks throughout history. The Roman Empire collapsed in 476 AD. Its fall was mainly due to Germanic tribes. The Holy Roman Empire (HRE) which followed the Roman Empire was centred on Germany. Germany still has a role to play in the beast (empire) system of Revelation 17. We expect Germany to rise up again at the end....

## BIBLE QUOTE

And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast. These have one mind, and shall give their power and strength unto the beast.

# Putin backs US plan for ending Ukraine war as Trump gives Kyiv deadline to accept

BBC, November 21, 2025

## EVENT

President Volodymyr Zelensky says pressure on his country to agree to a new 28-point peace plan brokered by the US is causing **one of the most difficult moments in Ukraine's history**. He says Ukraine is now facing a choice between "losing its dignity or losing a key partner" - a reference to the United States. The leaked 28-point plan - drawn up by the Trump administration - proposes that Ukraine: Hand over territory that is not occupied, and would also see Russia holding onto much of the Ukrainian territory that is under its occupation - Crimea, Donetsk and Luhansk - Hold elections within 100 days - And reduce the size of its military and abandon hopes of joining Nato. These "peace terms", writes the BBC's security correspondent Frank Gardner, all put Ukraine in an impossible situation. Elsewhere, Vladimir Putin has backed Washington's proposals adding it can form the "basis of final peace settlement". Ukraine is to put forward its own peace plan, but there isn't much time as Donald Trump says he believes the deadline to agree his deal, should be, next Thursday.

## COMMENT

The pressure from Washington on Ukraine is now at a level unseen since March, when Trump temporarily cut weapons and intelligence sharing to Kyiv. Washington is now once again threatening to remove US support to Ukraine as part of the deadline imposed by Trump for Zelensky to respond to the 28-point plan by Thursday. There is panic in European capitals as they see the Trump plan as Ukrainian capitulation which will lead to further conflict with Russia in the future. We have long said in the WWW that the Ukrainian / Russian conflict will come to some negotiated standoff. We know this because the direction of Russia is south into Israel not into Europe.

## BIBLE QUOTE

But I will remove far off from you the northern army, and will drive him into a land barren and desolate, with his face toward the east sea, and his hinder part toward the utmost sea, and his stink shall come up, and his ill savour shall come up, because he hath done great things.

# ***Citing Golan Heights, Syrian president rules full peace with Israel – for now***

*World Israel News, November 11, 2025*

## **EVENT**

Syria's president said Monday that his country is not currently interested in establishing diplomatic ties with Israel, dashing the Trump administration's hopes of brokering a peace treaty between Israel and Syria in the near future. On Monday, Syrian President Ahmed al-Sharaa met with President Donald Trump in the Oval Office of the White House, marking the first time a Syrian ruler has visited Washington, and the second time the two leaders have met face to face. During their nearly two-hour-long meeting, Trump and al-Sharaa discussed Syria's inclusion in an international coalition against the ISIS terror organization, as well as efforts by the US to secure a border agreement between Israel and Syria, reestablishing a demilitarized zone on the Israel-Syria frontier and reducing tensions between the two countries. **Following the meeting, however, al-Sharaa told Fox News that Syria is not planning on entering the Abraham Accords, ruling out a broader peace deal with Israel at this time.**

## **COMMENT**

The Trump administration had hoped to capitalise on the momentum of the current security deal talks between Israel and Syria. The ultimate goal is to achieve the first-ever peace deal between Damascus and Jerusalem. Syria and Israel remain technically at war with each other. When the Assad regime fell about a year ago Israel took the opportunity to create a larger buffer zone in Syria and captured the area around Mount Hermon. The new Syrian leader (ex ISIS!) wants it back. Trump met Syria's president this week hoping that a peace deal could be achieved. The Syrian president ruled that out. With Bible in hand (Isaiah 17) we know that there is great destruction coming on Damascus... and Syria will fail as a nation. This hasn't happened yet – but it will happen

## **BIBLE QUOTE**

The burden of Damascus. Behold, Damascus is taken away from being a city, and it shall be a ruinous heap. The cities of Aroer are forsaken: they shall be for flocks, which shall lie down, and none shall make them afraid. The fortress also shall cease from Ephraim, and the kingdom from Damascus,

# Before talks with Trump, Saudi Arabia doubles down on terms for Israel ties

Reuters, November 10, 2025

## EVENT

U.S. President Donald Trump has been talking up the prospects of Saudi Arabia agreeing to normalise ties with Israel, but it is unlikely to happen when Saudi Crown Prince Mohammed bin Salman visits the White House this month. The establishment of diplomatic relations between Israel and Saudi Arabia after decades of enmity could shake up the political and security landscape in the Middle East, potentially strengthening U.S. influence in the region. Trump said last month he hoped Saudi Arabia would "very soon" join other Muslim countries that signed the 2020 Abraham Accords normalising ties with Israel. But **Riyadh has signalled to Washington through diplomatic channels that its position has not changed: it will sign up only if there is agreement on a roadmap to Palestinian statehood**, two Gulf sources told Reuters.

## COMMENT

The United Arab Emirates, Bahrain and Morocco have already normalised ties with Israel under the Abraham Accords, and Trump has said he expects an expansion of the accords soon. The one nation Trump wants in the Accords is Saudi Arabia. The crown prince of Saudi Arabia (widely known as MbS) is to visit Trump next week for talks. But MbS wants a credible pathway to a Palestinian state as a pre condition to joining the Abraham Accords. Trump has repeatedly expressed his admiration for MbS calling him "your greatest representative" and adding, "I like him a lot. I like him too much." . Trump is attracted to super wealthy monarchies sat on vast sovereign wealth funds. But MbS is holding firm to a Palestinian State – a partitioning of Israel. The Bible says Israel will be partitioned. Therefore, we can expect Saudi Arabia to influence Trump in this regard. After the inner ring war immense pressure will come on Israel to divide "the land".

## BIBLE QUOTE

# Netanyahu: War has not ended, those who seek to do us harm are re-arming

*The Times of Israel, November 10, 2025*

## EVENT

The war “has not ended,” Prime Minister Benjamin Netanyahu stresses in an address to the Knesset. “Those who seek to do us harm are re-arming. They did not give up their aim of destroying us.” Hamas “will be disarmed,” he promises. “Gaza will be demilitarized. It will either happen the easy way, or it will happen the hard way. But it will happen.” Netanyahu hints that Israel is growing closer to “more states in the region” than it ever has, and says that the public will hear more about it. He insists Israel wants “real peace,” while needing to **keep “the sword of David” in its hands**. He decries those on the far-left, Islamic extremists, some on the far-right and some in the media internationally who want to claim that Israel is a Goliath, and are depicting Israel as a destructive force and its enemies as a David. **“We are the David,”** he says, highlighting those trying to destroy Israel as an Iranian-led Goliath.

## COMMENT

It is really interesting with Bible in hand that Netanyahu has referenced David this week in relation to overcoming Hamas and Israel's nearby enemies who are rearming. He has once more vowed to totally disarm Hamas. Gaza will be demilitarised. He has also spoken about disarming Hezbollah another nearby terror group. But he then references “the sword of David”. So why is the comment interesting? Well Zechariah 12 tells us about the inner ring war. Verse 6 explains that the leaders of Judah will “devour” and burn up the “people round about” or “nearby”. Verse 8 says that God will defend the people of Jerusalem - the NLT version then says “the weakest among them will be as mighty as King David!”. In the inner ring war Jerusalem is kept safe. The nearby enemies are destroyed. Judas is mighty like king David. But Armageddon comes next.

## BIBLE QUOTE

On that day the Lord will defend the people of Jerusalem; **the weakest among them will be as mighty as King David!** And the royal descendants will be like God, like the angel of the Lord who goes before them!

# Iran seizes tanker in Strait of Hormuz, US official says, as tensions remain high in region

Associated Press, November 14, 2025

## EVENT

Iran seized a Marshall Islands-flagged oil tanker as it traveled through the narrow Strait of Hormuz on Friday, a U.S. official said, turning the ship into Iranian territorial waters in the first-such interdiction in months in the strategic waterway. Iran did not acknowledge the seizure, though it comes as Tehran has been increasingly warning it can strike back after facing a 12-day war in June with Israel that saw the U.S. strike Iranian nuclear sites. The years of tensions between Iran and the West, coupled with the situation in the Gaza Strip, exploded into a full-scale 12-day war in June. **Iran long has threatened to close off the Strait of Hormuz, the narrow mouth of the Persian Gulf through which 20% of all oil traded passes.** The U.S. Navy has long patrolled the Mideast through its Bahrain-based 5th Fleet to keep the waterways open.

## COMMENT

We need to watch the area of the Strait of Hormuz. It is arguably the most significant 20 miles strip of water in the entire world. That is because it is the most significant global chokepoint for the world's energy. About 20 million barrels of oil per day, or around 20% of the world's oil consumption, passed through the strait in 2024. If Iran closed this narrow strip of water it would have an immediate global inflationary shock and cause huge worldwide economic issues. Amazingly the Bible talks about the Strait of Hormuz and a terrible time of trouble that comes on the world at that time. Isaiah 21 talks about a sea that is next to Elam. Elam is south west Iran and runs alongside the Persian Gulf which is where the Strait of Hormuz is. Isaiah 21 says that Elam will besiege this sea. When Isaiah sees the impact of this he is filled with pain.... like a woman in travail.....

## BIBLE QUOTE

**The burden of the desert of the sea.** As whirlwinds in the south pass through; so it cometh from the desert, from a terrible land. A grievous vision is declared unto me; the treacherous dealer dealeth treacherously, and the spoiler spoileth. **Go up, O Elam: besiege, O Media;** all the sighing thereof have I made to cease.

# More than 20 of Putin's relatives given lucrative Russian jobs

*The Times, November 10, 2025*

Putin Sets Record for Nepotism  
With 24 Relatives in Key State  
Roles, Investigation Finds

## EVENT

President Putin has secured posts within the Russian government or state-linked companies for at least 20 of his relatives, a report has found. Besides relatives, Putin's ex-wife and former lovers have benefited from their relationship with the former KGB officer, the Proekt investigative website said. It said nepotism in Russia under Putin was likely to surpass every regime since that of Nicholas II, the last tsar, who ruled until 1917. The highest-placed official is Anna Tsivilyova, the daughter of Yevgeny Putin, the president's late cousin. She was named a deputy defence minister in 2024. Her husband, Sergei Tsivilyov, the ex-governor of the coal-rich Kemerovo region, had been appointed energy minister just a month earlier. Ukraine's military intelligence service believes she was appointed to spy on the defence ministry and report corruption and disloyalty directly to Putin.

## COMMENT

Many individuals with close personal ties to Vladimir Putin, often stemming from his time in St. Petersburg or the KGB, have been appointed to lucrative positions in major Russian businesses, particularly state-owned or state-linked corporations. These "cronies" have accrued immense wealth and power, often through state contracts and the acquisition of state assets at favorable terms. Putin's own relatives have also been given incredible wealth through association with the Russian president. So why is this interesting with Bible in hand? It is because it is specifically mentioned as one of the identifying marks of Gog – the latter day king of the north. Daniel 11:39 says “He [Gog] will honor those who submit to him, appointing them to positions of authority and **dividing the land among them as their reward**”. We see this happening right now...

## BIBLE QUOTE

he will worship the god of fortresses—a god his ancestors never knew—and lavish on him gold, silver, precious stones, and expensive gifts. ....He will honor those who submit to him, appointing them to positions of authority and **dividing the land among them as their reward**. **The king of Daniel 11:36-39 is Gog himself – the latter day king of the north.** (Daniel 11:38-39)

# 'We may have to evacuate Tehran': The catastrophe threatening Iran

*The Telegraph, November 12, 2025*

## EVENT

"May God protect this country from the enemy, from drought, from lies." Thus prayed Darius the Great, the ancient Persian emperor, in an appeal to the heavens inscribed on the tomb in Persepolis where he was laid to rest more than 2,500 years ago. The Islamic theocrats who run Iran today may not think much of Darius's Zoroastrian god, but they have every reason to hope his prayer was heard. For, just months **after surviving a punishing war with their own enemies, they are now facing a drought – made worse by their own lies – which could be more devastating than any Israeli or American bomb.** It is not clear that their own empire will survive. At the time of writing, Tehran's reservoirs are estimated to hold just nine more days of drinking water. If it does not rain soon, president Masoud Pezeshkian has warned, the capital city – home to 10 million people – may have to be evacuated. **The crisis is national and extraordinary. In the northeastern city of Mashhad, the second largest in Iran, reservoirs are down to less than three per cent of capacity.**

## COMMENT

Iran is facing its most severe water crisis in more than six decades. Major dams supplying drinking water to provinces with millions of residents are nearly empty, and groundwater reserves have been depleted. Many cities have endured an entire autumn without a single drop of rain. Authorities are considering the evacuation of Tehran, the Iranian capital, and its suburbs – an area home to more than 14 million people. With our faith that God is in control of weather and events here on earth it can not be coincidence that shortly after Iran's attacks on Israel they are now suffering drought like this. Ezekiel 14 speaks of God's prerogative to do this if a land sins against Him....

# How religion declines around the world

Pew Research Report Sept 2, 2025

## EVENT

Religious identity is fading in many countries. From 2010 to 2020, the share of the population that was affiliated with any religion dropped at least 5 percentage points in 35 countries. It dropped considerably more in countries such as Australia (17 points), Chile (17), Uruguay (16) and the USA & [Canada](#) (13). Drops in religious affiliation happens in the medium and late stages of a “secular transition” process. This transition unfolds slowly, as generations are replaced by less religious ones. Religion generally declines between generations in three steps: **1<sup>st</sup> stage** - generations differ primarily in their religious participation. country’s share of adults under age 40 who frequently attend religious services has dropped below the share of older adults who do so. Many African countries are currently in this early stage. **2<sup>nd</sup> stage**: generations differ in their religious participation, importance and belonging. In countries that are moderately religious, all three steps in the P-I-B sequence are visible. In the **3<sup>rd</sup> stage**, generations differ primarily in religious belonging. This is because the first two steps have been completed. The shares of older adults who attend services and who consider religion important in their lives are at low levels, similar to those of younger adults - less likely to identify with any religion.

## COMMENT

“Christadelphian numbers are also declining, similar to the trends seen in many other denominations, particularly mainline ones. The decline is attributed to factors like an aging membership, a lack of new members, and a general trend of secularization. While precise data on Christadelphian numbers is scarce, the situation mirrors the struggles of other groups, which have experienced significant membership losses. Christadelphian numbers are affected by an aging population, and it is noted that the group is not attracting enough new members to replace those who have left or died. Secularization: The overall decline in religious affiliation, also affects Christadelphians. This phenomenon is often linked to modern, secular education facilities, multiculturalism, and a shift towards “unchurched spirituality”. (AI search results)

# Pope Leo meets Palestinian President Abbas, to discuss two-state solution

*The Independent, November 6, 2025*

## EVENT

Pope Leo XIV met Palestinian President Mahmoud Abbas for the first time on Thursday, and the two men discussed the urgent need to provide assistance to civilians in Gaza and to pursue a two-state solution to end the conflict in the region. The meeting, which lasted about an hour and was described as “cordial” in a brief Vatican statement, comes nearly a month after the U.S.-brokered ceasefire agreement came into effect in the Gaza Strip. The pope and Abbas had not met in person previously. They had spoken over the phone in July to talk about developments in the conflict in Gaza and violence in the West Bank. In September, Pope Leo and his top diplomats told Israel’s president that a two-state solution was the “only way out of the war,” as the Vatican called for a permanent ceasefire in Gaza. Abbas was visiting the Vatican to mark the 10th anniversary of the signing of the “Comprehensive Agreement between the Holy See and the State of Palestine.”

## COMMENT

It wasn't until 1993 that the Vatican even recognised the State of Israel – 45 years after Israel was created. 5 years before that The Vatican implicitly recognised the Palestinian right to statehood when the PLO declared the State of Palestine. In 2015 the Vatican signed a formal treaty recognising the State of Palestine, becoming one of the first European-based sovereign authorities to do so. It is this treaty that Abbas was celebrating with the Pope this week. The Vatican has a lot to say about Jerusalem. The Vatican protested the 2017 U.S. decision to recognise Jerusalem as Israel’s capital. The 2015 Vatican agreement with the Palestinians specifically refers to East Jerusalem as being Palestinian. The Vatican will have a hand in the future partitioning of Israel which will also impact Jerusalem. This is why the Vatican is called out throughout prophecy....

# Turkey, Hamas team discuss next Gaza plan

Reuters, November 5, 2025

## EVENT

Turkish intelligence chief İbrahim Kalın met in Istanbul with senior Hamas official Khalil al-Hayya to discuss the next stages of the Gaza ceasefire, according to Turkish security officials cited by Reuters. The two reportedly focused on addressing “problems in the agreement” and reviewing mechanisms to sustain calm in the enclave following recent hostilities. Earlier in the week, Turkey hosted representatives from several Muslim-majority nations — including Qatar, Saudi Arabia, the United Arab Emirates, Jordan, Pakistan, and Indonesia — in a bid to coordinate regional efforts for Gaza’s stabilization. Officials said the goal was to establish conditions in which “Palestinians govern the Palestinians and ensure their own security,” a formulation that aligns with Washington’s broader vision for a postwar order in the territory. President Donald Trump has publicly praised Turkey’s engagement with Hamas, crediting Ankara for helping move ceasefire negotiations forward.

**COMMENT** President Donald Trump’s Gaza plan includes an international force to help secure a fragile ceasefire which began last month. Turkey wants to be part of this plan and send its own troops there. Israel has categorically said they won’t accept the presence of Turkish armed forces in Gaza. This week Turkey has issued arrest warrants for genocide against Israeli Prime Minister Benjamin Netanyahu and other senior Israeli officials. The once warm relations between Israel and Turkey have now become toxic. It is clear though that Trump sees Turkey in a far more positive light – often praising Turkish President Erdogan. The Bible says that Turkey joins an alliance with Russia and one day invades Israel. Turkey turning against Israel is leading up to this event...

# Israel launches heavy airstrikes on Hezbollah in southern Lebanon

*Euro News, November 7, 2025*

## EVENT

The Israeli military struck several towns in southern Lebanon, targeting Hezbollah's military infrastructure. Lebanon's government plans to disarm the group. The Israeli military struck several towns in southern Lebanon on Thursday, hours after militant group Hezbollah urged the Lebanese government not to enter negotiations with Israel over the group's disarmament. According to Israeli army Arabic spokesperson Avichay Adraee, residents of several towns on the Mediterranean coast and near the Lebanon-Israel border were given advance warning to keep a distance from residential buildings Israel was targeting, adding that they were used by Hezbollah. The Israeli military said "it targeted military infrastructure for Hezbollah in those areas, including weapons storage facilities ... constructed in the centre of civilian-populated areas." It accused the group of rebuilding its capabilities almost a year after a US-brokered ceasefire went into effect that ended some two months of intensive fighting.

## COMMENT

"We will not allow Hezbollah to rearm themselves, to recover, build back up its strength to threaten the state of Israel," Israeli government spokesperson Shosh Bedrosian said at a briefing Thursday. Israeli Prime Minister Benjamin Netanyahu signalled a major shift in military doctrine Monday. He said that Israel needs a larger military as the IDF shifts from mission of containment to initiative and "around-the-clock activity." The IDF, he said, can no longer react to developments in the field and instead take the "initiative." Netanyahu is saying that "containment" of nearby enemies is no longer the goal. The goal is taking the war – the initiative – directly to their enemies. Israel's nearby enemies will be removed and disarmed. This is still Zechariah 12 and Psalm 83 playing out....

# Putin prepares for first nuclear detonation tests since Cold War

*The Times, November 5, 2025*

## EVENT

President Putin has said Russia could carry out its first controlled explosions of nuclear weapons since the collapse of the Soviet Union in response to President Trump's announcement that the United States is set to resume its own tests. Putin made the announcement after he was told by Andrei Belousov, the Russian defence minister, that it was "advisable to prepare for full-scale nuclear tests". The move comes amid a deterioration in relations between Moscow and Washington over Putin's refusal to agree to a ceasefire in Ukraine. "I am instructing the foreign ministry, the defence ministry, the special services and relevant civilian agencies to do everything possible to collect additional information on the issue, analyse it at the [Russian] security council and make agreed proposals on the possible start of work on the preparation of nuclear weapons tests," Putin said in televised remarks.

## COMMENT

The Soviet Union carried out more than 200 nuclear tests, including the 1961 test of the 50 megaton Tsar Bomba, the most powerful atomic weapon ever to have been detonated. Moscow's last test explosion was in 1990. Trump said last week that Washington would restart nuclear testing for the first time since 1992. Putin's orders come as the last remaining nuclear arms control treaty between Moscow and Washington is set to expire in February. If this treaty is not renewed it will mean there are no nuclear agreements left in place. With 10,500 nuclear warheads between them the king of the north and the king of the south have the power to destroy the world many times over. But they won't. God will intervene before this happens by sending His Son...

## BIBLE QUOTE

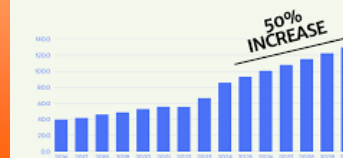

For there will be greater anguish than at any time since the world began. And it will never be so great again. **In fact, unless that time of calamity is shortened, not a single person will survive.** But it will be shortened for the sake of God's chosen ones. **The Bible is clear- without intervention not a single person would survive the time of trouble. But God does intervene!** (Matthew 24:21-22 NLT)

# Germany is arming itself to the teeth to transform Europe again

*The Telegraph, November 2, 2025*

GERMANY DEFENSE BUDGET SPENDING  
2016-2030 (USD BILLION)

## EVENT

In the face of Russian aggression, the German war machine is now rising once again – and showing it is a force to be reckoned with. Under radical reforms pushed through by Friedrich Merz, the Chancellor, Berlin has this year thrown off all fiscal constraints on defence expenditure to build Europe's most powerful army. The overhaul has paved the way for massive equipment purchases of tanks, artillery, fighter planes and warships costing hundreds of billions of pounds, as the Bundeswehr prepares to face up to the threat posed by Vladimir Putin. Overall, Germany spent more than €50bn (£44bn) on arms last year and it has drawn up plans to spend another €377bn on top of this. The historic expansion is set to transform Germany into a load-bearing support of Nato once again, with huge implications for continental security. "They are aiming for the largest and most powerful army in Europe, so in many ways they are going back to their traditional Cold War role," says Edward Arnold, of the Royal United Services Institute.

## COMMENT

Germany's military purchases last year added up to more than three times the combined amount spent by Britain, France and Poland in the same period. Germany's military rise is extremely poignant with Bible in hand. Revelation tracks the development of the iron empire of Rome. The Roman empire has evolved over time and must still exist in some form at the time of the end for there is still iron in the feet and toes of Daniel's image. But in what sense has it evolved? The key stages are - The Roman Empire, The Holy Roman Empire (1st Reich), The Germanic Empire (2<sup>nd</sup> Reich), Nazi Germany (3<sup>rd</sup> Reich), the EEC, the EU. And soon to come the 4<sup>th</sup> Reich – a resurrected Holy Roman Empire headed up by Germany. Described in Revelation 17..

# The looming threat to Israel

*The Spectator, November 7, 2025*

## EVENT

In the aftermath of war, a new front opens. Not in the ruins of Gaza's cities, but in the corridors of diplomacy, **where maps are redrawn** with words and allegiances. Israel now finds itself encircled not by tanks but by treaties, resolutions, and incentives: a web of international manoeuvres that promises 'stability' while redefining the terms of its own strategic freedom. At the centre of this recalibration is the United States, whose post-conflict blueprint projects a pacified region steered by pragmatism, compromise, and multilateral oversight. But beneath the rhetoric of reconstruction lies a more perilous logic: one that treats deterrence as destabilising and the survival instincts of **a sovereign state as obstacles to a larger design**. The campaign that follows the battlefield is being waged through normalisation overtures, hostage diplomacy, and a new lexicon of restraint. What it risks institutionalising is not peace, but paralysis. Israel now faces a dense web of diplomatic manoeuvres that frame the 'day after' not as a local reconstruction issue but as a **regional architectural redesign led by Washington**.

## COMMENT

This article is fascinating with Bible in hand. It describes what comes AFTER the inner ring war – the “aftermath of war”. It considers Israel's position at that time. It talks about “maps being redrawn”. It talks about a “sovereign state” being a obstacle to “larger design”. It talks about “regional architectural redesign”. All this is code for – Israel will be partitioned – broken up – divided – and the driver for this will be their once greatest ally – America. Instead of being victorious Israel will be manoeuvred into believing that the only way for peace will be “land for peace”. The Bible is clear that Israel's leaders (probably different to the ones in power now) will agree to the partitioning of the land...

## BIBLE QUOTE

they [Israel's leaders] have seduced my people, saying, Peace; and there was no peace; and one built up a wall [partition], and, lo, others daubed it with untempered mortar: Say unto them which daub it with untempered mortar, that it shall fall: there shall be an overflowing shower; and ye, O great hailstones, shall fall. # Hammas: No disarmament without Palestinian state

World Israel News, October 27, 2025

## EVENT

Hammas will not implement those clauses in the US-brokered Gaza peace deal which require the terror group to disarm, a top Hammas official said in an interview, unless a Palestinian state is established and Israel's presence in Judea, Samaria, and Gaza is terminated. On Sunday night, Khalil al-Hayya, the co-chairman of Hammas' politburo, spoke with Al Jazeera about the ceasefire in Gaza, Hammas' failure to return 13 slain hostages, and the future of the Gaza Strip. Despite pressure from the US on Hammas to disarm, in keeping with the terms of the Gaza ceasefire deal, al-Hayya declared that Hammas would not surrender its weapons any time in the foreseeable future, and conditioned any future disarmament on the establishment of a Palestinian state and the end of the "occupation," without providing details. Hammas' "weapons are linked to the existence of the occupation, and if the occupation ends, these weapons will be handed over to the state," he said.

## COMMENT

Israeli strikes in Gaza this week marked the deadliest day since the beginning of the ceasefire championed by US President Donald Trump. Prime Minister Benjamin Netanyahu instructed the military to carry out "immediate, powerful strikes in the Gaza Strip," his office said in a short statement. It comes as no surprise that Hammas is refusing to disarm. The terror group now link disarming to the establishment of a Palestinian state. Again this is no surprise as their own charter calls for the destruction of Israel and the establishment of a Palestinian state. With Bible in hand though we know that Hammas will be removed as they are a nearby people that Zechariah 12 says will be burned up. Psalm 83 says they will be destroyed like Sisera was destroyed. Amos says that palaces in Gaza will be burned up. Joel says Gazans will be deported.

## BIBLE QUOTE

In that day will I make the governors of Judah like an hearth of fire among the wood, and like a torch of fire in a sheaf; and **they shall devour all the people round about, on the right hand and on the left:** and Jerusalem shall be inhabited again in her own place, even in Jerusalem. *(Zechariah 12:6)*

# Israeli official: Hezbollah gearing up for renewed fighting

World Israel News, October 27, 2025

## EVENT

Israeli security officials are preparing for a renewal of conflict with Hezbollah, as the Lebanon-based terror group works to restore its infrastructure and regroup following a roughly yearlong conflict with the Jewish state. That fighting began shortly after the October 7 Hamas-led massacres. For about a year beginning in October 2023, Hezbollah launched near-daily explosive drone, rocket, and missile attacks on Israeli communities and military assets, the majority of which were located in northern Israel. The fighting forced tens of thousands of Israeli citizens to evacuate their homes, some of whom remained displaced for 18 months. Despite these accomplishments, Israeli security officials warn that Hezbollah is regrouping and has learned from both its mistakes and achievements during the conflict. The war concluded with a Biden administration-brokered ceasefire in November 2024, but intelligence sources now fear Hezbollah is preparing for a “future war.”

## COMMENT

Hezbollah is rebuilding its armaments and battered ranks, defying the terms of a ceasefire agreement and raising the prospect of renewed conflict with Israel, according to people familiar with Israeli and Arab intelligence. The rearmament is straining an agreement that ended a punishing two-month Israeli campaign against the group a year ago. Lebanon is required to start disarming Hezbollah in parts of Lebanon under the deal, before continuing to the entire country. But the group has since dug in its heels, saying its weapons are needed to defend Lebanon’s sovereignty. Hezbollah is another pricking brier – another nearby people – who want to destroy Israel. Like Hamas they will be removed in the inner ring war. The conflict with Hamas & Hezbollah is not over.

## BIBLE QUOTE

Yea, and what have ye to do with me, O Tyre, and Zidon [strongholds of Hezbollah], and all the coasts of Palestine? will ye render me a recompence? and if ye recompence me, swiftly and speedily will I return your recompence upon your own head;

# Syria demands Israel surrender entire Golan Heights

World Israel News, October 27, 2025

## EVENT

The new Syrian regime is demanding Israel cede control over the entire Golan Heights, including territory held by the Jewish state since 1967 and home to some 25,000 Israeli Jews. Since the fall of the Assad regime in December 2024, Israel and the new Syrian government have quietly negotiated a new security deal that would redefine the border between the two countries and put an end to the state of war that has lasted since Israel's establishment 77 years ago. Immediately after Assad's ouster, Israel seized control over a demilitarized zone established in the eastern Golan Heights in 1974 – in territory ceded by Israel to Syria after the Yom Kippur War. Israeli forces have also operated across southern Syria against terrorist groups, including Iranian-aligned militias and radical Sunni forces that have targeted Syria's Druze minority.

## COMMENT

On Friday Syria publicly demanded Israel cede the entire strategic plateau of the Golan Heights, an area Israel annexed in 1981 and that is home to some 25,000 Israeli Jews and more than 20,000 Druze. The first Trump administration recognised Israeli sovereignty over the area. Despite this, Syria's envoy to the United Nations, Ibrahim Olabi, told the UN Security Council that Damascus is seeking a full Israeli withdrawal – including from the entire Golan Heights. We read about great fire and destruction coming to both Lebanon AND Golan in Zechariah 11. God says that fire will devour the cedars in Lebanon. This is exactly the same wording as Zechariah 12v6 speaking of the inner ring war. But then in Zechariah 11 it says "howl ye oaks of Bashan". Bashan is another name for the area of Golan. Trouble is coming to this area it would seem at the same time trouble comes in Lebanon. Conflict with Syria is coming – maybe soon....

## BIBLE QUOTE

Open thy doors, O Lebanon, that the fire may devour thy cedars. Howl, fir tree; for the cedar is fallen; because **the mighty are spoiled: howl, O ye oaks of Bashan**; for the forest of the vintage is come down. There is a voice of the howling of the shepherds; for their glory is spoiled: a voice of the roaring of young lions; for the pride of Jordan is spoiled.

(Zechariah 12:1-3)

# King of Jordan warns against 'enforcing' Gaza peace deal

*The Times, October 27, 2025*

## EVENT

King Abdullah of Jordan has said that Arab states would object to “enforcing” a ceasefire in Gaza, as Washington struggles to assemble a 5,000-strong international force in the territory. Marco Rubio, the US secretary of state, said he hoped a force could be deployed as quickly as possible, as part of President Trump’s peace plan in Gaza. Arab countries, however, have questioned the proposed role of international troops in the Strip as they would not want to be perceived as occupiers working with the Israeli military, which has only partially withdrawn from the territory. “What is the mandate of security forces inside of Gaza? And we hope that it is peacekeeping, because if it’s peace enforcing, nobody will want to touch that,” Abdullah said in an interview with BBC Panorama.

## COMMENT

Under US President Trump's 20-point peace plan, Arab states and international partners are to commit stabilisation forces that "will train and provide support to vetted Palestinian police forces in Gaza, and will consult with Jordan and Egypt who have extensive experience in this field." King Abdullah of Jordan's comments reflect concern about being dragged into a continuing conflict between Hamas and Israel, or Hamas and other Palestinian groups. The king does not want to be seen allied in anyway to Israel in Gaza. If Jordan policed Gaza then it would look like it was on Israel's side. Jordan has the largest number of Palestinians in the region – over 2.3 million! The Bible makes clear that Jordan is drawn into the inner ring conflict. Psalm 83 speaks of Ammon, Edom and Moab - all areas of Jordan. In Zechariah 11 we have already mentioned Lebanon and Golan (on previous slides) but the next verse says “the pride of Jordan will be spoiled”...

## BIBLE QUOTE

# How Sudan is giving Russia the Red Sea

LBC, October 31, 2025

## EVENT

Sudan's transitional authorities are moving ahead with a long-term strategic cooperation agreement with Russia that would allow Moscow to establish a naval logistics hub on the Red Sea. This deal has triggered alarm among Western and regional powers concerned about expanding Russian influence in the region. According to a draft of the Strategic Cooperation and Comprehensive Partnership Agreement, reviewed by Erem News, the proposal grants Russia permission to build and operate a Naval Technical and Logistical Support Point (PMTO) at Port Sudan, one of the country's most strategically located harbours on the Red Sea. Under the draft, the facility would be limited to supplying, repairing, and refueling Russian warships. The agreement would remain in force for 25 years, automatically renewable for five-year periods, and would allow up to four Russian naval vessels to dock simultaneously. The maximum number of Russian military and technical personnel permanently based at the site would not exceed 300.

## COMMENT

This is extremely relevant with Bible in hand. Ezekiel 38 says that Cush (translated “Ethiopia” in the AV) is part of Russia’s alliance when it invades Israel. Cush is actually the ancient kingdom of Kush which is modern day Sudan. Wikipedia says “The ancient kingdom of Kush/Cush was centered in the region of Nubia, which is modern-day northern Sudan.” And now we see Sudan working with Russia to allow it to have a naval port on the Red Sea! In return for this, Russia will provide Sudan's armed forces with advanced defensive weapons systems, including air defence platforms, reconnaissance equipment, and armoured vehicles. The alliance between Russia and Sudan was prophesied 2500 years ago. We see all the pieces coming together...

## BIBLE QUOTE

I will turn you around, put hooks in your jaws and bring you out with your whole army—your horses, your horsemen fully armed, and a great horde with large and small shields, all of them brandishing their swords. Persia, **Cush** and Put will be with them, all with shields and helmets,

# Kremlin claims new 'Skyfall' nuclear-powered cruise missile success

*The Times, October 26, 2025*

## EVENT

Russia is preparing to deploy a nuclear-powered cruise missile after a successful test flight in which the weapon stayed airborne for 15 hours, President Putin said on Sunday. Described by the Kremlin as “invulnerable”, the Burevestnik missile is said by Russia’s military to have an effectively unlimited range because it is powered by a small nuclear reactor rather than a conventional, fuel-constrained jet engine. US intelligence sources previously claimed that multiple tests of the missile, designated Skyfall by Nato, had been unsuccessful. In 2019, an explosion in which at least five nuclear specialists were killed in northwest Russia may also have been linked to the weapon. Putin boasted that the Burevestnik was “a unique weapon that no other country possesses”. Experts had been sceptical it could be developed in a relatively short time after the project was announced seven years ago. “Substantial work” was still required to make the weapon fully operational but the key objectives had been achieved, Putin added. He then ordered Gerasimov to “begin preparing the infrastructure to base in our armed forces”.

## COMMENT

It has been a week of extreme nuclear sabre rattling from Russia. A nuclear powered missile is a new invention that means the missile can keep flying for much longer. Putin tested one this week and says it will soon be deployed. As if that wasn't enough Putin has also announced this week the successful test of Russia's Poseidon nuclear-powered submarine torpedo. Experts have warned that the Poseidon weapon is capable of generating a "radioactive tsunami". Following the breakdown of potential talks between Trump and Putin we are seeing Putin basically saying 'don't forget we are a nuclear power'. Putin is prepared to use “astounding devastation”....Daniel 8:24.

## BIBLE QUOTE

when rebels have become completely wicked, a fierce-looking king, a master of intrigue, will arise. He will become very strong, but not by his own power. **He will cause astounding devastation** and will succeed in whatever he does.
