# Israel elections: Netanyahu election win propels far right to power

BBC, November 3, 2022

## EVENT

The former Israeli prime minister Benjamin Netanyahu has begun coalition negotiations on forming a government, after winning a decisive majority in Israel's fifth election in four years with the help of ultra-Orthodox parties and a new alliance with the far right. After a year in opposition, and years of political chaos triggered by his ongoing corruption trial, the veteran politician engineered a comeback in Tuesday's vote. His majority means that the period of electoral deadlock is in all probability over for now, and Netanyahu – already the country's longest serving prime minister – is set to stay in the job for at least the next four years. Back in office, the 73-year-old's first priority will be seeking to get his trial dropped. He denies all charges. Netanyahu's conservative Likud party won 32 seats in the 120-seat Knesset, making it the largest party, and his bloc managed to win 64 seats overall, largely thanks to a doubling in support for the extremist Religious Zionists.

## COMMENT

Netanyahu looks set to be the new prime minister of Israel. Because of the way Israel's voting system works there is always a requirement for whoever wins the most votes to form a coalition with other smaller parties. Netanyahu will form an alliance with religious Zionist groups and what are called "ultra right wing" groups. Most of them believe (correctly) that the West Bank is part of Israel and should officially form part of Israel. All this means we could be seeing the Israel-Palestinian conflict flare up again soon. The Bible says that when Gog/Putin descends into Israel he comes to the "mountains of Israel". The mountains of Israel run directly through the West Bank which has led many to conclude that they will fully be part of Israel at that time. This election is significant...

## BIBLE QUOTE

and will cause thee to come up from the north parts, and will bring thee upon **the mountains of Israel**: And I will smite thy bow out of thy left hand, and will cause thine arrows to fall out of thy right hand. Thou shalt fall upon **the mountains of Israel**, thou, and all thy bands, and the people that is with thee  
(Ezekiel 39:2-4)

# Netanyahu is back, and the consequences are seismic

Daily Telegraph, November 3, 2022

## EVENT

Netanyahu now stands on the brink of forming a new government. His emergence as Israel's kingmaker owes much to the alliance that he has formed with hard-line religious groups, raising fears that a new Netanyahu administration will adopt a more nationalist agenda, such as annexing the West Bank. But while the main focus of the debate over his likely return to the prime minister's office in Jerusalem concerns Israel's domestic agenda, the revival in his political fortunes could also have **serious geopolitical implications**, especially in relation to the Ukraine conflict. Netanyahu expressed sympathy for Ukraine during the election contest, and called on Putin to stop the war. His desire, moreover, to see the conflict end will have increased because of the recent military alliance Moscow has formed with Iran, Israel's bitter enemy. There has been a significant uplift in Iran's military support for Russia's war effort in Ukraine since Putin visited Tehran in July, with Iran supplying drones and other military equipment.

## COMMENT

Not only could Netanyahu's victory have major consequences for the Israel / Palestinian conflict it could also impact the Ukraine war – and especially relations with Russia. When Netanyahu was last in power he was extremely friendly with Putin but that was before the war in Ukraine had started. Since the war began in February this year Netanyahu has publicly called for Putin to stop the war. But more than that Netanyahu is determined to stop Iran progressing to a new nuclear deal and getting a nuclear weapon. Iran's alliance with Russia over Ukraine could easily drive a wedge between Israel and Russia. At some point something is going to happen to completely breakdown the relationship between Russia and Israel which causes Putin to want to invade...

## BIBLE QUOTE

And thou [Gog] shalt come from thy place out of the north parts, thou, and many people with thee, all of them riding upon horses, a great company, and a mighty army: And **thou shalt come up against my people of Israel**, as a cloud to cover the land; it shall be in the latter days, and I will bring thee against my land,  
(Ezekiel 38:15-16)

# Russia said to threaten retaliation if Israel supplies defense aid to Ukraine

*The Times of Israel, November 4, 2022*

WHAT ARE ISRAEL'S STAKES  
IN PUTIN'S WAR?

## EVENT

Russia has warned Israel that it will retaliate if Jerusalem sends defensive weapons to Ukraine, according to US media. Citing two unnamed sources familiar with Russian policy, Bloomberg news reported that Russia would respond if Israel passed along air-defense systems directly or through a third party to Ukraine. The report did not specify what action Moscow might take. Jerusalem has seemed to warm to the idea of supplying defensive equipment as Iran supplies the Kremlin with attack drones. Prime Minister Yair Lapid told Ukraine's foreign minister in October that Moscow's ties with Tehran put "the whole world in danger." The Bloomberg report follows remarks made by former Russian president Dmitry Medvedev last month, who warned Israel against sending weaponry to Ukraine, saying it would **"destroy all diplomatic relations" between Jerusalem and Moscow.**

## COMMENT

Ukraine's President Volodymyr Zelensky has been calling on Israel to support Ukraine against the Russian invasion. "We are fighting against a new big union, Russia and Iran, and now I hope that Israel will help us, and will strongly react to this," he said. Israel has maintained a strict policy of not providing military aid to Ukraine. But Russia sees a change in stance in Israel and is threatening to retaliate if Israel does start assisting Ukraine further. The threats from Russia are coming from the top with dire predictions of what would happen if Israel sent air defence systems directly or indirectly to Ukraine. Israel's military technology is second to none and this clearly bothers Russia. Despite their small size Israel's involvement in Ukraine could help tip the balance even more against Putin. Once again Israel is in a pivotal position in the world.

## BIBLE QUOTE

I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will plead with them there for my people and for my heritage Israel, whom they have scattered among the nations, and parted my land.

*(Joel 3:2)*

# Iran Seeks Russia's Help for its nuclear program

CNN Nov 4, 2022

## EVENT

Iran is seeking Russia's help to bolster its nuclear program, US intelligence officials believe. The intelligence suggests that Iran has been asking Russia for help acquiring additional nuclear materials and with nuclear fuel fabrication, sources briefed on the matter said. The Iranian proposal has come amid an expanding partnership between Iran and Russia that in recent months has included Iran sending drones and other equipment to Russia for use in its war in Ukraine, and Moscow potentially advising Tehran on how to suppress a protest movement sweeping Iran, US officials said. Iran's uranium enrichment activities have gone far beyond the parameters of the 2015 nuclear deal and that the amount of time it would take for Iran to produce enough fissile material for a nuclear weapon has shortened to just months. The US Special Envoy for Iran, Rob Malley, said on Monday that the US still has "a preference for diplomacy". But, he added, "we will use other tools, and in last resort, a military option if necessary, to stop Iran from acquiring a nuclear weapon."

## COMMENT

The original entity styled the K of N in Daniel consisted of one of the four horns that took the place of the "notable horn" of the goat as seen in vision by Daniel. It was the horn that represented the Seleucid/Syria territory to the north of Palestine, and the power that ruled over it was called the "king of the North" That territory, along with that of the "K of S" horn (Egypt) was over run and absorbed into the Roman Empire about BC 63. It remained as a territory of, first Eastern Rome, then the Ottoman empire - both ruling from Constantinople, for 2000 years, until cut loose by the K of S "push" against the Ottomans in 1920. The power that occupies or becomes a major influence in it becomes the latter day K of N. To that end we observe Russia in that role and growing to once again become aligned with Iran - ancient Persia which, with Syria & Iraq, rounds out the complete former Seleucid "K of N" territory.

## BIBLE QUOTE

Thus says the Lord GOD, "Behold, I am against you, O **Gog**, prince of **Rosh, Meshech and Tubal. Persia (Iran)**, Ethiopia and Put... all of them with shield and helmet; - Ezek 38:3,5 NASB

# Saudis: Iran may attack the kingdom

AP November 2, 2022

## EVENT

Saudi Arabia has shared intelligence „,that suggests Iran could be preparing for an imminent attack on the kingdom. The heightened concerns about a potential attack on Saudi Arabia come as the Biden administration is criticizing Tehran for its crackdown on widespread protests and condemning it for sending hundreds of drones — as well as technical support — to Russia for use in its war in Ukraine. “We are concerned about the threat picture, and we remain in constant contact through military and intelligence channels with the Saudis,” the National Security Council said in a statement. “We will not hesitate to act in the defense of our interests and partners in the region.” The U.S. and Saudis blamed Iran in 2019 of being behind a major attack in eastern Saudi Arabia, which halved the oil-rich kingdom’s production and caused energy prices to spike. The Iranians denied they were behind the attack, but the same triangle-shaped, bomb-carrying drones used in that attack are now being deployed by Russian forces in their war on Ukraine. The Saudis have also been hit repeatedly in recent years by drones, missiles and mortars launched by the Iran-backed Houthi rebels in Yemen.

## COMMENT

Things are showing potential of heating up rapidly once again in the Middle East with an Iran/Russia coalition forming, coinciding with the re-election of Netanyahu in Israel. A few weeks previous, with regard to energy issues, the Saudis appeared to be moving onside with Russia and away from the US. If Iran enters the picture against Saudis, all this could very easily shift once again. The US has a lot of interests in Arabia, both military and business. Using biblical names, Saudi Arabia appears to line up at the end time with the King of the South, and in support of Israel. The “Most High rules in the kingdoms of men” says Daniel, and this is just another scenario in the signs of the times that bears watching.

## BIBLE QUOTE

Sheba, Dedan, [present day Saudi Arabia] the merchants of Tarshish, and all their young lions [altogether, the "King of the South"] will say to you [the "King of the North"], 'Have you come to take plunder? Have you gathered your army to take booty, to carry away silver and gold, to take away livestock and goods, to take great plunder? Ezek 38:13 NKJV

# Putin 'under threat' as rising Kremlin star confronts him in tense face-to-face meeting

Express Oct 29, 2022

## EVENT

A mercenary chief, thought to be a potential successor to Vladimir Putin, confronted the Russian leader face-to-face and criticised his mismanagement of the war in Ukraine, according to US intelligence. Yevgeny Prigozhin, the leader of the brutal private army, the Wagner Group, has challenged Vladimir Putin face-to-face over the failings in the war in Ukraine. The rare act of defiance, revealed by US intelligence reports, shows the growing influence of Mr Prigozhin within Kremlin circles. Earlier this week, the Institute of the Study of War (ISW) suggested that Mr Prigozhin's rise and the success of Wagner in Ukraine could "pose a threat to Putin's rule." The ISW report said: "Prigozhin continues to accrue power and is setting up a military structure parallel to the Russian Armed Forces, which may come to pose a threat to Putin's rule." They added that Wagner's victories on the battlefield were "undermining the authority" of Russian President Putin. Mr Prigozhin's mercenary army is the only Russian force in Ukraine which is seizing land, following a series of setbacks for the national army. In recent days, Wagner mercenaries have led the efforts to capture Bakhmut, a strategic town in the Donetsk region.

## COMMENT

Russia's war against Ukraine seems to take on new dimensions as each day goes by. It has upended the geopolitical order in a manner not seen since the fall of the Berlin Wall and the end of the Soviet Union; and there is obviously much more to come. This war and all its tentacles reaching into and affecting people and communities and resources and nations throughout the world is another seismic interaction of the "three frog spirits" described as being "adverse influences, producing signs and going forth to rulers of the earth and the whole world, to lead them to the battle of the great day of God Almighty". All the divisiveness and vitriol we observe going on, not only in the Kremlin, but also in the US, in the UK, in Europe, in China, in Iran, etc., is all about setting the focus on Armageddon. Lift up your heads, for your redemption draws nigh!

## BIBLE QUOTE

And I saw three unclean spirits like frogs come out of the mouth of the dragon (**military - Constantinople**), and out of the mouth of the beast (**financial - EU**), and out of the mouth of the false prophet (**ecclesiastical - Rome**). And he gathered them together into a place called in the Hebrew tongue Armageddon.  
Rev 16:13, 16

# World on 'brink of nuclear war', claims Russia

Daily Telegraph, November 2, 2022

## EVENT

Russia on Wednesday claimed that the world was on **the brink of nuclear conflict**, accusing the West of provocation. Western capitals have said Moscow is escalating nuclear tensions since the war in Ukraine began in February. Russia's repeated warnings of an impending nuclear conflict are seen as a way to dissuade Ukraine's Western backers from offering their continued support. The Russian Foreign Ministry said it feared the world's five nuclear powers were teetering "on the brink of a direct armed conflict" and that the West must stop "encouraging provocations with weapons of mass destruction, which can lead to catastrophic consequences". "We are strongly convinced that in the current complicated and turbulent situation, caused by irresponsible and impudent actions aimed at undermining our national security, the most immediate task is to avoid any military clash of nuclear powers," the ministry said in a statement. Senior Russian military leaders discussed the use of tactical nuclear weapons in Ukraine.

## COMMENT

Even if these remarks were just scaremongering by Russia it is still shocking to hear a nation talk about us being on the brink of nuclear war. Russia is being humiliated in Ukraine as it uses its conventional military equipment. The ace it has up its sleeve are nuclear weapons and with the total disregard Putin has for human life makes this a toxic mix. The Bible speaks of Gog (Russian ruler) in Daniel 11:36-39. One of the things we are told about him is that he will "prosper until the indignation is accomplished." The word "indignation" is interesting in the light of what is happening in Ukraine. The dictionary says it means "anger provoked by what is perceived as unfair treatment." This describes Putin's feelings exactly over the EU push east...

## BIBLE QUOTE

And the king shall do according to his will; and he shall exalt himself, and magnify himself above every god, and shall speak marvellous things against the God of gods, and shall prosper **till the indignation be accomplished**: for that that is determined shall be done.

(Daniel 11:36)

# Iran acknowledges sending drones to Russia for first time

Associated Press, November 5, 2022

**EVENT** Iran's foreign minister on Saturday acknowledged for the first time that his country has supplied Russia with drones, insisting the transfer came before Moscow's war on Ukraine that has seen the Iranian-made drones divebombing Kyiv. The comments by Iranian Foreign Minister Hossein Amirabdollahian come after months of confusing messaging from Iran about the weapons shipment, as Russia sends the drones slamming into Ukrainian energy infrastructure and civilian targets. "We gave a limited number of drones to Russia months before the Ukraine war," Amirabdollahian told reporters after a meeting in Tehran. Previously, Iranian officials had denied arming Russia in its war on Ukraine. Just earlier this week, Iran's Ambassador to the U.N. Amir Saeid Iravani called the allegations "totally unfounded" and reiterated Iran's position of neutrality in the war.

**COMMENT** Russia has used Iranian Shahed-136 "kamikaze" drones - named after the Japanese suicide pilots in World War Two because they get destroyed on impact - to hit critical infrastructure sites across Ukraine. President Zelensky has accused the Kremlin of "energy terrorism" for leaving 4.5 million Ukrainians without power as Russia attacked the country's electricity grid. Iran has finally admitted it has supplied these killer drones to Russia. Iran is being stirred up and it is only time before it activates its militia terrorist organisations around Israel. Ukraine is the focus of the world at the moment but at some point Israel will be. Iran will seek to obliterate Israel using its proxy forces but that initial inner ring war will be defeated by Israel. Iran then joins Russia in invading Israel....

**BIBLE QUOTE** Behold, I will stir up the Medes [Iranians] against them, which shall not regard silver; and as for gold, they shall not delight in it. Their bows also shall dash the young men to pieces; and they shall have no pity on the fruit of the womb; their eye shall not spare children.

*(Isaiah 13:17-18)*

# US demands action over North Korea missile launches

The Times, November 4, 2022

**EVENT** The United States called for a meeting of the United Nations security council tonight as Kim Jong-un's unprecedented missile barrage prompted fears of a nuclear "haystack" attack on the Korean peninsular. For the first time in five years Washington was set to demand that Moscow and Beijing exert pressure on Kim not to resume nuclear testing, even as officials in the United States concede that Pyongyang is making "preparations" for such a test. However, **with Beijing and the Kremlin at loggerheads with the other permanent members on the council — France, Britain and the US — there was little chance of agreement over North Korea, which has been covertly supplying Russia with a "significant" number of artillery shells for its war in Ukraine**, a conflict that China has failed to condemn. About 23 North Korean ballistic missiles were launched on Wednesday alone, the highest number recorded. In a further escalation, Pyongyang also organised a mass flight of 180 warplanes today, prompting South Korea to scramble 80 military aircraft in response.

**COMMENT** It is interesting that at the same time tensions are increasing with Russia and the West we now have tensions increasing with North Korea as well. The Korean peninsula is split into two nations. North Korea and South Korea. North Korea is backed by Russia and is totalitarian and authoritarian. South Korea is backed by the United States and is democratic and capitalist. As Russia is pressured by the West it has actually turned to North Korea for weapons. This in turn strengthens North Korea's hand and hence it is launching missiles. King of the North and South could be also be played out in Korea...

**BIBLE QUOTE** Proclaim ye this among the Gentiles; Prepare war, wake up the mighty men, let all the men of war draw near; let them come up: Beat your plowshares into swords, and your pruninghooks into spears: **let the weak say, I am strong.**

(Joel 3:9-10)
